

Folding Lock BORDO™ Big 6000

Technology

- 5 mm thick bars, extra-soft two-component coating to prevent damage to paintwork
- The bars and body are made of specially hardened steel
- Bars are linked with special rivets
- ABUS Plus cylinder for a high level of protection against tampering, e.g. picking

Operation and use

- Great protection for when there is a medium risk of theft
- Recommended for securing good-quality bicycles

Transport

- Easy transport thanks to a practical bag
- Flexible mounting with rubberised non-slip Velcro straps or screws on the bottle holder

Tips

- This lock can be ordered with other keyed-alike locks, all of which are operated using the same key or locking method
- BORDO™ family: Perfect combination of durability, flexibility, weight and transport dimensions
- The length of the lock (120 cm) offers the possibility to connect one or more bikes conveniently to fixed objects
