

MOUNTING INSTRUCTION FOR PART NUMBER 45-1846 GPS/Radar Mounting Kit

1. Place bike on center stand.
 2. Remove the 6mm socket head screws from the clutch or brake perch.
 3. Place the new 6x55 mm socket head screws through the mount, into the spacers and back into the perch and tighten screws.
 4. Use the extra bolt provided to attach additional devices or drink holder.
- Note : Use lock tight on set screw if necessary.
