

## XLMC2C

Arkon RoadVise XL Motorcycle Phone Mount for iPhone 7 6S 6 Plus Galaxy Note 5 S8 Galaxy Tab Retail Chrome

### DESCRIPTION:

Arkon's RVMC2C premium motorcycle handlebar mount features Arkon's RoadVise XL large phone and midsize tablet holder, which holds devices (even those with skins and ruggedized cases) up to 5" wide. The mount fits Apple iPhone 7 Plus, iPhone 6S Plus, iPhone 6 Plus, Samsung Galaxy Note 5 and Note 4, Galaxy S7, S6, and S5, LG G6 and G6+, G5, and G4, Google Nexus 6 and Nexus 5, HTC One M9, One M8 and One Max, Nokia Lumia 1520 and 1020, and Motorola Moto G. This mount is not recommended for phones without a case measuring 2.64 inches wide or less, including iPhone 7 or iPhone 6. The mount also fits midsize (7-8" screen size) tablets measuring up to 5" wide, including Galaxy Tab E 8.0, Galaxy Tab S 8.4, Galaxy Tab 3 7.0 and 8.0, and Google Nexus 7. The mount's solid construction provides strength and reliability on the road by featuring a spring-loaded mechanism that expands to securely hold devices up to 5" wide. Arkon recommends using the RoadVise XL Holder with devices with skins and ruggedized cases. The low-profile holder keeps rear smartphone cameras free for spontaneous pictures or videos. The motorcycle phone holder is easy to install. Just snap it onto the 17mm ball of the pedestal and use the included tightening ring to secure. Available in chrome or black (see Arkon Model XLMC2B) finishes, the mount is made of aluminum and features a solid design. The mount fits on handlebars measuring up to 31.75mm or 1.25 inches in diameter and is easy to install with the included hex key. (Three handlebar spacer/adaptor rings of different widths are also included with the mount. Choose the appropriate size for optimum mounting to your handlebar.) Garmin GPS devices can also be mounted by simply removing the holder and revealing the 17mm ball mount base. It's a solid mount solution that's perfect for your needs.
