

# introducing the only ratio adjustable brake lever for Brembo Radial Brake Systems

*Stainless Steel main pivot bushing for precision fit and longer wear*

*Adjustable pivot ratios in 18, 19, or 20 mm*

*Roll-pin removal tool and optional ASV Spring-clips for easier servicing*

*Available Colors*

*Micro reach-adjust with 180 increments over a 4" range.  
Accessible to rider's index finger while riding.  
Eliminates the need for a remote-adjust.*

*Unique ASV pivot design allows lever to fold out of harms way in the event of a tipover.*

**C/S SPORT  
CNC MACHINED  
5-YEAR GUARANTEE**

*Standard or shorty lengths available.*
