

DR_x Beasley's™

Your Detailing Prescription

Keep product from freezing. Only for use on painted surfaces.

1. Prep paint surface by first washing car with Dr. Beasley's Premium Body Wash.
2. Shake Premium Body Conditioner well.
3. When car is still wet apply an even layer of Premium Body Conditioner to the entire surface of your vehicle.
4. Let sit on surface for about ten seconds then rinse off.

Before applying, test a small amount in an inconspicuous place to check compatibility with surface.
