

Installation Instructions
Part 15373-471
GL1500 Lower Side Covers

NOTE: Read Instructions carefully before installing. The left and right hand front side covers have 3 bosses that fit into corresponding holes in the frame.

1. Place motorcycle on the center stand.
2. Remove the left and right side covers by releases the cover at the back and bottom positions.
3. Then pull the cover back to release the front mounting boss.

NOTE: Put small amount of oil on the grommets. Reinstall the side cover.
