

TKC 70

New TKC 70 combines the best of the TKC 80 off-road tire and ContiTrail-Attack 2 on-road adventure tire.

- Brand new Conti tire with rugged offroad capability and a balanced street performance.
- Newly developed trail-tire with a radial and diagonal design constructed for off-road use with a speed index up to 240 km/h - all radial tires are handmade in Germany.
- TKC 70 is positioned for light to medium off-road use with extraordinary street performance.
- Uniquely constructed tread block pattern makes the TKC 70 quiet and stable on the road while still providing good off-road capability.
- Agile on streets and safe on gravel roads.
- MultiGrip: Continentals own semi-dual compound technology allows different levels of hardness on the central tread and shoulder area (more mileage and improved grip).
- RainGrip: New compound with outstanding wet grip and very short warm-up time.
- The 0° steel-belt construction guarantees high stability and a low kickback.

	170/60 R 17 M/C	72	V	TL M+S	02 44 384	*
	180/55 ZR 17 M/C	(73)	W)	TL M+S	02 44 465	**
18"	4.00 - 18 M/C	64	T	TL M+S	02 40 248	
	150/70 R 18 M/C	70	T	TL M+S	02 44 387	

* Speed index V (up to 240 km/h) despite M+S label

** Speed index W (up to 270 km/h) despite M+S label

MultiGrip

Makes it possible to use a homogenous grip grading with a single compound thanks to temperature controlled curing of the tire during the production process. • besserer Grip dank flexibler Schulterbereiche

- Shoulder area, flexible = Grip
- Central tread area, wear resistant = Mileage
- Continuous transition

ZeroDegree

0° steel-belt construction guarantees excellent stability at high speeds.

RainGrip

Optimized compound for superior wet grip, which is made possible by a specially activated silica compound. This ensures optimum grip right down to the microscopic level of the road surface.

Handmade in Germany

For generations nearly all of our radial tires have been produced with great passion, skill and expertise in Korbach on the beautiful lake Eder.
