

Helmet Care

- If You Experience A Serious Blow Or Damage To Your Helmet, Please Contact The Manufacturer, Destroy The Helmet Or Replace It.
- We Recommend Cleaning the Exterior Of All Helmets (Except Leather Covered) With Mild Soap And Warm Water. Use a Soft Cloth To Prevent Scratches And DO NOT USE Any Solvents or Chemicals.
- For Leather Covered Helmets, Any Basic Leather Conditioner Will Work.
- To Clean All Face Shields, Please Use Mild Soap And Warm Water. Use A Soft Cloth And DO NOT USE Any Solvents Or Chemicals.

Thank You,

Daytona Helmets
