

BAKUP-USA

Installation Guide

Yamaha Royal Star Tour Deluxe Driver's Backrest

1. Remove the driver's seat.
2. Remove the two bolts for the fender support that are located on each side of the slot for the rear hold down for the driver's seat.
3. Slide the backrest from the side between the frame and the spacer stand off's for the rear fender so that the holes align.
4. Re-install the bolts.
5. Re-install the driver's seat.
6. Adjust to your liking.
