

Highlights

The Eastcraft is part of a collection based on a rich racing heritage fueled by innovative technology to create the ultimate sport performance sunglass that transcends multiple sports disciplines. Eastcraft comes equipped with a full-shield mirror lens and includes a set of clear dual replacement lenses.

Standout Features:

- Designed in California
- Unique lens change mechanism with V-latch to lock and unlock the lens
- Removable side shields for additional protection from the elements
- Interchangeable lenses - every lens color offered is available in both shield & dual lens configurations
- Hydrophobic and Oleophobic lens treatment repels water, dirt and oil
- Also available with contrast-defining HiPER lens and photochromic lens

ULTIMATE VERSATILITY

The V-latch mechanism on the Eastcraft makes it easy to shift from a shield to a dual-lens configuration and all of our replacement lenses are offered for Eastcraft in both lens setups.

Rely on premium sunglasses by 100% if you're looking for quality and efficiency.
