

Suitable for:

KTM SX-F 250 2013-2015

HUSQVARNA FC 250 KTM ENGINE 2014-2015

STANDARD BORE Ø78mm / 250 cc.

**CYLINDER
COMPLETE PISTON KIT
GASKET KIT**

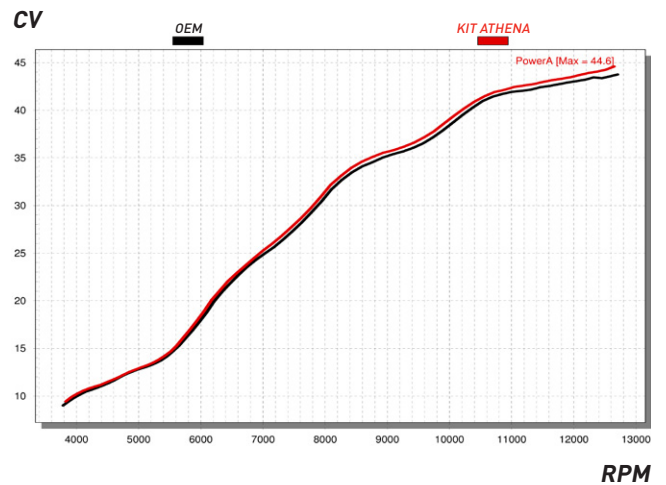

Part Number: **P400270100014**

The New standard bore cylinder Kit for **KTM SX-F 250** replace the OE cylinder and piston with a BOLT-ON version, in other words it can be installed without any crankcase modification. The cylinder is match with a forged piston which is lighter than the OE, to reach best performances and reliability. The gaskets have been developed using last generation technologies; in particular the multilayers head gasket provides a new system of reliefs that guarantees a perfect seal even at high temperatures.

EASY CYLINDER KIT

**OFF ROAD CYLINDER KIT MADE OF:
ALUMINIUM OE BORE CYLINDER AND GASKET KIT**

EC270-016

The **Kit Easy Cylinder** is composed by the standard diameter cylinder and the top end gasket kit, both necessary components for your engine repair. From now on, besides the complete cylinder kit range, you can choose a reduced kit which is even cheaper than the original loose cylinder, but with the same quality.
