

3100 SADDLEBAGS

MOUNTING INSTRUCTIONS

Attach the left and right saddlebags together via the Velcro mounting harness

Place saddlebag set over passenger seat, luggage rack, or rear fender depending on motorcycle set up

Adjust mounting harness to elevate the position of the saddlebags as high up as possible

Unclip retainer loop straps from saddle bags and fasten to secure mounting points such as rear turn signals and passenger foot pegs

Reconnect all retainer loop straps to saddlebags and adjust straps allowing the saddlebags to firmly 'hug' the sides of the motorcycle

CAUTION:

- DO NOT exceed load limit of 10 lbs per side
- DO NOT place saddlebags closer than 3" from exhaust
- DO NOT ride with only one saddlebag side installed
- Be sure to distribute weight evenly and load the heaviest items at the bottom of the bag
- Perform a walk-around before each ride to verify that all straps are tightened and secured properly

MOUNTING HARNESS

CHASE HARPER USA

CLEANING AND MAINTENANCE

Chase Harper USA luggage is constructed from high quality industrial grade ballistic nylon that is treated to repel water, dirt and stains, which makes cleaning easy. Clean with mild soap and light-pressure water using a nylon-bristled brush or microfiber cloth. For best results, clean the entire bag, not just the soiled area. Stubborn stains may be treated with Simple Green®, Fantastik®, Woolite®, 409®, or similar cleaning product. Foaming upholstery cleaners made for wool-nylon blend fabrics also work well. After your fabric has been cleaned, spray with Scotchgard® to maintain water, dirt and stain resistance properties.

*Note: When using any commercial cleaning product, follow the manufacturer's directions carefully.

WARRANTY INFORMATION

For peace of mind we offer a lifetime warranty on all of our products. If you need to claim against the warranty, please contact us and we'll guide you through the process. Be advised sun damage is not covered under the warranty.

When sending an item in for repair, please wash the bag prior to shipping. If the item arrives dirty, a \$20 cleaning fee may be applied to the repair. Also, be sure to include a note with the item that states the damage description along with your contact information including phone number, email, and return shipping address so we can send updates on your repair.
