

HANDGUARDS FAQ:

Q >> What make CYCRA handguards the leader in protection?

A >> We only use the highest quality virgin material for maximum strength and our injection mold process ensures a precise fit and finish.

Q >> What make CYCRA bars the strongest?

A >> Each bar is made from billet construction and machined out instead of being bent.

Q >> What are the best clamps to use with the newer Pro-Taper bars?

A >> "T2" U-Clamps - Part Number: 1156-02

Q >> What are the best clamps to use with Neken bars?

A >> "T2" U-Clamps - Part Number: 1156-02

Q >> What are the best clamps to use with Renthal FAT bars?

A >> "T2" U-Clamps - Part Number: 1156-02

Q >> What are the best clamps to use with standard Renthal bars?

A >> Standard U-Clamps - Part Number: 1151-02

Q >> What are the best clamps to use with Renthal Twin Wall bars?

A >> Twin Wall U-Clamps - Part Number: 1350-02

Q >> What are the best clamps to use with Magura bars?

A >> "T3" U-Clamps - Part Number: 1153-02

Q >> Which bar ends should I use when mounting CYCRA handguards?

A >> CYCRA handguards come with universal bar ends, which include fittings for both aluminum and steel bars. Also sold separately - Replacement Part Number: 1053-02

Q >> What is the best CYCRA wrap around hand guard system for a lower cc bike (85cc, 150cc, 230cc)?

A >> CYCRA Series One Probend with U-Clamps are the best for use on smaller bikes with shorter bars. Composite Probend Handguards are the 2nd best option for the lower cc bikes.

Q >> Are Probend Bars, Probend CRM bars and mounting options sold separately?

A >> Yes. All bars, mounting options, and replacement hardware can be purchased separately.

Q >> Can I buy just one clamp or Probend / CRM bar (Left side or Right side only)?

A >> No. Unfortunately these parts are only sold as pairs

BODY FAQ:

Q >> How does CYCRA develop the innovations in technology in their products?

A >> The ideas come from our "Never Stock, Never Replica" philosophy and motto. Each product is then crafted with precision through each stage of the development process and vigorously tested by today's top teams.

Q >> How do I mount my Probend / CRM bar to my motorcycle?

A >> Please check out our installation videos located under Technical Support.

Q >> How do I mount my 2014-2016 YFZ shrouds?

A >> Please check out our [Installation Instructions](#) located under [Technical Support](#).
