// RIDERS 3

Based in Southern California, Dubya was founded by John Anderson and Kristin White Anderson to be your number one source for *all things wheel*. The daughter of White Brothers founder, Tom White, Kristin named Dubya as a play off the letter “W” found in the family name.

John Anderson, himself a White Brothers employee for nearly 20 years, has decades of experience with professional-grade wheel components and racing. Their experience, combined with Dubya’s status as the Exclusive Importer and Distributor of high quality components like Talon Hubs and Sprockets and Kite Performance Products makes Dubya the ideal source to satisfy you or your customers’ needs.

All Dubya wheelsets begin with a Talon or Kite hub, which are then laced to your choice of D.I.D or Excel rims using ultra-strong Bulldog or Kite spokes by our skilled staff. Our wheelsets have been tested by top athletes in everything from Supercross to Supermoto, and have proven time and again that they are the best in the business.

We offer one day turnaround on all wheelset orders, even on custom jobs!

In addition to our pre-made and custom wheelsets, Dubya also distributes Talon Groovelite sprockets and footpegs, Kite footpegs, and axle blocks, Motostuff’s Oversize Brake Kits, Galfer USA’s complete line of off-road brake components and kits, and stock wheel lacing services.

We hope you find your new Dubya Catalog a valuable resource for all things wheel and thank you for your business. As a family company who prides itself on relationships, we appreciate all of the support we have received from our Dealers, Customers, Vendors and Race Teams. We look forward to working with you to provide the highest quality wheel components and service.

Talon was started by the Sartin Family in 1972 in Yeovil, England. As of today, Talon has produced over 250,000 Hubs and over 1 million Sprockets. Talon stocks over 75,000 Sprockets at all times. Talon products have won over 100 World Championships.

With 40+ years and over 100 world titles, experience counts for something. All Talon hubs are made in England to the highest quality standards. Talon offers the widest range of aftermarket hubs: from the smallest 50cc motorcycle hubs to the KTM 990 twin disc front hubs, extra-wide cush drive rears and everything in between, Talon has you covered.

The original Billet Series Talon hubs offer the strongest construction and longest warranty on the market. Talon hubs have a 36 hole construction offering superior hub strength to other brands in 32 hole. All Talon hubs feature a "3 cross" lace pattern which offers superior strength.

Kite is based in Mandello Del Lario, Italy also famous for the Moto Guzzi factory. Kite began in 2003 as a joint venture between two companies.

38 ABOUT KITE //

In 2008 Kite won their first World Championship in the Enduro field with Mika Ahola and since then they have earned 14 World Championships in both MX and Enduro.

4 stroke triple clamps and component pieces. In 2006 hubs and wheels were introduced and became the core business of Kite. Their work experience includes working with companies such as Ferrari. In the beginning Kite was only producing 2-stroke cylinder heads and they later progressed into OMB, a company with high precision CNC machines and over 30 years experience and Team3d an engineering and CAD/CAM software dealer with 15 years of experience.

RIMS

OE REPLACEMENT

- >> **D.I.D Dirt Star Original Rims** are a Great Value in a High Quality Race Rim. Dirt Star Rims are designed to be stronger than stock (OE) replacement rims for Motocross Racing and Trail Riding and they are compatible with manufacturer's hubs, spokes and nipples. Dirt Star Rims not only look great but they're high quality rims available now at an affordable price. Rims available in Black and Silver.
- >> **D.I.D Dirt Star STX Rims** are designed for world class Supercross, Motocross and Enduro Racing. They are available for all manufacturers and compatible with OE parts, or can be laced to Talon and Kite Hubs. The STX rim is 15% stronger with a minimum weight gain. Rims available in Black.
