

MOUNTING INSTRUCTIONS

Bungee Buddy
Part No. 10500

Bungee Buddy

1) Open your Chase Harper Bungee Buddy

2) Place your cargo (groceries, helmet, duffle bag, etc.) on the rear portion of your seat or tail section. Distribute the weight evenly, keeping heavier objects as low as possible.

3) Center netting of **Bungee Buddy** over the load, so that netting is stretched tight enough to secure the load.

4) Determine desired mounting points.

5) Position the hook about 5" above where you plan to connect it to the motorcycle, by sliding the luggage end of the bungee cord in a downward direction (to tighten) or the free end down (to loosen). Pull tight to secure under claw. (fig.1)

6) Hook to mounting point.

SUGGESTED MOUNTING POINTS:

- FACTORY FRAME HOOKS
- FRAME
- SEAT RAIL
- REAR FOOTPEG BRACKETS
- USE YOUR DISCRETION

IMPORTANT:

**NEVER OVERLOAD YOUR MOTORCYCLE
OR THE BUNGEE BUDDY!**

**CHASE
HARPER
USA**

ADJUSTABLE BUNGEE HOOK

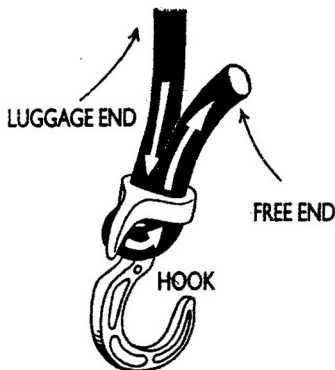

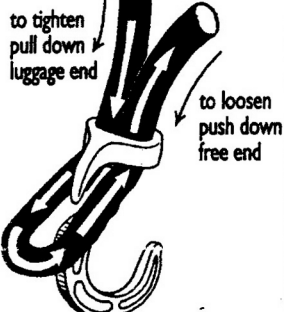

fig. 1

When bungee cord length is correct for your application, pull the FREE END up until bungee cord is snug on the back of the hook
