

Chain Lock Steel-0-Chain™ 9808

Technology

- 8 mm thick square chain
- The chain, the lock body and supporting elements of the locking mechanism are made of specially hardened steel
- Automatic keyhole cover to prevent corrosion and the ingress of dirt
- ABUS Plus cylinder for high protection against manipulation attempts, e.g. picking

Operation and use

- Good protection at medium theft risk
- Recommended for securing good bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object
