

Brake disc lock GRANIT™ Quick 37/60 Maxi + Mini

Technology

- 11 mm padlock with shackle protection (13 mm with the Pro version)
- Double-locking mechanism securing the shackle in the lock body
- The shackle, the sleeves in the cover, the lock body and the structural parts of the locking mechanism are manufactured using specially hardened steel
- Excellent grip thanks to the rubber inlays on the side
- ABUS Plus cylinder for exceptionally high levels of protection against manipulation attempts such as picking
- Two keys are included in the scope of delivery, one of which is an LED torch key
- ABUS Code Card for additional and replacement keys
- A Memory Clip to prevent you from accidentally pulling away with the motorbike still locked is included

Operation and use

- Great protection where there is a medium risk of theft
- Recommended for attended car parks or short stays

Transport

- A carry case is included in the scope of delivery

Tips

- You can order a keyed alike system of several (not all) different lock types. All locks of this keyed alike system can be open by the same key.
- To increase security during longer parking times, you should lock your motorbike to a fixed object with an additional lock
- This lock is also available in a shorter "Mini" version
