

Steel-O-Flex Microflex 6615K

Technology

- 15 mm thick, overlapping steel shells protect the internal steel cable
- Plastic coating to prevent damage to the bicycle's paintwork

Operation and use

- Good protection at low theft risk
- Recommended for securing entry-level bicycles and children's bicycles

Transport

- Snap Cage bracket for universal mounting (bracket only available with locks with SCMU note)

Tips

- Due to the steel shells, the Steel-O-Flex™ locks reach a significantly higher security than common cable locks, yet maintaining high flexibility (Double Protection)
-
