

BAKUP-USA

Installation Guide

**BMW R1200RT Passenger Backrest
FITS WITH LUGGAGE RACK ONLY**

- Place your bike in a safe position.
- Remove the pillion seat.
- Remove the two screws in front of the luggage rack and the rear of the pillion seat compartment.
- Place spacers on the top of the holes were the screws were removed.
- Place your backrest over the front of the luggage rack so that the holes in the legs on the backrest align with the spacers. Install the two screws provided.
- Reinstall the pillion seat and adjust to your liking.
