

# MOJAVI SADDLEBAG™

## MOUNTING INSTRUCTIONS

**NOTE:** Failure to follow recommended mounting and installation instructions voids warranty. Manufacturer is not liable for any damage, injury or death that results from improper use and installation of products. By installing these products, user accepts all liabilities, terms and conditions outlined in the Liability & Warranty statement included here.

### PRE-FITTING & QUICK MOUNTING YOUR MOJAVI SADDLEBAG™

#### 1 POSITION YOUR MOJAVI SADDLEBAG

Take a few minutes to familiarize yourself with the MoJavi Saddlebag and how it will mount to your motorcycle. Stuff your MoJavi Saddlebag's pockets to fill the bag's volume, allowing you to see the tailored shape and to become familiar with the bag's fit on your machine. Although the MoJavi is designed to mount behind the seat, it can be positioned differently on every motorcycle make and model and according to each rider's preferences. Lay stuffed Saddlebag centered across back of bike. Experiment with Saddlebag positioning on bike. Look for unobstructed connection locations, adequate heat protection with Hot Springs Heat Shield and plenty of clearance so the Saddlebag does not interfere with the safe operation of your motorcycle.

Giant Loop highly recommends installing one or more of the included Hot Springs Heat Shields to prevent any and all parts of your MoJavi Saddlebag and/or side panels from making direct contact with exhaust components.

We recommend using the optional GL Mounts to secure your saddlebag to existing bolt-mounted points, keeping straps away from hot exhaust components.

#### 2 SECURE SIDE MOUNTS

Look carefully at all your potential connection positions. Connect the two side mount points directly to the subframe or frame, making certain the straps cannot slide up and become loose. Avoid wrapping straps around metal edges that can wear through webbing, and provide plenty of clearance around exhaust components.

#### 3 REAR MOUNTING OPTIONS

##### Fender Hooks

##### Fender Hood Mounts

On fenders where the fender hooks can be secured to the edges, simply place the fender hooks on the fender edges and tighten using the heavy duty hook-and-loop on the top center of the MoJavi Saddlebag. Position MoJavi Saddlebag 3-4" farther back than you want it to mount, then when side anchor straps are tensioned the MoJavi Saddlebag will slide forward, spreading the fender hooks and tensioning them tightly to the rear fender.

Note: Once the MoJavi Saddlebag is securely installed and tightened, you can cut off the excess webbing. Be sure to leave enough strap and hook-and-loop material to make a strong connection (approximately 3" minimum overlap). Carefully cut between the stitching rows and use a lighter to melt cut ends to prevent fraying.

##### Installation Using Optional Webbing Anchor Strap

Disconnect hook-and-loop webbing and remove fender hooks by pulling them through the bottom.

Remove one side of the included anchor strap's side release buckle, then thread webbing anchor strap through base of MoJavi Saddlebag as shown.

Re-thread the webbing through the buckle.

##### OPTION A

##### Tail Rack Mounts

Thread one end of the webbing anchor strap down and under - or through - rack. Then pass end through the top of the MoJavi Saddlebag and secure tightly by drawing webbing tight.

##### OPTION B

##### Sandwich Webbing Between Fender And Under Fender Support

Loosen the bolts on underside of fender, allowing you to separate the fender enough to insert the webbing between the fender and the fender support. Retighten the fender, tighten and secure webbing with buckles. When MoJavi Saddlebag is not mounted, keep loose ends secured with included buckle.

##### OPTION C

##### Mount Using Footman Loop(s)

Simple modifications, such as installing stainless steel hardware are also good tail anchor options. Install a GL Footman Loop far enough to the rear of the fender to allow the saddlebag to sit properly behind the rear of the seat once the front straps are tightened.

On some bikes the front of the Saddlebag can be simply tucked under the seat back and held in place with tension on the side straps.

## MOJAVI SADDLEBAG™ PACKING TIPS

- The MoJavi Saddlebag is Adventure Proof - not waterproof. Pack gear in plastic bags or waterproof sleeves inside the rugged outer Bombshell™.
- Do not overstuff or over-load the MoJavi Saddlebag. The challenge should be to pack as little as necessary to be safe, comfortable and self-sufficient. Go light. Go fast. Go far.
- Take care to pack the heaviest gear as low as possible, preferably below the seat line, with weight balanced from side-to-side. Your bike will handle far better with weight positioned as close to the center of the bike as possible.
- Pack extra fuel in 2-liter bottles that fit in side pockets. (Part #GC-070-058).
- To avoid wearing through the MoJavi Saddlebag from vibrations, pack all sharp and/or hard items inside a protective layer. For example, create a sleeve for tire irons from a section of old inner tuber, pack tools in rolls and wrap other hard items in clothing.

### RECOMMENDED OPTIONAL ACCESSORIES

#### Vinyl Protective Film

Prevents scuff and scratches on plastics and body panels beneath Saddlebag.

#### Ochoco Enduro Tail Pack

Straps onto top center of MoJavi Saddlebag to expand gear capacity.

#### Klamath Tail Rack Pack

Attaches to top center of MoJavi Saddlebag and fender/tail rack, like a tank bag for the tail of the bike.

#### Gas Bag Fuel Safe Bladder

Conveniently carry up to 1 gallon for off-road racing.

#### Gas Bag Fuel Safe Bladder

Conveniently carry up to 1 gallon for off-road racing.

#### GL Mounts

Stamped and coined stainless steel quick mounts keep anchor straps away from hot exhaust.

### TERMS OF USE, LIMITED LIFETIME WARRANTY AND LIABILITY WAIVER

Giant Loop LLC, an Oregon company, having its principal place of business in Bend, OR ("Giant Loop") offers its motorcycle bag (the "Product") with the terms, conditions and notices as follows:

#### TERMS OF USE

This Product is offered to you conditioned upon your acceptance without modification of the terms, conditions, and notices contained herein. Installation and/or use of this product implies acceptance of all such terms, conditions, and notices. If you do not agree to these terms, do not buy the Product. If you have already bought the Product and do not agree to these terms, return this Product promptly, including the packaging and all written materials, to Giant Loop.

#### LIMITATION OF LIABILITY AND LIMITED LIFETIME WARRANTY DISCLAIMER

Giant Loop offers a money-back guarantee provided the Product is returned, in unused condition with original receipt, within 30 days of purchase. Giant Loop reserves the right to subtract a 15% re-stocking fee from the refund amount. Standard shipping fees will apply to exchanged items and are paid by the customer. If you receive damaged or defective goods or items that you did not order, the items must remain unopened and unused so we can credit you in full, including return shipping if it is a result of our error, mishandled shipping or manufacturer's defect.

Giant Loop provides to the original purchaser a limited lifetime warranty against defects in materials or craftsmanship if purchased directly from a Giant Loop authorized dealer. This warranty covers defective materials and craftsmanship only, and does not include damage due to normal wear and tear or misuse. Failure to comply with the included instructions for this Product will void the limited lifetime warranty. If defects in the materials or craftsmanship of the Product exist, notify Giant Loop immediately of the defect. Giant Loop will provide for repair or replacement of the Product, after Giant Loop has determined, in our sole discretion, that a defect is present. Proof of purchase is required to utilize the limited warranty provisions.

Excepting the warranties stated in the preceding paragraph, Giant Loop hereby disclaims all other warranties and conditions with regard to the Product including all implied warranties and conditions of merchantability and fitness for a particular purpose. There are no warranties which extend beyond the description on the face hereof. Giant Loop does not warrant against damages or defects arising out of use or installation of the Product. Installation instructions are provided for your convenience. Giant Loop is not responsible for any damages arising out of the installation, improper or otherwise, of the Product. No warranty of any kind, expressed or implied, is made regarding the safety of this Product.

To the extent allowed by law, Giant Loop shall not be held liable for any direct, indirect, punitive, incidental, special or consequential damages arising out of, or connected with, the use or misuse of this Product. Buyer assumes all risks and liability arising from use of this Product.

#### ENTIRE AGREEMENT

This document states the entire obligation of Giant Loop with respect to the Product. If any part of this agreement is determined to be void, invalid, unenforceable or illegal, including, but not limited to the warranty disclaimers and liability limitations set forth above, then the remainder of the agreement shall remain in full force and effect.

#### APPLICABLE LAW

This agreement is governed by the laws of Oregon, USA. You hereby consent to the exclusive jurisdiction and venue of the courts of Oregon, USA, in all disputes arising out of or relating to the use of this product.
