CARVE CANYONS

A worker in a light blue shirt and dark cap is inspecting a tire in a factory setting. The background shows industrial machinery and a control panel with two gauges. The text is overlaid on the image.

EVERY DUNLOP TIRE IS HAND INSPECTED BEFORE IT LEAVES THE FACTORY. (100% OF TIRES THAT LEAVE THE FACTORY ARE QUALITY INSPECTED.)

A dimly lit workshop scene where two men are examining a large, detailed model of a tire tread pattern. The man on the left, wearing a dark polo shirt, is pointing at a specific feature of the tread with his right hand. The man on the right, wearing a dark t-shirt, is looking intently at the model. The background shows various tools and equipment, including a red tool hanging on the wall. The overall atmosphere is professional and focused on technical inspection.

THESE TIRES ARE DESIGNED TO OFFER A BALANCE OF PERFORMANCE AND VALUE.

A black and white photograph of a busy highway. The left side of the image shows a dense traffic jam with various cars and a large white truck. The right side shows a motorcycle rider in a helmet and gear riding smoothly in the right lane. The road has dashed white lines and a diamond-shaped symbol on the pavement. A sign on the right edge of the road is partially visible with the text 'CAR', 'OR', 'PER', and 'VE'.

GREAT HANDLING AND WEAR CHARACTERISTICS MAKE THIS TIRE IDEAL FOR YOUR EVERYDAY COMMUTE.

### Value

Designed to offer a balance of performance and value.

### Handling

Because bikes are meant to lean over.

ULTIMATE GRIP WHEN YOU RIDE HARD.
