Your saddlebag supports will install in just a few minutes using common tools. Read all instructions carefully and completely before installing your new saddlebag supports.

1. Remove your stock fender rail bolts and washers.
2. Install your Cobra saddlebag supports using the stock bolts, but not the washers (where the stock bolts were removed), the saddlebags should hang towards the rear and away from the motorcycle.
3. Torque bolts to factory specifications.

** Cobra recommends you always wear a helmet while riding. Please never operate your motorcycle while under the influence of alcohol and/or drugs. Enjoy the new look of your motorcycle and please ride safely.*
