Four great product lines, one lasting commitment to quality. All four of these product lines have the Big Bike Parts® name behind them, guaranteeing the best in quality, at reasonable prices. Big Bike Parts® is constantly on the cutting edge in bringing new styles and design statements to today's most popular motorcycles. Staying on top of the game is easy when you have the desire and commitment to be the best. The following pages are full of accessories for touring and cruiser motorcycles to ATV vehicles — quality products that are sure to capture the attention of everyone interested in motorcycling and the outdoors.

Harley Tour-Pac Rack
BBP #91-306, pg 94

"Chrome is flawless and replaced my aging Harley rack and the holes matched up perfectly!"

Filter Wrench
BBP# 4-201, pg 50

"I was able to change the oil and filter without having to remove the front cow on my GL1800 Gold Wing. The wrench is long enough to provide adequate leverage and it's nice only having to use a single tool for an oil change."

- GL1800 GOLD WING

Helmet Headset
BBP #13-201, pg 4

"LOVE IT! Highly recommend to anyone wanting to try a good, affordable system, and the installation was relatively simple in modular helmets. It works great on my Gold Wing at all speeds...."

- GL1800 GOLD WING

Can-Am RT Spyder Cover
BBP# 4-475BC, pg 32

"This cover is great for anyone who owns a Can Am RT model bike. The pocket for windshield is a perfect fit and does the job for protecting it from scratching. The two openings the back of the cover are properly placed to allow antennas for radio and cb to go through the cover. For anyone owning a Can Am RT this is a must have item."

- BLUE TRIKER

Hopnet™ King Cooler Saddlebag Liner
BBP# HDKC, pg 36

"The cooler works awesome filled it at 7 am with ice and bottles of water and juice drove in 80 plus degree weather all day the ice was finally all melted 12 hours later and even chilled a bottle of wine while driving to the hotel and had no leaks. Best money I ever spent."

- TOWMAN2000

Black Powder Coated Belly Pan
BBP #52-817BK, pg126

"Easy install and looks great. This is second pan I gotten. first for 2008 Gold Wing and the second for my 2015. It was easy to install. glad they had this one in black, to keep to blackout of my bike. It looks good and protect bottom of bike."

- ENTERPRISE, AL

Tridium LED Fog Light Kit
BBP #52-916, pg 112

"The new Tridium lights seem very good to me. Your ads say that they are 200% brighter, comparing them to 35 watt halogen fog lights. They are definitely brighter than the RFL lights. If I had to guess, I would say about 20% brighter. And, the beam pattern is better in my opinion."

It still has a nice flat cutoff at the top but, it spreads out wider for better side of the road light and they provide more light directly in front of the bike. The white running light and turn signal portion is smaller than the RFL but more intense. So, I like the look of the BBP unit. Plus, the fact that they are completely plug and play is another advantage over the RFL!"

Waterproof Stereo Sound System
BBP# 13-250A, pg 4

"Amazing Quality Sound System! Works as advertised can be heard flying down I-% up in the PNW! Love that it will turn itself off if it doesn't get a signal within 8-10 seconds! Fairly simple to install & great support from the manufacturer! Love this product! If I buy another bike that doesn't already come with a sound system...I will get this one hands down! - WA

Tour Trunk Rack for Can-Am
BBP# 41-155, pg 174

Nice rack. Hardware fits well. Spacers are tapered just right. Looks well made. Nice finish. Good value. Good instructions. Easy install.

Waterproof Sound System

This compact high fidelity waterproof sound system is available in either chrome or black, both styles offer a Bluetooth or non-Bluetooth option. All options include our waterproof volume control, which features a universal 3.5mm aux-in connection for iPod, mp3, and satellite radio. Our waterproof 40 watt class D amplifier and custom engineered waterproof 2 1/2" speakers deliver unprecedented sound quality that is unmatched by more expensive systems. Multiple mounts for 7/8" or 1" handlebar, mirror, and flush mount brackets are included with each kit allowing you to mount this kit to almost any ATV/UTV/Motorcycle/Snowmobile or other power sports vehicle.

Pole with Red Crown	16-6R	Each
Replacement Amber Crown	16-6AT	Each
Replacement Red Crown	16-6RT	Each

Clear Lens with Amber LEDs

Dimension 3-1/2"L x 1-1/4"W x 1/2"H.

Fitment	Part No.	Unit
Clear Lens	16-117A	Pair

Starburst LED Marker Lights

These chrome finished lights can be used as marker lights or turn signal lights. Mount with M8 x 1.25" x 35mm long mounting stud. Small (1-5/8" x 2-1/2" long) size allows the ability to mount anywhere on bike. Each marker light contains 20 mini LED's. Comes in two colors red and amber. Requires Dual Load Equalizer (BBP # 13-304A) or LED Digital Flasher Relay (BBP # 13-306) when using as turn signals.

Fitment	Part No.	Unit
Amber Light	16-111A	Pair
Red Light	16-111R	Pair

Marker Lights

Chrome finish 12 volt marker lights. Bottom mount design allows for forward, left, right or upside down mounting to any location where a neat marker light will add that special touch. Small (2-1/4" x 1-1/4") size with amber lens.

Description	Part No.	Unit
Light with Amber Lens	16-4	Each
Replacement Amber Lens	16-4L	Each

Amber Eagle Eye Turn Signal

Chrome Eagle Eye LED has a M8-1.25 x 35mm L mounting stud. Each Turn Signal contains 34 LEDs. E-Mark approved.

Description	Part No.	Unit
Medium Eagle Eye - Measures 1-1/4" x 3-5/8" L	16-113A	Pair

LED Torpedo Turnsignal

This pair of amber LED Torpedo Turnsignals is a great custom look for your cruiser or chopper. These bright LED Turnsignals are E-Mark approved and mount easily with a universal M8 threaded stem. Light measures 1-1/8" diameter x 3-1/8" long. Use with a load equalizer.

Description	Part No.	Unit
LED Torpedo Turnsignals	16-118A	Pair

LED Dual Conversion Harness

Show Chrome Accessories® is providing cruiser riders everything they need to replace and convert OEM turn signals to Show Chrome Accessories® LED lights with Cross Feed and Dual Conversion. The LED cross feed prevention harness is for single indicator motorcycles to eliminate cross feed from left to right turn signal. The Single Indicator LED Splitter is required when using Show Chrome Accessories® marker lights, 16-111A, 16-111R, 16-113A, and 16-114R or any aftermarket LED lights as turn signals. The LED Dual Conversion Harness allows LED Marker Lights to operate as running and turn signal lights, such as Show Chrome Accessories® 16-111A, 16-111R, 16-113A, and 16-114R. One harness is needed for each individual light. This item is not required with Show Chrome Accessories® Conversion Kits.

Description	Part No.	Unit
LED Dual Conversion Harness	13-307	Each
LED Cross Feed	13-308	Each

Trailer Wire Harness

Trailer wiring becomes a snap using this wire harness for Honda Valkyrie models. The harness comes with connectors that install quickly using only a pliers. The wires also come color coded to allow for quick reference to trailer connections.

Fitment	Part No.	Unit
Honda Valkyrie	51-344	Each

License Plate/Lighting

NEW LED Mini Driving Lights

LED now available in Big Bike Parts® Mini Driving Lights with built in visors. These LED Lights are powered by a high-output, high intensity Litespan LED reflector bulb producing 400 Lumens from its 12 volt 7 watt 6 LED 4000K bright white color. These non-dimmable Litespan LEDs provide a concentrated 20° beam putting more light down the road in front of you for a true Mini Driving Light capability. These die cast Chrome or Black Satin universal LED Mini Driving Lights are 3 3/4" long with a 2 3/8" diameter that can mount to existing light bars with the 8mm threaded stem. Set screw bezeling allows for complete rotation of the visor.

Description	Part No.	Unit
3-1/2" 55W Halogen Spot Light. DOT Approved.	16-35A	Each
Replacement Lense for 16-35A	16-35L	Each

Dual Load Equalizer

This Dual Load Equalizer is designed to allow for use of LED turn signals in place of incandescent turn signals. When replacing front or rear incandescent lights with LED's you will notice a fast flash rate that will be reduced to a stock flash rate when utilizing this part. Does not require replacement of the stock flasher module. Item splices into existing turn signal system.

Fitment	Part No.	Unit
Universal Fitment	13-304A	Each

Quad Load Equalizer

This Quad Load Equalizer is designed to allow for use of LED turn signals in place of incandescent turn signals. When replacing front and rear incandescent lights with LED's you will notice a fast flash rate that will be reduced to a stock flash rate when utilizing this part. Does not require replacement of the stock flasher module. Item splices into existing turn signal system.

Fitment	Part No.	Unit
Harley-Davidson, Honda, Kawasaki, Suzuki, & Yamaha	13-314	Each

LED Flasher Relay

LED flasher Relay is used when replacing incandescent turn signals with LED turn signals. This unit slows fast flash rate when replacing incandescent front and/or rear turn signals with LED's. Plug 'N' Go.

Description	Part No.	Unit
LED Flasher Relay For Most Honda Cruisers	13-306	Set

NEW Universal Light Wire Harness Kit

Big Bike Parts® offers an easy solution for connecting driving or fog lights that do not come with a wire harness by offering our wire harness kit without lights. This Universal Wire Harness comes with two illuminated rocker switches allowing you to choose from either the rectangular 1/2" x 3/4" cut out switch or 7/8" round switch. Includes a separately fused power source and isolation relay, making this wire harness kit truly separate from the vehicles electrical system.

Description	Part No.	Unit
Universal Light Wire Harness Kit	16-126	Kit

Brake Light Modulator

Big Bike Parts® Brake Light Modulator with universal fitment. This compact aluminum housed modulator converts your ordinary brake light into an attention-grabbing visual alert device, creating more visibility when you are braking. With the modulator installed, applying your brakes will cause your brake light to automatically emit a visual alert signal of 4-8 short light flashes depending on what mode you select. There are four easy to set visual alert modes: Mode 0 = 4 Flashes then Solid Brake; Mode 1 = 4 Flashes then 4 Second Solid Brake with Repeating Pattern; Mode 2 = 8 Flashes then Solid Brake; and Mode 3 = 8 Flashes then 4 Second Solid Brake with Repeating Pattern. This Brake Light Modulator has a 10 amp capacity and attaches with double-sided adhesive tape and connects with supplied connectors. It is completely universal and a great product to have on your motorcycle to improve safety and visibility.

Description	Part No.	Unit
4 Mode Brake Light Modulator	16-201	Each

Headlight Modulators

The pathBlazer™ headlight modulators are available through Big Bike Parts®. The pathBlazer™ is known around the world for its quality construction and the increased safety it brings to the rider. Designed as a plug & play unit, installation can be accomplished in about 15 minutes. The unit is designed to constantly modulate for improved daytime visibility. Available for H4 headlights as used on GL1500 Gold Wing. Not compatible with LED bulbs. Made in the USA.

Fitment	Part No.	Unit
GL1500 Dual Headlights H4	KE-150GW	Each

General Accessories

TireGard™ Handlebar Mount Tire Pressure Monitoring System

This design incorporates a large 1-5/8" x 1-1/8" LCD display screen mounted in a slim 2-7/16" x 2-5/8" x 3/4" monitor. Easily mounts to the handlebars or face mounted to the brake cylinder clamp. Fits on 7/8", 1", or 1-1/8" handlebars. The monitor slides in or out of the mount to allow quick removal. The lightweight, 1/3 ounce sensors feature the latest technology in external sensors on the market and are water resistant. Tire Pressure Monitoring Systems (TPMS) are a proven way to increase fuel efficiency and extend tire life. No tire rebalancing required and each sensor comes with a patented anti-theft ring to prevent theft. Includes instruction manual, all batteries, and a silicone protective skin for the monitor.

Fitment	Part No.	Unit

NEW Lock-On Valve Stem Extension

It can be frustrating to reach that hard to get to tire valve stem to check and add air. Big Bike Parts® has simplified this process with their Lock-On Valve Stem Extension. This convenient 24" flexible nylon air hose locks on with a snap to your tire valve stem extending access 24" allowing easy access for checking and filling any tire. This Lock-On Valve Stem Extension actually improves safety by making it easier to do routine pressure checks and fills. The braided nylon hose is durable for years of use. Designed for convenience with a 24" long nylon air hose with a universal lock on stem connection.

Fitment	Part No.	Unit
Lock-On Valve Stem Extension	5-803	Each

Air Supply Hose

This 10 foot nylon hose easily fills tires on motorcycles, trailers or other vehicles. Has a quick release connector on one end and a connector for your on board air compressor on the other. Designed to work with Gold Wing's on board air compressors.

Fitment	Part No.	Unit
Air Supply Hose	2-340	Each

Valve Stem Covers

Valve stem covers make the perfect finishing touch to any street cruiser. These Show Chrome finish valve stem covers are available in the popular ribbed design.

Fitment	Part No.	Unit
Ribbed Stems	4-212	Pair

5-801

5-801BK

NEW Straight Valve Stems

These Aluminum Tire Valve Stems are available in either silver or black anodized finish. Their low profile is only 1 3/16" in length, making them fit any tight space needing a compact stance. The metal base will not pull thru the wheel rim, which needs a minimum of 8mm hole for clearance. An inner and outer rubber grommet washer provides a leak proof seal. An external nut allows for easy tightening of the valve stem for any needed maintenance. Sold as a pair.

Fitment	Part No.	Unit
Low Profile Valve Stem - Silver Anodized MW 8mm holes	5-801	Pair
Low Profile Valve Stem - Black Anodized MW 8mm holes	5-801BK	Pair

90° Metal Valve Stems

This 90° Metal Valve Stem is nickel plated brass for maximum durability. Designed to fit the Gold Wing GL1500 and GL1800 OEM wheel stem holders. These metal valve stems are more durable than rubber valve stems and will fit any universal .453" / 11mm valve stem hole. Sold as a pair.

Fitment	Part No.	Unit
Fits GL1500, GL1800 Gold Wing Stem Holders and others with .453" / 11mm valve stem holes	5-802	Pair

General Accessories

NEW Universal Trike Rear Fender Bra

Based on dealer and consumer feedback, Hopnel™ has updated its fast selling Black Classic Trike Rear Fender Bra to include two choices of mounting. The screw in snaps are now optional. While snaps add a decorative flare, they are supplemented by a full width hook and loop alternative that goes across the top. Choose the adhesive backed loop for attachment to your bike or the snaps provided, or use both. These Trike Rear Fender Bras absorb the scuffs, scrapes, and scratches that plague the front of most rear trike fenders. Embedded steel straps wrap to the bottom of the fenders and two snaps or on hook and loop both hold the top. Fits most Trike rear fenders without flares, such as Motor Trike, Champion, Lehman, Hannigen, California, Roadsmith, and Harley.

Fitment	Part No.	Unit
Trike Rear Fender Bra. Fits Most Trikes - Motor Trike, Lehman, Champion, Hannigan, Harley, etc.	H50-03BKC	Pair

Rain Gators

Hopnel's compact, easy to wear Rain Gators incorporate water resistant nylon, heat shields to prevent melting, and non-slip boot and toe shift pads. The calf area has anti-billowing elastic gussets and the upper thigh has rubberized non-slip pads. Rain Gators are perfect for occasions when a full rain suit is not necessary.

Description	Part No.	Unit

NEW Electronic Fuse Block

Big Bike Parts® delivers a game changer in the standard for electrical accessory connections on motorcycles with our new Electronic Fuse Block. Designed with eleven terminal tie in points which are electronically protected by nine separate relays and fuses. It is a compact 1 1/8" x 2 3/4" x 3 3/4" which easily mounts to the battery, eliminating all other direct battery connection needs and making accessory connection a breeze. The bike's electrical system is protected by a 20 amp fuse and separate 30 amp relay to isolate all your electrical accessories. Includes 3 keyed power connections, 2 always on power connections protected by a combination of 5 and 10 amp fuses. Separate left and right turn signal connection terminals, 2 running light and 2 brake light terminal blocks, all protected by four 8 amp 277 volt automatic switch relays for complete isolation. This universal wiring accessory is a must have when adding electrical accessories to today's modern electronic oriented bikes.

Fitment	Part No.	Unit

Rubber Splashguard

Embossed Wing emblem included. Dimension: 10 1/4"L x 8"H x 1/4"W.

Fitment	Part No.	Unit
Universal Fit	2-111	Kit

NEW Universal Trailer Wire Harness

As motorcycles get more complex with electronic ignitions, fuel injection, ABS braking and other sensitive electronics, isolating electronics between your motorcycle and trailer is critical for safe riding. Big Bike Parts® Electronically Isolated Trailer Harnesses for the Honda Gold Wing and the Can-Am Spyder have set the standard for trailer to bike protection for years. This same Electronically Isolated Trailer Wire Harness is now available as a Universal fitment for all other motorcycles. Electronic backflow is eliminated with heavy duty self-setting relays to protect your motorcycle. This five wire system provides direct connection for running, brake, left turn signal, right turn signal and ground. Weather resistant gel sealed splice connectors are included to make an easy and durable connection for long term use. Designed for use on Harleys, Yamahas and other great trailer pulling vehicles.

Fitment	Part No.	Unit
Universal Electronically Isolated Trailer Wire Harness	16-125	Each

Digital 5 Function Volt Meter

Includes voltage monitoring from 11 to 16 volts with thermometer, ice alert, clock, stop watch, and lap counter. Includes hook and loop for mounting. Dimension 5 5/8"L x 1"H x 3/4"W.

Fitment	Part No.	Unit
Digital 5 Function Volt Meter	4-239	Each

General Accessories

Chrome Beverage Holder

Big Bike Parts® introduces Chrome Beverage Holders for your motorcycle. Choose from either a Driver Handlebar Mount or Passenger Armrest Mount. Each Beverage Holder has been designed for easy installation and removal, just install the bracket and the beverage holder itself can be quickly snapped into place or removed. NEW Beachcomber Boards

The Beachcomber Boards fill the demands of motorcyclists who are looking for a superior fit without compromising on style or finish. Made from forged aluminum, these boards are CNC milled for unparalleled strength and durability, and finished off with Show Chrome Accessories brilliant Chrome. These boards utilize our anti-rotation system to allow fitments in a 360° range and insure the boards will not pivot once secured. A generous board size of 6 1/4" x 4" x 1" allows a comfortable foot rest and is available in a variety of fitments for driver, passenger or highway bars.

Shifter Peg Cover

Big Bike Parts® has updated its market leading shifter peg cover to allow fitment to not only 7/8" peg shifters, but also to shift levers with either an 8mm or 5/16" screw mount as used on Harley's and Victory's. The oval shaped chrome cover has six rubber contact straps and securely mounts with set screws to improve your shifter peg lever. The 5/16" #21-558 is ideal for Harley fitments for FLH, FLS, FXD and XL, while the 8mm #21-557 is ideal for the Victory Kingpin, Vision, Cross Country and New Indian Chief and Roadmaster. The original 7/8" #21-556 fits the GL1800, VT750 Ace/Spirit, VT1100 and VL800. This is a quick and inexpensive way to improve comfort and looks of the shifter peg. Approximate size 1-1/2" x 2-1/2".

Fitment	Part No.	Unit
Honda GL1800, VT750 ACE & Spirit, VT1100 Shadows & Volusia VL800.	21-556	Each

NEW Full Size Brake Pedal

Big Bike Parts® improves safety with another must have accessory for the Can-Am Spyder. This new Full Size Brake Pedal replaces the OEM brake pedal cover with a larger 4 1/2" long by 2" wide pedal cover. It mounts the same as the existing OEM brake pedal cover, with a rust proof steel channel reinforcing the high density rubber pad. This larger brake pedal cover allows a more comfortable use of the brake pedal without your foot constantly falling off, and the unique design complements the Spyder styling.

Fitment	Part No.	Unit
Can-Am Spyder RS, RT, ST, F3 2011-newer	41-179	Each

NEW Brake Pedal

Add some brake pedal style to your Victory with this new Brake Pedal from Big Bike Parts®/Show Chrome Accessories™. This brake pedal replaces the small OEM stem with a 3 1/2" x 2" curved pedal to increase comfort and looks.

Fitment	Part No.	Unit
For Victory Kingpin/Vegas, Cross Country/Roads, Magnum	30-112	Kit

Teardrop Brake Pedal Cover

Incorporates the teardrop design on the sides. Mounts with set screws provided. Dimension 2-3/4" x 2".

Fitment	Part No.	Unit

SolaceTM Rubber Grips Non-Heated

The SolaceTM Grips combine the right amount of chrome to give rubber grips a good name. They are made from highly durable TPR rubber with a cushy feel and contoured finger design. A contoured chrome trim encases the raised thumb position area, adding not only comfort but style. The end is finished with a decorative chrome trim piece that can be removed for open ended grip needs. The SolaceTM Grips are available for either 7/8" or 1" bars and will fit closed or open end bar installations.

Fitment	Part No.	Unit	
Fits Most 7/8" Bars x 6" Long	17-120	Pair	
Fits Most 1" Bars x 5" Long	17-121	Pair	

17-121

1 Chrome Comfort Grips (Non-Heated)

Chrome Comfort Grips are extremely durable and chrome plated for a first class look. These vibration dampening grips are ergonomically designed with a convex profile to fit the cup of your hand. The symmetrical rubber pattern provides you with total grip comfort, reduces numbness, vibration and wrist fatigue in any position on the grip. Comfort Grips are easy to install and utilize OEM throttle tubes. For extra comfort use the Comfort Wrist CruisTM BBP # 17-379C. BBP Grip Glue included.

Fitment	Part No.	Unit	
Honda GL1800 2001-2008 (Open Ended For Dampeners). For 7/8" x 5-1/2" inside bar length (non OEM Heated)	17-362	Pair

Inferno™ Heated Grips with E-Z™ Controller

Our Inferno™ Grips are made from extremely durable TPR rubber with multiple textures for an easy grip and maximum heat transmission. Inferno™ Grips provide the ultimate warmth for cold weather riding by delivering 170°F at room temperature, to provide extremely comfortable heat in extreme cold. Designed to fit in both open and closed end applications with a pre-scored end plug. Our E-Z™ temperature controller is the latest design offering easy one finger control, even when wearing your winter gloves. Single button control provides five pre-set heat levels. Smart logic allows activation of optional battery saver mode when your battery voltage falls below 12.5 volts. Fitments for 7/8" and 1" bars.

Heated Chrome Comfort Grips

Our heated chrome Comfort Grips are extremely durable and ergonomically designed to provide you total grip comfort to reduce numbness, vibration and wrist fatigue in any position. Comfort Grips are easy to install and utilize OEM throttle tubes and come with a variable position switch giving the rider ultimate control over the degree of heat produced. The control switch for cruisers easily installs on any 1" handlebar in a convenient position of the rider's choice. The GL1800 version plugs into the OEM adaptor and the GL1500 model adheres to the fairing or other flat surface. Comfort Heated Grips draw 2.7 - 3.2 amps on high. For extra comfort use Comfort Wrist Cruis™ (17-379C). BBP Grip Glue included.

UltraGard® The Classic Series

Classic Series Features

The Classic Series line of covers offers exceptional value without compromising the features you have come to expect from UltraGard®. Whether you need to cover a large touring, bagger, trike, can-am, cruiser, street bike, scooter or a trailer, the Classic Series is a great value.

- **Tailor fit designs** take into account the natural stance of your motorcycle.
- **Heavy duty water resistant** polyurethane coated polyester provides excellent protection against weather, dirt and pollution.
- **UV stabilized** to maximize fabric life and minimize color fading from sun exposure.
- **Scorch resistant heat shield** protects the cover from hot exhaust pipes and allows use of cover immediately after riding.
- **Double stitched**, four fold interlocking seams to provide the best durability and a water tight closure.
- **Zippered windshield and sissy bar pockets** on cruiser covers expand to fit many bike configurations.
- **SoftTek windshield liner** to prevent scratching.
- Large **rust-proof grommets** prevent tearing.
- Sewn **elastic hem and bungee cord** ensures a tight custom fit.
- High visibility **reflective logo** adds safety while parked.
- Convenient and **compact storage pouch** is easily portable.
- Five year warranty.

Luggage & Pouches

Hopnel™ Deluxe Rack Bag

Hopnel™ Deluxe Rack Bag has 2256 cubic inches of lined storage space. Double zippered main compartment measures 8" H x 24" W x 11" D. The two front compartments measure 8" H x 6" W x 3" D. This bag contains a large main compartment with four smaller pockets, three zippered mesh pockets and two easily accessible mesh elastic pockets. Bag securely fastens to luggage rack with a four point mounting system. Extra items can be easily carried by securing them to the top of the bag with a bungee or strap through six reinforced D-rings. Convenient, comfortable, padded, over the shoulder and hand carrying straps makes this the perfect overnight bag. Comes with a protective rain cover. Compatible with Big Bike Parts® Luggage Racks and most aftermarket racks of comparable size.

Fitment	Part No.	Unit
Most Tour Racks	H50-106BK	Each

Deluxe Solo Rack Bag

Hopnel™ Deluxe Solo Rack Bag has 1617 cubic inches of lined storage space. The quick release side lock buckle and belly strap anchoring system works on fender solo racks and most sissy bars. The heavy duty polyester construction is reinforced to hold its shape even when empty. Easy to expand side pockets. Includes an attached rain cover for added protection in severe weather and a convenient shoulder strap. Expanded dimensions are 14" x 16.5" x 7".

Fitment	Part No.	Unit
Fits most Solo & Sissy Bar Racks, & Sissy Bars	H50-107BK	Each

NEW Deluxe Expander Rack Bag

Hopnel™ sewn products introduces their generous 3500 Deluxe Expander Rack Bag that easily secures to most luggage racks. The main compartment measures over two cubic feet of storage space with a reinforced body providing consistent packing space and durability. The large 22" x 15" x 9 1/2" main compartment has zippered expander pockets on each end, providing an additional 5" of extra storage space. The bottom is reinforced with a no slip textured surface to prolong the life of the luggage while keeping it securely in place. Includes a top 15 1/2" x 6" convenient zippered mesh pouch and two more end zippered 13" x 6" pockets. A tethered all weather vinyl coated rain cover can retreat to its own zippered pocket when not in use. Comes with four hold down fastener points with quick install straps to allow fitment to almost every motorcycle luggage rack. Comes with convenient shoulder strap.

Fitment	Part No.	Unit
Fits Most Luggage Rack	H50-113BK	Each

Touring Luggage Rack Bag

UltraGard® has created a durable luggage rack bag featuring high-quality weather resistant materials, and a sturdy mounting system. A large main compartment allows for maximum storage. An additional four easy access zippered compartments with two expandable side pockets add up to 3,320 cubic inches of extra storage space on your bike. Also included is a rain cover and comfortable shoulder strap. Dimensions 20"L x 10"W x 8.5"H.

Fitment	Part No.	Unit

NEW Hide A Key Pouch

Hopnel™ has a great little pouch to hide an extra key on your bike and keep it clean and ready to use should the need arise. A 6" hook and loop strap provides a secure fit that will not give way, even under the harshest conditions. The pouch is 3 1/2" in length and 2 1/4" in width to easily accommodate the largest key we could find. Made from weather resistant marine vinyl. Universal use and made in the USA.

Fitment	Part No.	Unit
Universal Fitment	HPKP	Each

Hopnel™ King Cooler Saddlebag Liner

Hopnel™ King Cooler™ is an insulated, waterproof liner that fits into most large cruiser saddlebags. Turn saddlebags into an insulated cooler. Ideal to fill with cold beverages for that hot dusty road, picnic or party. Dimensions 16.5"L x 10"H x 5"W.

Fitment	Part No.	Unit

Saddlebag Rail Bag

This Saddlebag Rail Bag provides convenient extra-storage plus protection for the front of the saddlebag from rocks and paint chips. It attaches with hook & loop (instead of snaps) which makes the bag adjustable and secure, preventing it from slipping. Fits most Harley-Davidson Touring models. Made in the USA.

Fitment	Part No.	Unit
Harley-Davidson (left)	HDSRB-LBK	Each
Harley-Davidson (right)	HDSRB-RBK	Each

NEW Universal Navigation Pouch

Hopnel™ has found a way to get a grip on portable Navigation units by inserting them into this universal holder that easily mounts to Hopnel™ Tuxedo Ties on the gas tank as well as other fairing accessories that have the EZ Lock Mount system. The Universal Navigation Pouch accommodates up to 4" x 6 1/2" units in a hook and loop sealed pocket that contains an EZ Lock Mount. A clear panel allows quick viewing of needed directions. Made in the USA.

Fitment	Part No.	Unit
Universal Fitment	HGPSP	Each

NEW Magnetic Tank Pouch

Hopnel™ introduces a convenient magnetic phone and GPS tank pouch for steel tanks. Its generous 4 1/2" x 7 1/2" size easily accommodates most cell phones or GPS units in a clear faced pocket. Six ultra-strong magnets securely hold pocket in place and the felt backing protects against scratching.

Fitment	Part No.	Unit
Universal Fitment	HMAGP	Each

Black Classic Tank Pouch

Hopnel™ has updated its removable tank pouch for the Harley FLH and FLT models. The generous 7 1/4" X 4 1/2" X 1 1/2" pouch includes an EZ Lock™ mount that allows the pouch to be removed with a twist and replaced with numerous optional accessories from Hopnel™, including: Map Pouch, Beverage Holder, and EZ Carry™ concealed carry pouches. The base mount is designed to fit around the FLH and FLT tank accent on 2000 and newer models. The pouch clear pocket is great for your cell phone or GPS display while riding.

Fitment	Part No.	Unit
Black Classic Tank Pouch - HD FLH & FLT 2000 -	HD90-010BKC	Each

Deluxe Fairing Pockets for Gold Wing

The Deluxe Fairing Pockets utilize a double layer design to achieve a stylish look, measuring a generous 4 1/2" x 6" x 2" with an internal mesh pocket to allow additional secure storage. Available in two styles to mount to the left fairing pocket door of the GL1800, using either Hopnel's conventional hook and loop strap system or the Buddy Lock System. The Buddy Lock attaches a permanent Buddy Lock Clip to the fairing door that allows the pouch to be removed with a twist and store or transferred to your belt with the included H50-01BLT Buddy Lock Belt Holder. Alternatively, the Buddy Lock Clip Mount can be used universally to mount to any flat surface. Made in the USA.

Lower Fairing Pockets

The Hopnel™ Signature Series Lower Fairing Pockets for the 2005-2012 Harley Ultra Classic Electra Glide are braided trimmed pouches that snap onto the bike's existing opening, replacing the rubber cover with a storage pouch while still allowing access into the fairing. Made in the USA.

Fitment	Part No.	Unit
Harley-Davidson Ultra Classic 2005-2012. Snaps into existing OEM snaps	HD90-110BK	Pair

NEW Black Classic Lower Fairing Pockets for FLH/FLT

Hopnel™'s popular Deluxe Black Classic Fairing Pockets are now available as a pair to satisfy those Harley FLH and FLT Lower Fairing Pocket users. The Black Classic double layer design brings back the stylish classic look of yesterday. These Deluxe Black Classic Fairing Pockets measure a generous 4 1/2" x 6" x 2" with an internal mesh pocket to allow additional secure storage.

Hopnel™'s EZ Mount system attaches a permanent EZ Mount clip to the fairing that allows the pouches to be removed with a twist to store or transfer to your belt with an included H50-01BLT EZ Mount Belt Holder. This is an ideal fitment for the 2014 and newer Harley FLT and FLH Lower Fairings. Can also be used on the GL1800 fairing pockets, or any flat surface.

Fitment	Part No.	Unit

Luggage & Pouches

EZ Carry™ Concealed Pouch

Concealed carry is made easy with Hopnel's™ new EZ Carry™ pouch system. Carrying while riding is a choice many of us make, but it can be uncomfortable, difficult to access, and hard to remove without brandishing. Until now, there hasn't been an easy way to transfer your protection from person to bike and still have it accessible. The new EZ Carry™ system from Hopnel™ puts an easily accessible concealed carry pouch on your motorcycle. Our Buddy Lock Tactical Mount makes attachment to the bike mount a snap and with a quick twist you can transfer the entire pouch with firearm concealed to the included belt holder, without the concern of brandishing. It actually looks like many of our other wearable pouches or nothing more than a fancy cellphone pouch.

The Sub-Compact EZ Carry™ pouch measures 6-1/2" x 4-1/2" x 1-1/8" and accommodates most sub-compact pistols such as: Ruger LC9 & LC380, Glock 42, Sig P938 & P238, Colt Mustang and S & W Shield.

The Compact EZ Carry™ pouch measures 7-1/4" x 5-1/8" x 1-3/8" for compacts such as Glock 19, 23, 29, 38 and 32; Ruger SR9c and SR40c; Sig P224, P239, P229.

All EZ Carry™ pouches are available separately or with mounts for Gold Wing, Can-Am RT, and Harley FLH. The pouch by itself, H50-111CCP and H50-112CCP, can fit all Hopnel™ Tuxedo Ties™ with the Buddy-Lock system, Pac-A-Derms™ or any other Tactical Buddy-Lock. The Harley FLH system mounts to either the left or right saddlebag and can be offset with our Classic Rail Bottle Holder (see page 39). Made in the USA.

TRU-SPEC® Concealed 24/7 Shirt

As many motorcycle enthusiasts enjoy target shooting as well as exercising their right to carry, Big Bike Parts® has teamed with TRU-SPEC® to bring market proven tactical apparel to the Powersports Industry. TRU-SPEC® has over 60 years of manufacturing expertise delivering market leading law enforcement and public safety clothing to the market. TRU-SPEC® products are used and proven daily by law enforcement and our military and will be available through Big Bike Parts®. Available now are their form fitted 24-7 Series® Concealed Holster Shirt designed for the best in concealment with a comfortable custom polyester spandex blend. This tailored design reduces sagging by supporting the weight of the concealed object evenly across the body of the shirt. The dense outer mesh layer obscures the profile of what you are concealing. Securely conceals small, medium and most full size handguns, magazines, electronics, wallets, passports or even medical devices in the left and righthand pockets. Heavy polyester reinforces the pocket bottom reducing wear and aids in getting small items out. The moisture wicking material designed with flat-lock seams reduces friction and chafing. Anti-microbial treated fabric extends daily wear. Available in black or white in small to XXL sizes. The comfortable way to carry most anything concealed. Gunnery Sgt. R. Lee Ermey, USMC (Retired) known around the world as “The Gunny” is the official celebrity spokesperson for TRU-SPEC® line of tactically inspired apparel making them “Gunny Approved”.

Range Saddlebag - Large

Range Bags are a great way to pack your firearms for a trip to the range, and it has been too long without one that is the right size to fit your motorcycle saddlebags. Big Bike Parts® has that covered with their all new Deluxe Range Saddlebag. This padded range bag protects your firearm and gear while fitting into your motorcycle saddlebags. Made from durable weather resistant polyester its large 21" x 12" x 7 1/2" size has 13 compartments to store, stash and hold your gear. It includes convenient access to 7 magazine slots in the outside compartment, and two adjustable dividers and a padded removable tote in the main compartment. Easy double-sided zipper pull allows quick access revealing more storage for your glasses, ear plugs, chokes and more. The mesh end pocket is great for a water bottle. Designed for large saddlebags. Fits Honda Gold Wing, etc.

Windshields

Adjustable Flip Windshields

Our unique Adjustable Flip Windshields are a two part windshield made from DOT approved 3/16" aircraft quality Lucite® Acrylic. The lower portion is dark smoke with the light smoke flip upper portion. The upper portion can be flipped in seconds from hiding behind the lower portion extending above the lower portion increasing the overall height. The windshields come with two sets of hardware, use the quick release thumb screws or blind mount allen head cap bolts.

20-518

Sweptback Windshield GL1800

Our "Sweptback" windshield provides a sleek tapered look with improved aerodynamics with an additional 3-1/2" in width and height than OEM windshields. Adjustable. Made in the USA.

Description	Part No.	Unit
Clear (without vent cut-out)	20-518	Each
Clear with vent cut-out (vent supplied)	20-518T	Kit

Windshield Vent

Big Bike Parts® has an all new Windshield Vent for the GL1800 Gold Wing, for use on OEM windshields. This tinted vent matches the OEM style introduced in 2004 to fit the curvature of the GL1800 windshields. The 4 anti-fog slots across the top are greatly enlarged over previous models providing increased air flow.

A new 5 position lever provides smoother control of position selection. This vent is not a direct replacement for earlier GL1500 vents. Fits all GL1800 windshields, requires a hole cut, securely mounts with included face mount screws.

Description	Part No.	Unit
Smoke For GL1800 and Others	52-833	Each

52-833

Touring Windshield Air Vent

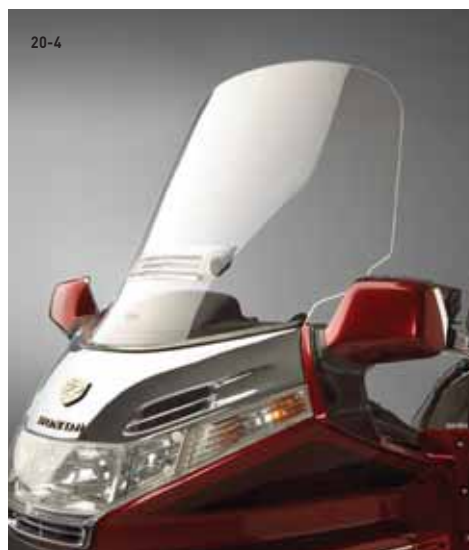

Our adjustable and closeable Touring Windshield Air Vent fits on 20-516, 20-516T, 20-518, 20-518T, 20-4 and 20-4T Show Chrome Accessories® windshields allowing you to enjoy the comfort of fresh air.

Windshields

Can-Am RT Clear Windshield

Big Bike Parts® offers the ideal replacement windshield for the Can-Am Spyder RT. After analyzing the riders air envelope, it was determined that a windshield 4 ½" wider than OEM provided the rider with the best comfort zone. To improve the known turbulence behind the windshield Big Bike Parts® designed unique anti-buffet vents to smooth out the turbulence and noise. Made from clear 5/32" DOT acrylic, this replacement windshield is an affordable improvement over OEM stock. Made in the USA.

Description	Part No.	Unit	
Can-Am Spyder RT - Clear	20-400	Each	

Yamaha Royal Star Venture Windshield

The stylish windshield for Yamaha Royal Star Venture is 2-1/2" wider per side and 4" shorter than stock OEM windshields. A windshield height of 13" gives it a lower profile for a "sporty" look. Manufactured from 3/16" thick transparent Lucite® DOT approved acrylic for the best in optical clarity. Made in the USA.

Description	Part No.	Unit	
Smoke	20-610T	Each	

Euro Sport Windshield-GL1500/6 & GL1800

This "sporty" windshield is easily seen over eliminating any distortion. The Euro Sport GL1500/6 measures 31" W & 12-1/2" H and the Euro Sport GL1800 measures 28" W & 12" H. Each windshield is manufactured from 3/16" thick transparent Lucite® DOT Approved acrylic for the best in optical clarity, and comes standard with rain drip edge. Adjustable. Made in the USA.

Fitment	Part No.	Unit

Euro Sport Windshield-Smoke GL1800	20-514T	Each	

Valkyrie Interstate Windshield

The Valkyrie Interstate Windshield incorporates in its design an integral side wind deflector while still matching the OEM shape and contour. This windshield is 4" wider per side and 2-1/2" taller than OEM windshields and is manufactured from 3/16" thick transparent Lucite® DOT approved acrylic for the best in optical clarity. Made in the USA.

Description	Part No.		
Clear	20-510		

20-206

1 Classic Cruiser Windshield

The Classic Cruiser Windshield is manufactured from 3/16" thick transparent Lucite® DOT approved acrylic which is unmatched in optical clarity and hardness when compared to stock windshields. Windshields are available in 17" or 22" height, clear or smoke and fits tapered, straight and 56mm oversized forks. Windshield fitments are measured from the top cutout of the headlight to the windshield tip. All mounting hardware included. Made in the USA.

2 Windshield Trim Kit

This windshield trim kit uses die cast contoured aluminum trim accents to create added flare. The trim kit will dress up your Show Chrome Accessories® straight and tapered fork style Classic Cruiser Windshields & Slipstreamer's Classic & Falcon style windshields. Hidden "T" screws replace existing windshield brackets making installation easy.

Filter Wrench

With over 20 years of providing the best filter wrench in the industry, Big Bike Parts® introduces an all new Oil Filter Wrench for 3" oil filters in addition to our 2-1/2" Filter Wrench. These ultra-thin wrenches allow easy oil filter removal and the handle incorporates an oil drain plug wrench to easily remove drain plugs. No moving parts in this design. Requires no adjustments to fit your oil filter. Made in the USA.

Fitment	Part No.	Unit
2-1/2" Filter Wrench. Fits most 2-1/2" oil filters for GL1500, GL1800, ST1100, VTX, VT750, VT1300 & etc.	4-201	Each
3" Filter Wrench. Fits 3" 14 sided filters, as used on Harley Davidson. Has 16mm wrench built in.	4-203	Each

Filter Care Kit

K&N® Recharger Kits contain K&N air filter cleaner and air filter oil for cleaning any K&N® Air Filter. Restores air flow efficiency so your K&N® air filter performs like new! Made in the USA.

Description	Part No.	Unit
Squeeze/ Spritz Bottle, 8oz Oil Spray, 12oz Power, Klean Filter Cleaner	KN99-5050	Each

NEW Windshield Cleaner & Polish

As a windshield manufacturer for all types of motorcycles Big Bike Parts® knows what it takes to keep windshields performing at their best, by keeping them clear and clean. When customers asked Big Bike Parts® what windshield cleaner and polish they use, the answer was simple. After testing several cleaners extensively, Big Bike Parts® found Slipstreamer's plastic cleaner and polish to be the top performer due to its rich cream easily cleaning and restoring the optical clarity of plastics. Its ease of use on all plastic surfaces, especially windshields, brings back the new luster so often lost with many other cleaners. Big Bike Parts® now offers this superb cleaner to all its customers.

7oz Spray Can	4-137	Each

Fuel Petcock Service Kit

Big Bike Parts® has an alternative to replacing the entire fuel petcock assembly when your GL1500 Gold Wing decides to start leaking fuel. It is a lot less expensive to change the rubber diaphragms that have most likely given way due to age. Our Fuel Petcock Service Kit allows you to replace the Sealing Diaphragm, the Actuator Diaphragm, Compression Spring, Screws and Washers with all new components. For 1988- 2000 GL1500/6 Gold Wing.

Fitment	Part No.	Unit
GL1500/6 Gold Wing 1988-2000	5-601	Each

In Line Fuel Filters

These new Fuel Filters from Big Bike Parts® were designed as a direct replacement for the OEM Honda Filter. The 3/8" Filter (BBP# 5-602) replaces OEM Honda Filter #16900-MG8-003. The 3/8" In-Line Fuel Filter is primarily for the GL1500, GL1200I, VT100, VFR750, PC800, CB400F, CB1000F and many others.

The 1/4" Filter (BBP# 5-603) is a direct replacement for OEM # 16900-371-004 used primarily for GL1100, GL1200A, VF1100, VT750, CN250, VF750, NSS250 and many others.

Fitment	Part No.	Unit
For Honda GL1500, GL1200I, VT1100, VT600, VFR750, PC800, CB400F, CRB1000F, CBR600F	5-602	Each
For Honda GL1100, GL1200A, VF1100, VT750, CN250, VF750, NSS250	5-603	Each

Amber LED Turn Signal Conversion Kits

Amber LED Turn Signal Conversion Kits provide a unique honeycomb clear lens to the OEM turn signals. LEDs are brighter than stock lights, providing added safety. LED circuit boards plug into OEM bulb socket replacing the stock bulb. Each LED circuit board has a polished chrome face plate to enhance illumination. These kits require the components listed in the descriptions to return turn signal to stock flash rate. Turn Signal Conversion Kits mount with OEM screws. See LED Conversion Kit Application Chart. E-Mark Approved.

Driving Light with Clamp

Die Cast Mini Driving Lights for 39 to 41mm forks and 1-1/4" highway bars. Both the Halogen and LED have rotatable bezels that allow lights to be mounted at multiple angles. Kit comes complete with clamps, lights, wire harness, switch and relay to protect the bikes circuitry. Available in either 50 watt halogen or 7 watt 400 lumen/4000K LED.

Description	Part No.	Unit
Mini Halogen Driving Light Kit for 39-41mm Fork Mount	55-364	Kit
NEW LED 39-41 Fork Mount Driving Light	55-364L	Kit
Die Cast 39-41mm Fork Clamps (Clamps Only)	22-141	Pair
NEW Mini Halogen Light Kit for 1-1/4" Highway Bars	55-365	Kit
NEW Mini LED Light Kit for 1-1/4" Highway Bars	55-365L	Kit
NEW Round 3 pcs 1-1/4" Clamp, 3/8" Mount Hole (Clamp Only)	22-125	Pair

Quad Load Equalizer

This Quad Load Equalizer is designed to allow for use of LED turn signals in place of incandescent turn signals. When replacing front and rear incandescent lights with LEDs you will notice a fast flash rate that will be reduced to a stock flash rate when utilizing this part. Does not require replacement of the stock flasher module. Item splices into existing turn signal system.

Fitment	Part No.	Unit
Unit is useful on almost all bikes	13-314	Each

LED Flasher Relay

LED flasher Relay is used when replacing incandescent turn signals with LED turn signals. This unit slows fast flash rate when replacing incandescent front and/or rear turn signals with LEDs. Plug 'N Go.

Fitment	Part No.	Unit
Plug 'N Go on Honda Cruisers	13-306	Set

LED Dual Conversion Harness

This LED Dual Conversion harness allows LED Marker Lights to operate as running and turn signal lights such as BBP 16-111, 16-113, and 16-114. One harness is required for each individual light. Splices into existing wires from marker light.

Fitment	Part No.	Unit
Unit is useful on almost all bikes	13-307	Each

Dual Load Equalizer

This Dual Load Equalizer is designed to allow for use of LED turn signals in place of incandescent turn signals. When replacing front or rear incandescent lights with LEDs you will notice a fast flash rate that will be reduced to a stock flash rate when utilizing this part. Does not require replacement of the stock flasher module. Item splices into existing turn signal system.

Fitment	Part No.	Unit
Unit is useful on almost all bikes	13-304A	Each

Universal Flasher

Flasher replaces stock mechanical flasher with a digital flasher that is not load dependant. This unit slows fast flash rate when replacing incandescent front and/or rear turn signals with LEDs. Item splices into flasher control wire harness.

Fitment	Part No.	Unit
Unit is useful on almost all bikes (except GL1800)	13-305	Each

Single Indicator LED Splitter

This LED cross feed prevention harness is for bikes with a "single turn signal indicator" that have replaced incandescent turn signals with LEDs. This unit prevents cross feeding through the indicator light that makes your bike function as if four ways are active while utilizing either right or left turn signals. Item splices into existing wires coming from indicator light.

Fitment	Part No.	Unit
Fits cruisers with single turn indicator lights	13-308	Each

Chrome Spotlight Visor

Chromed Spotlight Visor fits 4-1/2" spotlight kits.

Fitment	Part No.	Unit
Fits BBP # 16-23 Light & Universal 4-1/2" Lights	1-229	Pair

7" Universal Headlight Visor

Fitment	Part No.	Unit
Fits most 7" Headlights	53-429	Each

Turn Signal Grilles

2-1/2" Turn Signal Grilles are made of chromed stamped steel and add a striking accent to Suzuki OEM round turn signals. These Turn Signal Grilles can be used on both the front and the rear turn signals.

Fitment	Part No.	Unit
Most late model Suzuki's 2004-2009	81-111	Pair

Turn Signal Grilles

These chrome grilles fit most 3" round turn signals with front screws.

Fitment	Part No.	Unit
Fits most 3" Round Turn Signals	1-214	Set (4)

LED Turnsignal Speaker Grille Set

Enhance safety and visibility of your Kawasaki VN1700 Voyager/Vaquero with these LED Turnsignal Visor Trims for the front speakers. These speaker grilles have embedded amber LED strip in the outside edge of each speaker trim to provide side visibility. They act as running lights same as the front position lights and become turnsignals when turnsignals are engaged. Fits Kawasaki VN1700 Voyager and Vaquero.

Fitment	Part No.	Unit
Kawasaki VN1700 Vaquero & Voyager	71-203	Pair

Taillight Grille

This chrome taillight grille fits perfectly to the taillight of a Magna. Mounts easily with two screws. 6-1/4" L x 3-1/8" H x 1" H.

Fitment	Part No.	Unit
Magna 700 1985-1986	2-128	Each

2" Round Reflector Grilles

Add a chrome accent to Suzuki Volusia/C50 Boulevard reflectors. Grilles can also be used on Round LED Lights. Grilles are made of chromed ABS. Attaches with double sided tape included.

Fitment	Part No.	Unit
Suzuki C50/VL800 Boulevard, C90/VL1500 Boulevard, & Yamaha Stars	82-225	Pair

1 Taillight Grille

Gives your taillight an accent with this chromed Taillight Grille. Mounts with two screws where OEM screws hold the taillight on. 5-1/4" L x 3-3/8" H x 3/4" W.

Fitment	Part No.	Unit
Suzuki C50/VL800	82-220	Each

2 Turn Signal Grilles

These chrome finished accents for Suzuki can be used on front or rear turn signals. Easily mounts with screws in existing OEM screw holes. 2-3/4" diameter.

Fitment	Part No.	Unit
Most Suzuki's 1986-2003	82-219	Pair

Side Reflector Grilles

Two piece universal chromed ABS grille set. Fits 3-1/4" x 1-1/4" side reflectors on most Honda and Yamaha cruisers. Attaches with double sided tape included.

Fitment	Part No.	Unit
Most Honda & Yamaha	2-156A	Pair

Bullet Fork Covers

Cover the bottom of the forks with this polished die-cast chrome Bullet Fork Cover. Easily mounts with included set screws. Does not fit Fury VT1300CX & VT750 Spirit due to speedometer sensor.

Fitment	Part No.	Unit
1100 Classic, C50/VL800, M95/VZ1600, VN900, VT750, VT1300 S/R/T, VTX1300, XV1600, XV1700, XVZ1300, V Star 950	55-319	Pair

Light Grilles (For Peterson M306)

This chromed steel Light Grille dresses up any trailer using the Peterson M306, 391, 392 style light, i.e. Bushtec, Escapade, etc. Packaged by the pair with Show Caps for a clean and neat addition to any trailer. 4-1/2" L x 2-1/4" W.

Fitment	Part No.	Unit
Peterson M306, 391, 392	1-2	Pair

Contours Mini Accent Grilles

These accents have a variety of installation options including: on fork caps, round reflectors, turn signals, fork stem covers, carb covers, etc. Attaches with double sided tape included. 1-3/8" Diameter.

Part No.	Unit
62-103	Pair

Vantage Horn Cover

Snap on the flare and hide the unattractive black OEM horn with Show Chrome Accessories® chrome plated ABS Vantage Horn Cover. The stylish pattern hints at movement and our unique inner tapered profile locks to the existing OEM horn. The Cover does not interfere with the resonance of the horn and presents a great appearance at a fraction of the cost of other aftermarket horn covers.

Fitment	Part No.	Unit
Fits 3" & 3-1/4" Round Horns For Most Kawasaki & Yamaha Cruisers	63-320	Each
Fits 3-1/2" Round Horns For Most Honda Cruisers	55-324	Each

V-Twin Horn Cover

Fits 3-1/4" round horn. Cover fits snug over horn without hardware.

Fitment	Part No.	Unit
Fits Most 3-1/4" Round Horns	1-228	Each

Horn Cover

Fits 3-1/2" round horn. Cover fits snug over horn without hardware.

Fitment	Part No.	Unit
Fits Most 3-1/2" Round Horns	1-213	Each

Cruiser Accessories

4" Twisted Risers

Sculpted Twisted Risers are a perfect custom component that really sets your cruiser apart from the crowd! These polished chrome plated risers move your handlebars back for a more comfortable riding position. The risers bolt on in minutes eliminating lengthy installs. Most riser applications do not require adjusting cable length. *The Twisted Risers pair nicely with our Twisted Cruiser Mirrors see page 68.*

Fitment	Part No.	Unit
1" Bars	55-334X	Pair
1-1/4" Bars	55-335X	Pair

* Bolts not included with risers. Use with appropriate bolt adapters from list below.

55-135

55-316

4" Square Pullback Risers

These sets are a square block style with a curved back to add style to the bike. They raise handlebars 4" and give 1" pullback. The risers come with matching clamps and are available in either solid or cutout designs. Requires bolt adapters. Most riser applications do not require adjusting cable length.

Fitment	Part No.	Unit
With Cutout for 1" Bar	55-135*	Pair
Solid for 1" Bar	55-316*	Pair

* Bolts not included with risers. Use with appropriate bolt adapters from list below.

4" Classic Pullback Risers

This set raises the handlebars 4" and give 1" pullback to increase riders comfort and comes with matching round top clamps. Requires bolt adapters. Most riser applications do not require adjusting cable length.

Fitment	Part No.	Unit
1" Bar	55-304X*	Pair

* Bolts not included with risers. Use with appropriate bolt adapters from list below.

4" Tall Round Pullback Risers

This set raises the handlebars 4" and give 3/4" pullback to increase riders comfort and comes with matching round top clamps. Attractive chromed steel with rounded tops for a custom look. Requires bolt adapters. Most riser applications do not require adjusting cable length.

Fitment	Part No.	Unit
1" Bar	55-133X*	Pair

* Bolts not included with risers. Use with appropriate bolt adapters from list below.

ADAPTER BOLTS FOR RISERS

NEW 7" Round LampGard™ Headlight Protector

LampGard™ by Big Bike Parts® has been protecting headlights and fog lights from expensive damage and replacement since 1992. LampGard™ now provides universal protection to cruisers with their new 7" headlight protector. Made from clear acrylic, these headlight protectors can withstand a beating from stones, rocks, and other road debris without reducing headlight luminance. Fits most 7" round headlights with a shallow curve, such as: 1960-2015 Harleys; Yamaha V-stars, Road Star, Royal Star; Honda VT600, VT750, VT1100; Kawasaki VN 900, VN1500; and Suzuki VL 800, VL 1500, C50, C90, with a single bulb. Made in the USA.

Fitment	Part No.	Unit
7" Round Headlight Protector. Fits most 7" round headlights with a shallow curve	91-311	Each

NEW Shifter Peg Cover

Big Bike Parts® has updated its market leading shifter peg cover to allow fitment to not only 7/8" peg shifters, but also to shift levers with either an 8mm or 5/16" screw mount as used on Harley's and Victory's. The oval shaped chrome cover has six rubber contact straps and securely mounts with set screws to improve your shifter peg lever. This is a quick and inexpensive way to improve comfort and looks of the shifter peg. Harley fitments for FLH, FLS, FXD and XL, see pages 24-29 for additional fitments and pegs.

Fitment	Part No.	Unit
Shifter Peg with 5/16" Thread. For Harley FLH, FLS, FXD, XL 1982- newer	21-558	Kit

NEW Front Fender Tip Accent

Big Bike Parts® adds to its extensive line of accessories for the Harley FLH with an all new Front Fender Accent. This Front Fender Accent brings a nostalgic look to the FLH with this form fitted contoured ABS Chrome Front Fender Accent. Easily attaches with double sided tape to front fender of the 1988 and newer Harley FLH models.

NEW Fairing Vent Trim

Big Bike Parts® improves the look of the new vented Harley batwing fairing with two all new accessories. Show Chrome Accessories® new brilliant chrome Fairing Vent Trim easily replaces the OEM black rubberized vent trim for a custom appearance. Use Show Chrome Accessories® chromed stainless steel honeycomb screen to keep road bugs and grime out of your cockpit. The honeycomb screen can be mounted with the OEM vent trim or combined with Big Bike Parts® new chrome Fairing Vent Trim. Designed for the 2014 and newer batwing fairing vent as used on the FLHX and FLHT models. Sold separately or together as a package.

Harley Accessories

Inferno™ Heated Grips with E-Z™ Controller

Our Inferno™ Grips are made from extremely durable TPR rubber with multiple textures for an easy grip and maximum heat transmission. Inferno™ Grips provide the ultimate warmth for cold weather riding by delivering 170°F at room temperature, to provide extremely comfortable heat in extreme cold. Designed to fit in both open and closed end applications with a pre-scored end plug. Our E-Z™ temperature controller is the latest design offering easy one finger control, even when wearing your winter gloves. Single button control provides five pre-set heat levels. Our Smart logic designed E-Z™ controllers come equipped with an optional battery saver mode that turns the grips off if the battery voltage falls below 12.5 volts. Fitment 1" bars.

Fitment	Part No.	Unit
Fits Cruisers - Harley, Honda, Yamaha, Kawasaki, Suzuki, etc. Open and Closed End. For 1" Bars.	17-962	Set
Fits Harley with Electronic Throttle. For 1" x 5-1/8" Bar.	17-963	Set

Heated Chrome Comfort Grips

Heated Chrome Comfort Grips are extremely durable and ergonomically designed to provide you total grip comfort to reduce numbness, vibration and wrist fatigue in any position. Comfort Grips are easy to install, include a throttle tube and come with a variable position switch giving the rider ultimate control over the degree of heat produced. The control switch for cruisers installs on any 1" handlebar in a convenient position of the rider's choice. Comfort Heated Grips draw 2.7 - 3.2 amps on high. For extra comfort use Comfort Wrist Cruis™ (BBP # 17-379C). BBP Grip Glue included.

5-801BK

NEW Straight Valve Stems

These Aluminum Tire Valve Stems are available in either silver or black anodized finish. Their low profile is only 1 3/16" in length, making them fit any tight space needing a compact stance. The metal base will not pull thru the wheel rim, which needs a minimum of 8mm hole for clearance. An inner and outer rubber grommet washer provides a leak proof seal. An external nut allows for easy tightening of the valve stem for any needed maintenance. Sold as a pair.

Fitment	Part No.	Unit
Low Profile Valve Stem - Silver Anodized MW 8mm holes	5-801	Pair
Low Profile Valve Stem - Black Anodized MW 8mm holes	5-801BK	Pair

Filter Wrench

With over 20 years of providing the best filter wrench in the industry, Big Bike Parts® introduces an all new Oil Filter Wrench for 3" oil filters. This Oil Filter Wrench fits 3" - 14 sided filters as used on Harley-Davidson and other motorcycles. Includes built in 16 mm wrench for Oil Drain Plug removal. Big Bike Parts® zinc plated chromatic finish provides years of proven durability and utility. Made in the USA.

NEW Saddlebag Posi-Lock™ Fasteners

Big Bike Parts® Posi-Lock™ Saddlebag Fasteners keep your saddlebags in place. Designed not to fail, they are a great anti-theft and quick release for 1995 and newer Harley FLH & FLT and Victory saddlebags. The U-Clip Nut prevents using a wrench or pliers to remove the fastener from outside the saddlebag. The comfortable 1 1/2" black rosette knob makes attachment easy and insures your installed saddlebags stay in place to avoid unwanted loss, yet quick enough to remove when not desired. Comes as a set of 4, perfect for a pair of saddlebags.

Fitment	Part No.	Unit
For Harley-Davidson Saddlebags 1995- newer	91-314A	Set

Harley Accessories

NEW Saddlebag Lid Bra Set For Harley FLH

The Hopnel™ division of Big Bike Parts® introduces the all new Saddlebag Lid Bra Set for the Harley FLH. Stop the scratches and cover those that might already be there with Hopnel's Black Classic Lid Bra Set for the 1993-2013 or 2014 and newer FLH. A tapered design leaves the saddlebag lids exposed while protecting and covering the front portion. Secures in place with hook and loop to the inside top of the saddlebag lid in four locations for a secure fit. Removes easily for cleaning and waxing. Made in the USA.

EZ Carry Concealed Pouch

Concealed carry is made easy with Hopnel's™ new EZ Carry™ concealed carry pouch system. Carrying while riding is a choice many of us make, but it can be uncomfortable, difficult to access, and hard to remove without brandishing. Until now, there hasn't been an easy way to transfer your protection from person to bike and still have it accessible. The new EZ Carry™ pouch system from Hopnel™ puts a concealed carry pouch on your motorcycle with great access. Our Buddy-Lock Tactical Mount makes attachment to the bike mount a snap and with a quick twist you can transfer the entire pouch with firearm concealed to the included belt holder, without the concern of brandishing. It actually looks like many of our other wearable pouches or nothing more than a fancy cellphone pouch.

The Sub-Compact EZ Carry™ pouch measures 6-1/2" x 4-1/2" x 1-1/8" and accommodates most sub-compact pistols such as: Ruger LC9 & LC380, Glock 42, Sig P938 & P238, Colt Mustang and S & W Shield.

The Compact EZ Carry™ pouch measures 7-1/4" x 5-1/8" x 1-3/8" for compacts such as Glock 19, 23, 29, 38 and 32; Ruger SR9c and SR40c; Sig P224, P239, P229.

The pouch by itself can fit all Hopnel™ Tuxedo Ties™ with the Buddy Lock system, Pac-A-Derms™ or any other Tactical Buddy Lock mount. The Harley concealed carry systems mounts to either the left or right saddlebag guard rails and can be offset with our Classic Rail Bottle Holder. Made in the USA.

Harley Accessories

NEW Vantage Six Rail Rack

Big Bike Parts® introduces a market changing luggage rack to fit Harley Tour Pak trunks. This elegant but simple Six Rail Vantage Rack has no weld joints, making it truly unique and clean. The use of CNC machining of extruded billet aluminum has enabled Big Bike Parts® to create this fresh design without any welding. The custom extruded aluminum tubes hold the rails in place with blind screws from below enhancing its clean design. The mounting feet are also bottom mounted with threaded studs that eliminate the need to weld. The spacing of the feet is designed to match most existing tubular racks (such as BBP's # 91-306); making the Vantage Rack an easy update on almost any Harley. Big Bike Parts® includes its special angled stainless steel leg washers that properly secure the feet to the trunk lid and minimize the pressure that causes trunk lid cracking. The Vantage Rack is designed to clear the OEM spoiler, Big Bike Parts® has Rack Risers (BBP # 52-837) for clearing other spoilers or accessories, if needed. Available in either bright chrome or anodized black finish.

NEW Large Trunk Liner Bag

The Hopnel™ 3500 Trunk Liner Bag for the Harley FLH features over 2 cubic feet of storage. This 23" x 16" x 9 1/2" Trunk Liner Bag maximizes the Harley FLH trunk space, while the convenient carry handles allow you to load your trunk quickly and easily. A unique double zipper makes packing and access extremely simple from the top or from the side. By using the side zipper, the Trunk Liner Bag opens the full side profile of the bag to allow maximum suitcase style packing. An additional six inch double sided top zipper provides a handy top flap allowing access to special items without having to unpack the whole bag. Comes with carry handles and side pocket. Designed for use with Harley FLH trunks, but also fits the Indian Roadmaster and GL1500.

NEW Driving Light Mount in Halogen and LED

Big Bike Parts® introduces a compact driving light mount for the Victory Cross Country and Magnum models. Positioned in-line with the headlight for a true driving light experience, these mounts provide a clean look by attaching to the existing turn signal mounts. Available with either 3 1/2" visored 55 Watt Halogen or Hi-Intensity CREE LED, or as mounts only, to use with existing lights. These 3 1/2" light housings are Big Bike Parts® market leading steel housing with a built in visor on the bezel creating that pure custom look. Big Bike Parts® 3 1/2" Halogen or CREE LED driving lights come complete with wiring and custom switch for the Victory fairing. Available in Chrome or Black Satin finish.

NEW 2 3/8" Mini LED or Halogen Driving Light Kit Victory Cross Country

For those that want a more compact driving light kit for the Victory Cross Country and Magnum models, Big Bike Parts® is now producing its 2 3/8" Mini Driving Lights with its Victory Cross Country light brackets. The 2 3/8" Mini Driving Lights are die cast and have a visor shaped bezel. The light is 3 3/4" long and is offered in either a 50 Watt halogen or 400 Lumen/4000K LED. The non-dimmable LED works great with all non RF broadcasts such as Sirius/xm, bluetooth, etc. Available in Chrome or Black Satin for the Victory Cross Country, Cross Tour and Magnum 2010 and newer.

NEW Light Kit for Forged Bars

For those discerning Victory owners that have the forged highway bars, Big Bike Parts® now offers a satin black mounting bracket and a wide selection of light kits to go with it. These brackets mount to the existing 10mm holes in the forged bars to provide a great location for the Big Bike Parts® 2 3/8" die cast LED lights. Choose from halogen or Litespan LED, chrome or black satin housings. The halogens are 50 watt, while the Litespan LED is 400 Lumens at 4000K of high output, high intensity with a 20° beam angle. Each die cast light has a built in visor in the bezel and each light kit comes with mounting brackets, lights, electronic isolated wire harness, relay, switch, and all screws. The non-dimmable LED may interfere with weak AM/FM signals. For Victory Cross Roads, Cross Country, Hardball and Magnums, 2010 and newer.

NEW Triangular LampGard™ For Victory Headlights

Big Bike Parts® expands its LampGard™ headlight protectors to now save the Victory triangular headlight. Sooner or later, your expensive headlight will be damaged by a stone or other road debris. The best way to reduce or eliminate this expensive replacement is by covering your headlight with a durable LampGard™ to absorb foreign object damage. This newest LampGard™ is a triangular design for the Victory headlight, does not fit Vision. Held in place with high heat tolerant hook and loop fasteners that allow easy removal for cleaning. Made in the USA.

NEW Fog Light Kit for Victory Forged Bars

For true fog light performance, Big Bike Parts® now makes a satin black mounting bracket for the Victory forged bars, allowing the placement of their fog lights low where they need to be. With over 140,000 fog lights on the road, Big Bike Parts® leads the motorcycle industry in knowing how to deliver fog lights. These SAE compliant fog lights are great to increase visibility of swales during fog or at low light times. These 3 1/2" lights have a custom designed visor as part of the bezel, each contains two high output, high intensity LEDs for the best in illumination. For Victory Cross Roads, Cross Country, Hardball and Magnum forged bars 2010 and newer.

Fitment	Part No.	Unit

1 1/4" Highway Bar Mini LED Light Kit. For 1 1/4" Bars, Universal Fit.	55-365L	Kit
Round 3 pcs 1 1/4" Clamp Only. 3/8" Mount Hole.	22-125	Pair

NEW Brake Pedal for Victory

Add some brake pedal style to your Victory Kingpin, Vegas, Cross Country, Cross Roads, Magnum and other Victory Models with this new Brake Pedal from Big Bike Parts®/Show Chrome Accessories™. This brake pedal replaces the small OEM stem with a 3 1/2" x 2" curved pedal to increase comfort and looks.

Fitment	Part No.	Unit
Brake Pedal for Victory Kingpin/Vegas, Cross Country/Roads, Magnum	30-112	Kit

NEW Shifter Peg Cover

Big Bike Parts® has updated its market leading shifter peg cover to allow fitment to not only 7/8" peg shifters, but also to shift levers with either an 8mm or 5/16" screw mount as used on Harley's and Victory's. The oval shaped chrome cover has six rubber contact straps and securely mounts with set screws to improve your shifter peg lever. The 8mm is ideal for the Victory Kingpin, Vision, Cross Country and New Indian Chief and Roadmaster. This is a quick and inexpensive way to improve comfort and looks of the shifter peg.

Fitment	Part No.	Unit
8 mm Thread for Victory Kingpin, Vision, Cross Country 2004 - newer, Indian Chief, Roadmaster, etc	21-557	Kit

Highway Clamp with Rail Peg

The billet aluminum Highway Clamp with Rail Peg has a pivoting foot peg for folding the pegs out of the way when they are not in use. Fits Show Chrome Accessories® Highway Bars (see page 72), OEM and aftermarket 1-1/4" Highway Bars/Engine Guards.

Fitment	Part No.	Unit
Fits 1-1/4" Highway Bars/Engine Guards	21-334	Pair

NEW Straight Valve Stems

These Aluminum Tire Valve Stems are available in either silver or black anodized finish. Their low profile is only 1 3/16" in length, making them fit any tight space needing a compact stance. The metal base will not pull thru the wheel rim, which needs a minimum of 8mm hole for clearance. An inner and outer rubber grommet washer provides a leak proof seal. An external nut allows for easy tightening of the valve stem for any needed maintenance. Sold as a pair.

Fitment	Part No.	Unit
Low Profile Valve Stem - Silver Anodized MW 8mm holes	5-801	Pair
Low Profile Valve Stem - Black Anodized MW 8mm holes	5-801BK	Pair

90° Metal Valve Stems

This 90° Metal Valve Stem is nickel plated brass for maximum durability. Designed to fit the Goldwing GL1500 and GL1800 OEM wheel stem holders. These metal valve stems are more durable than rubber valve stems and will fit any universal .453" / 11mm valve stem hole. Sold as a pair.

Fitment	Part No.	Unit
Fits Stem Holders with .453" / 11mm valve stem holes	5-802	Pair

Dual USB Auxiliary Cigarette Element

This Dual USB Auxiliary Cigarette Element is designed to plug into a 12 volt cigarette lighter socket and allow charging of electronic devices via USB connections. This Auxiliary Cigarette Element has 2- USB plugs, providing a 2.1 Amp power supply with an LED indicator when properly connected. Compatible with iPads, iPhones, GPS and other devices.

Fitment	Part No.	Unit
Dual USB Auxiliary Cigarette Element	13-309	Each

Waterproof USB Charger Handlebar Mount

Big Bike Parts® has an all new way to charge or power MP3, GPS, iPads and smartphones with their handlebar mounted 12 volt USB Charger. The dual USB ports are spaced far enough apart to allow use of the 2.1 amp and 1.0 amp ports at the same time. Black handlebar clamp allows attachment to either a 7/8" or 1" handlebar and the socket assembly can also be mounted into flat panel if desired.

Fitment	Part No.	Unit
Handlebar Mount USB Charger	13-208	Each

Twisted Mirrors

These Twisted Mirrors are manufactured of lightweight aluminum and have a sleek chrome finish. A unique twisted stem design hides any external joints or unsightly jam nuts. Available in two stem heights for your riding style: short 3-1/4" and tall 4-1/4". The Twisted Cruiser Mirrors simply thread into existing M10 thread mirror mounts for easy installation. For Honda, Kawasaki, Suzuki and Victory. Also available for Yamaha Cruisers with one Right hand M10 thread and one Left hand M10 thread see page 68.

Fitment	Part No.	Unit
For All Victory (Not Vision), Honda, Kawasaki, & Suzuki Cruisers (Short Stem)	28-101	Pair
For All Victory (Not Vision) Honda, Kawasaki, & Suzuki Cruisers (Tall Stem)	28-102	Pair

NEW Lock-On Valve Stem Extension

It can be frustrating to reach that hard to get to tire valve stem to get the air chuck on to check and add air. Big Bike Parts® has simplified this process with their Lock-On Valve Stem Extension. This convenient 24" flexible nylon air hose locks on with a snap to your tire valve stem extending access 24" allowing easy access for checking and filling any tire. This Lock-On Valve Stem Extension actually improves safety by making it easier to do routine pressure checks and fills. The braided nylon hose is durable for years of use. Designed for convenience with a 24" long nylon air hose with a universal lock on stem connection.

Fitment	Part No.	Unit

NEW Tridium Multifunction LED Fog Lights

Big Bike Parts® introduces the next generation of lighting to its market leading Fog Light System for the Honda Gold Wing. The new Tridium LED Fog Lights are 200% brighter providing more visibility than ever before with all new enhanced photometrics. A true fog light disperses their beam low and wide to allow increased visibility in rain and fog, as well as increased visibility of vehicles seeing you. None do it better than Big Bike Parts®. The Tridium Fog Light incorporates the latest automotive design with a true three function LED light, offering not only brilliant fog light illumination, but daytime running lights and turn signals to increase being seen and letting your intentions be noticed. The Tridium LED Fog Light is fully adjustable, allowing you to place the light where you need it most. Rubber isolation bushings provide a stabilized, vibration free light that is water sealed for weatherproof assurance. They are easily installed and come with OEM quality illuminated switch, wiring and all needed hardware. Tridium LED Fog Lights fit 2012 and newer OEM lower cowls with rectangular light knock-outs or can be used with the BBP# 52-908 Chrome Lower Cowl with all GL1800 models 2006 and newer. Adding Big Bike Parts® part number 52-765 light harness allows easy plug and play for 2001-2005 model years.

Amber LED for Windshield Garnish

Amber LED Windshield Garnish features 13 amber LEDs to perfectly accent the front of the GL1800. Amber LED Windshield Garnish Accent easily mounts on the underside of the windshield garnish with double sided tape provided. Plugs into existing wire harness, no splicing required.

Fitment	Part No.	Unit
Honda GL1800 2001-2005	52-697A	Each

Vertical Air Reflector

Enhance safety and visibility by bringing Amber and Chrome to the Vertical Air Intake. The 52-823 is an Amber Reflector set into a stylish contoured chrome accent to fit over the non functional Vertical Air Intake. The 52-824 goes one step further by incorporating a pair of 12 LED lights. This greatly enhances visibility and safety and can be wired as dual function running and turn signals for the ultimate improvement to visibility.

Fitment	Part No.	Unit
Amber Vertical Reflector. Honda GL1800 2012 - (not F6B)	52-823	Pair
LED Vertical Light. Honda GL1800 2012 - (not F6B)	52-824	Pair

Vertical Air Intake Accent

This Chrome ABS Accent dresses up the Vertical Air Intake on the 2012 and newer GL1800 Gold Wings. This must have chrome accent attaches easily with double sided tape provided for a custom look.

Fitment	Part No.	Unit
Honda GL1800 2012 - (not F6B)	52-826	Pair

Chrome Windshield Garnish Vent Accents

These bright chrome accents make a great addition to the OEM painted windshield garnish. Attach easily with double sided tape already affixed to the accent trim with easy pull mounting. Fits Honda GL1800 Gold Wing 2012-newer windshield garnish.

Fitment	Part No.	Unit
Honda GL1800 2012 - newer	52-796	Pair

Side Fairing Emblem Accents

The design is in the details! This ABS chrome accent fits around the Honda GL1800 side fairing emblem, without covering and trying to hide it. The contoured swish is elegantly shaped with multiple layered surfaces matching the curve of the fairing. Its half moon cut out design actually enhances the emblem details. Attaches with double sided tape for a secure fit.

Fitment	Part No.	Unit
Honda GL1800 2012 - (not F6B)	52-815	Pair

Gold Wing Accessories

Martini Air Intake Grilles

Martini Air Intake Grilles incorporate six amber LED's on each side, offering added safety through visibility. These Martini Air Intake Grilles function as running and turn signal lights. Grilles are sold as pairs and include all the needed wire connectors.

Belly Pan for Honda GL1800

Streamline and protect your undercarriage by adding a belly pan to your GL1800. While the primary goal of a belly pan is to protect softer undercarriage parts such as your coolant tank, there is added streamlining that provides a smoother air flow and contributes to less wind drag and buffeting at highway speeds. A custom engineered perforation pattern is incorporated to increase ventilation for better airflow. Made from aircraft quality aluminum and designed in two pieces to allow easier oil filter access. Edges are softened to minimize sharp edges. Made in the USA.

Honda GL1800 2001 - newer	52-834	Set

Passenger Floorboard Risers

Steel plates mount into the stock holes enabling the OEM passenger floorboards to be relocated into one of 10 positions easily without removal of bolts. Allows boards to be raised 3-5/8" higher and positioned 1-1/2" further forward compared to the OEM position.

Fitment	Part No.	Unit
Honda GL1800 2001 - (not F6B)	52-693	Set

Passenger Floorboard Cover

These chromed ABS Covers mount to the bottom of the passenger floorboards to replace the OEM gray plastic. Mounts with existing hardware.

Fitment	Part No.	Unit
Honda GL1800 2001 - (not F6B)	52-626	Pair

Gold Wing Accessories

1 Chrome Engine Side Cover

These Chrome Engine Side Covers replace the OEM flat black covers on the 2012 - newer Gold Wing. They come as a pair with heat resistant padded foam backing just like the OEM pieces, but in our durable Show Chrome Accessories® chrome finish and can be paired with BBP #52-714.

Fitment	Part No.	Unit	
Honda GL1800 2012 -	52-799	Pair	

2 Chrome Frame Covers

These Chrome Frame Covers replace the gray plastic OEM covers. Mounts with existing hardware.

Fitment	Part No.	Unit	
Honda GL1800 2001 -	52-714	Pair	

Passenger Floorboard Side Covers

The Side Covers replace the OEM gray trim pieces along the side of the passenger floorboards of Honda GL1800.

Fitment	Part No.	Unit	
Honda GL1800 2001 -	52-613	Pair	

Chrome Frame Covers with Rubber Inserts

An alternative to the all chrome look. This piece combines chrome and raised rubber inserts to replace the gray plastic OEM swing arm cover and all the way up the frame. Attaches with existing hardware.

Fitment	Part No.	Unit	
Honda GL1800 2001 -	52-724	Pair	
Replacement Rubber Inserts	952724R	Set (5pc.)	

Chrome & Rubber Swing Arm Covers

These Chrome & Rubber Swing Arm Covers provide the proper scuff protection between the rider's boot and frame. The cover replaces the OEM gray plastic. Mounts with existing hardware.

Fitment	Part No.	Unit	
Rubber Inserts Honda GL1800 2001 -	52-640	Pair	

1 Battery Side Covers

Big Bike Parts® has completely redesigned the Battery Side Covers for the 2012- GL1800 Gold Wings, giving them style and the look of speed that is lacking on the OEM covers. These ABS chrome battery side covers incorporate a rubber scuff pad as well as an exciting vent that better compliments the lines of the Gold Wing. The rubber scuff pad flows into an adjoining scuff pad when used in combination with BBP # 52-816 LED Saddlebag Scuff Accent.

Fitment	Part No.	Unit	
Honda GL1800 2012 -	52-822	Pair	

2 LED Saddlebag Scuff Accents

The Chrome LED Saddlebag Scuff Accents cover the black OEM side saddlebag panels and increase safety by incorporating SMD LEDs. These accents incorporate 56 high visibility LEDs, 28 per side, to let you be seen better in all conditions. This heightened design also incorporates a rubber scuff pad to keep passenger scuffs where they belong. The design of the LED Saddlebag Scuff Accent flows into Big Bike Parts® pair of Battery Side Covers (BBP # 52-822) that has its own matching rubber scuff pads and forward flowing design.

Fitment	Part No.	Unit	
Honda GL1800 2012 -	52-816	Pair	

Battery Side Cover Trim With Rubber Inserts

The chromed ABS Battery Side Cover Trim with contrasting raised black rubber inserts coordinate beautifully with our Chrome Frame Covers with Rubber Inserts (52-724). Mounts with existing hardware.

Fitment	Part No.	Unit	
Honda GL1800 2001-2010	52-723	Pair	
Replacement rubber for 52-723 (2 pcs)	952723R	Pair	

Battery Side Cover Trim

The chromed ABS Battery Side Cover Trim replaces the OEM black plastic trim on Honda GL1800. Mounts with existing hardware.

Fitment	Part No.	Unit	
Honda GL1800 2001-2010	52-630	Pair	

Gold Wing Accessories

SmartMount™ Passenger Backrest for Honda F6B

The Passenger SmartMount™ Backrest for Honda F6B is custom engineered to compliment the driver SmartMount™ Backrest. The generous 12-3/8" x 7" full support pad provides superior comfort and support and can be adjusted by 2-1/2" vertically with our exclusive & stylish passenger backrest mounting bracket. Comes with all necessary hardware for attaching backrest to our 52-830M Rack Mount Kit or use the OEM mounting bracket (both sold separately).

Fitment	Part No.	Unit
Honda GL1800 F6B Passenger Backrest	52-838	Kit

SmartMount™ Driver Backrest for Honda F6B

The Smart Mount™ backrests from Big Bike Parts® for Honda F6B is a generous 12-3/8" x 7" full support pad providing superior comfort. This backrest support can be adjusted 1" vertically and 2" horizontally with our exclusive pad hinge and adjustable tongue. A convenient removable storage pouch snaps to the back face. Made in the USA.

Honda GL1800 F6B	52-832	Kit

NEW Tapered Seat Bolt Set

Tired of trying to align your seat bolts every time you remove your seat? New Tapered Seat Bolts from Big Bike Parts® solve this problem once and for all. These custom made bolts with tapered tips are self-aligning and make installing your Gold Wing seat as easy as 1, 2, 3, 4. Made from stainless steel, binding and corrosion are non-events, allowing easy use year after year. Available in three special kits for your OEM GL1500/GL1800, F6B, and aftermarket GL1500 hooped backrests.

Fitment	Part No.	Unit
M8 - 1.25 x 75mm & 95mm Tapered Seat Bolts. For Honda GL1800 F6B	52-843	4pk

Smart Mount™ Drivers Backrest

The Smart Mount™ backrest attaches through the OEM seat and only the backrest pad perches through the driver seat. This eliminates all side mounting brackets and backrest hoop making a very clean look. This backrest utilizes Big Bike Parts® copyrighted backrest pad hinge and adjustable tongue, allowing the backrest pad to mount up or down with 1" of adjustment, as well as pivoting, allowing you to stretch while riding. Comes with all required hardware and includes storage pouch. Made in the USA.

Fitment	Part No.	Unit
Honda GL1800 2001- newer (not F6B)	52-797	Kit

Driver Backrest

This Driver Backrest incorporates our popular hoop and slide tube brackets for secure and compact fit. The specifically contoured backrest fits and coordinates with the OEM seats and has a passenger storage pouch. Adjustable backrest.

Fitment	Part No.	Unit

Adjustable

Armrest/Backrest Combo

Armrest/Backrest Combo incorporates a smaller contoured driver backrest using materials and designs to match the OEM look. This design is a sleek single mounting bracket which allows for easier installation of both the backrest and the armrests.

Fitment	Part No.	Unit
Honda GL1800 2001 - (not F6B)	52-771	Kit
Replacement Kit includes 2 Coupler Nuts & 2 Collars	952637PC	Kit

Passenger Armrests

This Deluxe Armrest System for the GL1800 Gold Wing is the ultimate in styling and comfort. The billet forged aluminum brackets are CNC finished and mount to the trunk. The socketed attachment of the swing arm does not interfere with the trunk opening and swings fully out of the way for passenger access. Uses the antennas to help mount to the trunk and an optional CB mount, BBP # 52-679, is available if no CB antenna is on board.

Fitment	Part No.	Unit
Honda GL1800 2001 - (not F6B)	52-672	Kit

Gold Wing Accessories

GPS/Phone, Gadget Bar & Beverage Holder for Gold Wing

Big Bike Parts® popular Smart Mount™ Cell Phone/GPS, Beverage and Gadget Bar Mounts. The expandable Smart Phone/GPS mount will easily accept units up to 3 1/2" wide. A rubber gripped back and foam side tabs hold devices securely in place. Choose from either a Driver Handlebar Mount or Passenger Armrest Mount. Each Beverage Holder has been designed for easy installation and removal, just install the bracket and the beverage holder itself can be quickly snapped into place or removed. Beverage Holder models for Can-Am Spyder RT, Gold Wings & most handlebar face clamps with 32-35mm screw spacing. The Passenger Armrest Mount works with Big Bike Parts® Passenger Armrest Kits BBP # 52-771, 52-677A, 52-672, 2-477 and 41-159 as well as Markland and other armrests. Also available is a 7/8" Universal Gadget Bar in a convenient 4 1/2" width to mount with any 7/8" clamp, making this a truly universal attachment for most any accessories. Once the Handlebar receiver is installed, the Cell Phone Holder, Gadget Bar or Beverage Holder easily snaps into the receiver mount for easy use. While all parts are totally interchangeable, each is sold separately. Fits all face clamps up to 32-40mm on center. Please see pages 18-19 for more fitments.

Star Washers with Rubber Washers

Ideal for luggage racks or saddlebags. The Star Washers are designed to distribute weight evenly when racks are loaded. Also works great for other locations that would need oversized washers. 1/4" hole, 1-1/4" O.D.

Part No.	Unit
4-231R	10 Pack
4-231R-4	4 Pack

Tour Luggage Rack

Big Bike Parts® gives the Honda F6B a true Tour Luggage Rack. This rack is custom designed to match the graceful lines of the F6B and mounts with either the OEM or Big Bike Parts® 52-830M mount. This mount is used to mount either the rack or backrest or both, so if the OEM mount is in place the mount is not required. This rack is a generous 18-3/4" x 12" (approximately 6-1/2" wider and 2" longer than OEM) and accommodates large luggage tour bags such as UltraGard's 4-603 and Hopnel's H50-106BK Tour Rack Luggage Bags. Also available in our Dark Smoke™ finish please see page 144.

Fitment	Part No.	Unit

Gold Wing Accessories

1 Taillight Lens Accents

The answer to transforming your GL1800 Taillight Bar into a thing of beauty is Big Bike Parts® 3 piece Taillight Bar Lens Accents. This ABS Contoured™ chrome design, continues the coordinated design theme of accents from front fender to rear taillight, providing a true work of art. Each piece is finished in our Show Chrome Accessories® chrome finish and easily attaches with double sided adhesive.

Fitment	Part No.	Unit
Honda GL1800 2012 - (not F6B)	52-821	3 pc set

2 License Plate Cover Trim

Big Bike Parts® has created this Contoured™ License Plate Cover Trim that instantly dresses up the rear fender of the 2012 newer Gold Wings. It mounts with double sided tape provided to the OEM rear License Plate Visor.

Fitment	Part No.	Unit
Honda GL1800 2012 -	52-827	Each

3 LED Rear Fender Tip

This ABS Contoured™ Chrome Accent with LEDs mounts to the lower rear fender with both double sided adhesive tape and 2 button head screws to replace OEM. This Contoured™ Chrome LED Accent incorporates 20 SMD LEDs configured as a dual function for both running and brake use. Custom designed beveled lens minimize hot spots where the LEDs are displayed, resulting in a more uniform pattern.

Fitment	Part No.	Unit
Honda GL1800 2012 -	52-819	Each

4 Saddlebag Rear Trim Accents

Big Bike Parts® has designed this pair of Rear Saddlebag Trim Accents to not only finish off the look of the lower rear saddlebag and fender of the GL1800 but to complement and fit with our Rear Fender Tip LED Accent. The contoured chrome accents come with red reflectors to improve safety and the look of your GL1800. The contoured design matches the LED Rear Fender Tip for a great finished look.

Fitment	Part No.	Unit
Honda GL1800 2012 -	52-829	Each

5 Die Cast Exhaust Tips

Big Bike Parts® introduces its all new GL1800 Gold Wing exhaust tip extensions with a scalloped style design. These die cast extensions easily replace the OEM exhaust tips with the same 3 bolt pattern. The 4-1/2" diameter extension is capped with a blind mount die cast trim, adding a true custom look to your Gold Wing.

Fitment	Part No.	Unit
Honda GL1800 2001 -	52-798	Pair

Chrome Exhaust Tips

These single Exhaust Tips are 9-3/4" L x 5" diameter to replace the OEM. These exhaust tips provide more turndown than others, helping to keep the exhaust fumes low and underneath any trailer being pulled. Extra length extends tips approximately 3-1/2" past the bottom of the saddlebags.

Fitment	Part No.	Unit
Honda GL1800 2001 -	52-618	Pair

Rear Fender Trim

The Fender Trim wraps around the rear fender tip for a nice chrome touch. The trim is approximately 1" high and attaches with double sided tape provided.

Fitment	Part No.	Unit
Honda GL1800 2001-2010	52-695	Each

52-814

52-694

Electronically Isolated Trailer Wire Harness

This trailer wire harness isolates the load between the motorcycle and trailer through four 10 amp relays to prevent electrical feedback. The heavy duty circuit board can handle a continuous 16 amp steady load and further isolation is provided with a separate 15 amp inline fuse for additional protection. Plugs into existing wire harness, no splicing required. Works with 5 pin trailer connector (not included).

Fitment	Part No.	Unit
Honda GL1800 2001-2010	52-694	Each
Honda GL1800 2012 - (not F6B)	52-814	Each

Trailer Dead Bolt Hitch Lock

Made in the USA. This 1/2" Dead Bolt Hitch Lock provides extra security for trailers. Comes with its own set of keys for quick unlocking.

Fitment	Part No.	Unit
1/2" Dead Bolt Hitch Lock	4-222	Each

Receiver Hitch

This hitch assembly incorporates a vertical receiver and mounts to the frame, making this new vertical hitch essentially invisible when the receiver mount is removed. It includes the same features Big Bike Parts hitches are known for: strong cross tie to the saddlebag sub structure, large chain loops on the receiver, chrome 1-7/8" ball and anti-chatter bolt to minimize trailer sway. Comes with all hardware and instructions. Fits 2001 - newer Honda Gold Wing.

Fitment	Part No.	Unit
Honda GL1800 Gold Wing 2001 - newer, F6B	52-825	Kit
1-7/8" Hitch Ball	900437B	Each
Chrome Plated Steel Ball Cover -- Fits any 1-7/8" - 2" Hitch Ball	4-229	Each

Receiver Hitch Rack

The Universal Trailer Hitch Rack is a generous 16" x 10 1/2" platform that will accommodate coolers, extra luggage, bags and more. A simple mounting bracket design uses your hitch ball as its mounting bolt with a custom designed washer that prevents movement once securely tightened. Works with most receivers up to 3" wide and fits balls with up to a 3/4" shank. Fits with both horizontal and vertical receiver hitch assemblies. Quick release design allows quick removal by simply removing the 2 locking pins and sliding the rack free of the mount to accept your trailer. Made from durable powder coated steel, this rack will give years of service and hold up to harsh road grime. Its open tubular design brings this durable rack in at barely over 6 lbs.

Fitment	Part No.	Unit
Receiver Hitch Rack	52-828	Each

Gold Wing Accessories

LED Spoiler Light

The LED Spoiler Light is a dual functioning light that works as both a running and brake light. There are 24 LEDs for optimal brightness and visibility from behind. Plugs into existing wire harness, no splicing required. Mounts with existing hardware. Dimension 13"L x 2-1/4"W x 1-1/8"H. DOT Approved.

Fitment	Part No.	Unit	
Honda GL1800 2001-2010 (clear lens)	10-528	Each	

Trunk Turn Signal Conversion Harness

This Conversion Harness converts your trunk lights into running/turn/brake lights for added safety. The conversion harness will not effect OEM turn signals.

Fitment	Part No.	Unit	
Honda GL1800 2001-2010	52-766	Each	

3 Pin Connector Adapter Pigtail

Show Chrome Accessories® offers a Plug 'N' Go option for front lighted accessories on the Honda GL1800 Gold Wing 2006-2010 models.

This Adapter allows items with 2001-2005 connectors to be used on 2006-2010 Gold Wings. Plug into the existing wire harness, no splicing required. Use the 3 Pin Connector Adapter Pigtail to convert the following Show Chrome Accessories® for use on the 2006-2010 models (52-697A, 52-727, 52-728, 52-743, 52-747A).

Fitment	Part No.	Unit	
Honda GL1800 2006-2010	52-765	Pair	

NEW Electronic Fuse Block

Big Bike Parts® delivers a game changer in the standard for electrical accessory connections on motorcycles with our new Electronic Fuse Block. Designed with eleven terminal tie in points which are electronically protected by nine separate relays and fuses. It is a compact 1 1/8" x 2 3/4" x 3 3/4" which easily mounts to the battery, eliminating all other direct battery connection needs and making accessory connection a breeze. The bike's electrical system is protected by a 20 amp fuse and separate 30 amp relay to isolate all your electrical accessories. Includes 3 keyed power connections, 2 always on power connections protected by a combination of 5 and 10 amp fuses. Separate left and right turn signal connection terminals, 2 running light and 2 brake light terminal blocks, all protected by four 8 amp 277 volt automatic switch relays for complete isolation. This universal wiring accessory is a must have when adding electrical accessories to today's modern electronic oriented bikes.

Fitment	Part No.	Unit	
Universal Electronically Isolated Fuse Block	13-311	Each	

Dual Function Converter

The light converter allows the Honda spoiler light to function as a running and brake light. Plugs into existing wire harness, no splicing required.

Fitment	Part No.	Unit	
Honda GL1800 2001-2010	52-734	Each	

Saddlebag Light Harness

Works with 52-776 and 52-777.

Fitment	Part No.	Unit	
Honda 2001-2005	52-680WI	Set (4pc.)	

Accessory Socket

Plugs in easily to on-bike accessory harness allowing easy use of GPS Units, Radar Detector, Cell Phone Charges, etc. Drilling required for installation. Plugs into existing wire harness, no splicing required.

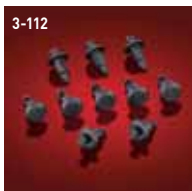

Fitment	Part No.	Unit
Honda GL1800 2001- (Socket Only)	52-748	Each

Replacement Grommets

The five piece Replacement Grommet set, matches the OEM. The set includes: two ovals, two rounds and one slotted.

Fitment	Part No.	Unit
Honda GL1800 2001-	52-691	5 pk.

Plastic Rivets

Re-usable Plastic Rivets for replacement of OEM rivets used on inside of fairings or fits 6mm holes on the GL1800 for use on front fairing pockets & etc.

Fitment	Part No.	Unit
Re-usable Plastic Rivets. Fits Honda GL1800 2001-	3-104	10 pk.
Flush Re-usable Rivets. Fits 6mm holes on Honda GL1800 2001-	3-112	10 pk.
Low Profile Plastic Rivets. Fits Honda GL1800 2001 -	3-106	10 pk.

Dual Load Equalizer

Dual Load Equalizer is designed to allow LED turn signals to operate in place of the stock incandescent bulb turn signals without replacing the flasher module. Item splices into existing turn signal system.

Description	Part No.	Unit
Dual Load Equalizer	13-304A	Each

Dual Port USB Charger

Big Bike Parts® has an all new way to charge or power MP3, GPS, iPads and smartphones with their handlebar mounted 12 volt USB Charger. The dual USB ports are spaced far enough apart to allow use of the 2.1 amp and 1.0 amp ports at the same time. Black handlebar clamp allows attachment to either a 7/8" or 1" handlebar and the socket assembly can also be mounted into a flat panel if desired.

Fitment	Part No.	Unit
Honda GL1800	13-208	Each

Dual USB Auxiliary

This Dual USB Auxiliary Accessory Element is designed to plug into a 12 volt cigarette lighter socket and allows charging of electronic devices via USB connections. This Auxiliary Cigarette Element has 2 - USB plugs, providing a 2.1 Amps power supply with an LED indicator when properly connected. Compatible with iPods, Smartphone, MP3, GPS, and other devices.

Fitment	Part No.	Unit
Honda GL1800	13-309	Each

Dual Port USB Auxiliary Socket

This Dual USB Auxiliary Socket, allows charging of USB electronic devices. The Auxiliary Socket has 2 - 2.1 amp USB power plugs for use in charging MP3, GPS, Phones and other devices. Wire harness is Plug 'N' Go on GL1800 2001 - newer or there is a universal splice connection to wire into any 12 volt system.

Fitment	Part No.	Unit
Honda GL1800 2001 -	52-820	Pair

Brake Light Conversion Harness

This part adds a brake light function to the OEM lower saddlebag light assembly. The Plug 'N' Go harness plugs into existing points on the bike, to easily add the brake light function to the lower saddlebag.

Fitment	Part No.	Unit
Honda GL1800 2012 - (not F6B)	52-812	Each

Gold Wing Accessories

Smoke™ Side Accessory Group

Big Bike Parts® created dark Smoke™ for the perfect custom Gold Wing, with a Limited Edition offering of four accessory group packages by turning our Show Chrome Accessories® finish into dark Smoke™. Our unique dark plated finish gives an elusive feeling to our chrome that adds depth and definition. The dark Smoke™ look can take on a chameleon effect depending on lighting. Its dark mirror finish is an ideal accent to the F6B and its blacked out design.

This Smoke™ Side Accessory Group package includes: 1) Pair of Smoke Passenger Board Side Covers; 2) Pair of Smoke Engine Side Covers, 3) Pair of Smoke LED Saddlebag Scuff Accents, 4) Pair of Smoke Battery Side Covers with Scuff Pad, and 5) Pair of Smoke Frame Covers with Rubber Scuff. The Smoke™ Side Accessory Group also includes our Smoke™ Limited Edition Emblem which gives you that added exclusive look. Individual parts are also available please see the below listing for the Smoke™ Side Accessories.

Fitment	Part No.	Unit	
Smoke™ Side Accessory Group Package. For GL1800 Gold Wing	SPL52822SK	Kit	
Smoke™ Passenger Board Side Covers. For GL1800 Gold Wing	52-613SK	Pair

Smoke™ Engine Side Covers. For GL1800 Gold Wing 2012 -	52-799SK	Pair	
Smoke™ LED Saddlebag Scuff Accents. For GL1800 Gold Wing 2012 -	52-816SK	Pair	
Smoke™ Battery Side Cover with Scuff Pad. For GL1800 Gold Wing 2012 -	52-822SK	Pair	

Smoke™ Tour Luggage Rack

Big Bike Parts® gives the Honda F6B a true Tour Luggage Rack. This rack is custom designed to match the graceful lines of the F6B and mounts with either the OEM or Big Bike Parts® 52-830M mount. This mount is used to mount either the rack or backrest or both, so if the OEM mount is in place the mount is not required. This rack is a generous 18-3/4" x 12" (approximately 6-1/2" wider and 2" longer than OEM) and accommodates large luggage tour bags such as UltraGard's 4-603 and Hopnel's H50-106BK Tour Rack Luggage Bags. Also available in our Show Chrome Accessories bright chrome finish please see page 86.

Fitment	Part No.	Unit

Gold Wing Accessories

1 LED Day-Running Light

A key to safety is being seen. This chrome front headlight vent is not only a stunning accent, it is a safety accessory to let oncoming traffic see you first. It incorporates 17 Hi-Intensity Day Running LED's into the Front Headlight Vent updating any of the 1988 through 2000 GL1500 Gold Wings.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	52-562	Each

2 Fairing Upper Skirt

This chrome plated accent skirt fastens under the GL1500/6 fairing for a dressed-up look. Easily attaches to two existing holes.

Fitment	Part No.	Unit
Honda GL1500/6	2-374	Each

3 Front Fender Rail

This all steel design is a Show Chrome exclusive, smoothly complementing the graceful lines of your GL1500/6 fender. Its four point installation won't slip or move.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-419	Each

4 Chrome Front Rotor Cover

Designed to update all pre-1998 Gold Wings to the 1998-2000 look. Three piece set.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-497	Pair

5 Illuminated Rotor Accents

Chromed ABS Rotor Accents fit over your Honda GL1500/6 rotor cover with cut outs for lights to glow from behind. Two rows of LED's glowing inward and outward. Set comes complete with LED rotor lights in Tri-color.

Fitment	Part No.	Unit
Tri-Color (amber, blue, red) LED Illuminated Rotor Accent	2-452T	Kit
Replacement Amber LED Light Strip for 2-452L	10-2624A	Pair
Replacement Tri-Color LED Light Strip for 2-452T	10-2624	Pair

Chrome Steel Trim Plugs

7/8" Trim Plugs fit side holes of Rotor Covers, BBP # 2-497.

Fitment	Part No.	Unit
Fit GL1500/6 1988-2000	3-102	Set of 4

Rotor Cover Trim

Add Rotor Cover Trim to your GL1500/1600 and add some style. Easy installation.

Fitment	Part No.	Unit
GL1500/6 1988-1997	2-277	Pair

Fork Cover

The chromed ABS Fork Cover is an exact replacement for the stock cover.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-291	Each

Tour Headlight Lower Grille

This chromed ABS Headlight Lower Grille is an OEM replacement for all Honda GL1500/6 Gold Wings.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-429	Each

Extended LampGard™

This precisely contoured Extended LampGard™ provides an exact fit and protects all three sections of the Honda GL1500/6 headlamp from flying stones or other debris. Installs quick and easy with special heat resistant dual lock fasteners and can be easily removed for cleaning.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-402	Each

Driving Light Kit - LED or Halogen

Show Chrome Accessories® expands its Driving Light Kits for the GL1500 by offering an enhanced LED version along with its Halogen counterpart. These Driving Light Kits change the lower cowl cornering light on pre-1998 Gold Wing GL1500 in to true driving fog lights with a choice of Halogen or LED. The new LED version includes two hi-intensity, 750 lumen LED'S, in bright condenser bulbs. True plug and play simplicity easily plugs into existing OEM wiring harness on all Gold Wing GL1500, from 1988 -2000. Replace the black rubber moldings with Chrome Trim Accents BBP # 52-573 for a true custom finish.

Fitment	Part No.	Unit
Halogen Driving Light Kit For Honda GL1500/6 1988-2000	52-595	Set
NEW LED Driving Light Kit For Honda GL1500/6 1988-2000	52-595L	Set
Replacement Halogen Bulb For 52-595	10-2595	Each

Chrome Driving Light Trim

Show Chrome Accessories® replacement for the sought after SE style cornering light trim. Eliminates need for the unsightly rubber gasket. Fits with BBP 52-595 and 52-595L.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	52-573	Pair

Gold Wing Accessories

2-82

2-451

Tour Windshield Accent

Chrome plated Windshield Accent is an OEM replacement updating the older Honda GL1500/6 models to match the 1995-2000 styling. Attaches with mounting bracket and fresh air louvers provided.

Fitment	Part No.	Unit
Plain Tour Windshield Accent 1988-2000	2-451	Each
Tour Windshield Accent with Screaming Eagle Emblem	2-451E	Kit
6 1/2" Screaming Eagle Emblem only (gold)	2-82	Each

Lower Cowl Housing

Chromed ABS cowl housing replaces the dull gray or painted OEM lower front cowl.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-438	Each

ABS Mirror Back Accents Set

High quality pressure sensitive tape is attached for a quick and secure installation.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-279	Pair

Chrome Mirror Units

These chrome finished mirrors are a replacement for the Honda GL1500/6 OEM mirrors. Attaches with existing hardware.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-445	Pair

Lower Cowl Accent

The chromed ABS Lower Cowl Accent brightens the front louvers on the gray or color matched front lower cowl housing. Drilling is required.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-345	Each

Engine Lower Side Covers

Replace the drab gray or color matched piece between the upper engine side cover and the rear step cover with shining chrome. Easily installs with only a Phillips head screwdriver, instantly brightening this dull area on the Honda GL1500/6.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-415	Pair

Engine Side Carb Covers

These chrome plated Side Carb Covers are an exact OEM replacement including foam insulation backing. Replace those flat gray covers with shiny chrome covers.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-439	Pair

Cam End Covers

For the Honda GL1500/6 and the Valkyrie. Dimension 3"L x 3-1/2"W.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000 & Valkyrie	1-314	Pair
Honda GL1500/6 1988-2000 & Valkyrie	2-286	Pair

Belly Pan for GL1500

Adding a Belly Pan to your GL1500 Gold Wing will streamline and protect your undercarriage while providing additional benefits. It will provide smoother air-flow reducing wind drag and buffeting at highway speeds. A custom engineered perforation pattern is incorporated to increase ventilation for better air-flow. Includes an access hole for the oil drain plug and the two piece design allows convenient oil filter access. Made from aircraft quality aluminum with all edges softened to minimize any sharp edges. Made in USA.

Fitment	Part No.	Unit
Honda GL1500 Gold Wing 1988-2000	52-574	Each

Front Fender Accent

This ABS chrome Front Fender Tip Accent compliments the GL1500 with its contoured tapered design for a fresh current look. Easily mounts with double sided tape included. For 1988- 2000 GL1500 Gold Wings.

Fitment	Part No.	Unit
Honda GL1500	52-569	Each

Front Fender Extension

Chromed ABS Fender Extension helps protect the lower cowl. Includes required hardware. Drilling is required. 3-3/4"L Extension.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-284	Each

Front Fender Extension

Add shape and depth to your bike's front end with this Fender Extension in the raised rib pattern. Drilling is required. 4-1/2"L Extension.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	52-554	Each

Gold Wing Accessories

1 Upper Fairing Edge Trim

Bright chrome trim replaces the OEM painted upper edge trim that connects to the mirror trim and lower trim.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	52-551	Pair

2 Lower Fairing Corner Molding Trim

Bright chrome trim replaces the OEM painted lower fairing corner molding.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	52-550	Kit

3 Fairing Side Fin Louvers

These chromed ABS Fairing Side Fin Louvers replace the OEM black louvers with bright chrome.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-495	Pair

Fairing Marker Turn Signal Kit

This kit makes the side fairing marker lights flash alternately with the turn signals, making this a true safety necessity allowing greater visibility of your turning intentions. Plugs into existing wire harness, no splicing required. Requires Fairing Light Harness Kit (BBP # 2-281) to operate.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-425	Pair

1 Fairing Vent Trim

This chromed ABS accent trim brightens the area in front of the engine side louver. Drilling is required.

Fitment	Part No.	Unit
Honda GL1500/6	2-336	Pair

2 Fairing Lower Louver Set

The chromed ABS covers fit over the black stock fairing lower louvers. No drilling required.

Fitment	Part No.	Unit
Honda GL1500/6 1988-1997	2-290	Pair

Fairing Side Light Housing

For more light and safety, use these exact OEM replacements for old, broken or worn-out housings.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	52-558	Pair

Fairing Light Harness Kit

Two pieces for left & right side. Wire harness only. 12 Volt 3 watt wedge.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-281	Pair
Replacement Bulbs	10-281	10 pk.

1 Front Turn Grilles

Chromed ABS Light Front Turn Signal Grilles fit over the fairing turn signal on all Honda GL1500/6's.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-435	Pair

2 Front Position Light Grilles

Chromed ABS Front Position Light Grilles fit over the position lights on all Honda GL1500/6's.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-436	Pair

3 Fairing Marker Light Grilles

Chrome plated Fairing Marker Light Grilles replace the black plastic strips along the fairing side lights.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-255	Set

4 Fairing Vent Trim

The chromed ABS Trim accent brightens the area in front of the side louver.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	2-336	Pair

5 Fairing Side Fin Louvers

Chromed ABS Fairing Side Fin Louvers replace the stock OEM black louvers with bright chrome.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000, Valkyrie	2-495	Pair

6 Tour Cylinder Covers

Chrome plated Tour Cylinder Covers replace the Honda GL1500/6 OEM covers with a clean, bright chrome finish. Complete with required tappet screws.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000, Valkyrie	2-480	Kit
Valve Cover Tappet Bolts for 2-480	900480B	Each

7 Touring Cornering Light Grilles

Chromed ABS Cornering Light Grilles easily fit over the GL1500/6 cornering lights. Their wide sweeping lines do not block the effectiveness of your lights.

Gold Wing Accessories

1 Smart Mount™ Backrest

This backrest attaches through the seat and only the backrest pad and support arm sit above the driver's seat. This eliminates all side mounting brackets and the backrest hoop, making a clean look and more leg room for the rear passenger. This system utilizes Big Bike Parts® copyrighted pad hinge and adjustable tongue, allowing the backrest pad to mount up or down with 1" of adjustment, as well as pivoting forward or back. Comes with all required hardware. Backrest includes a handy removable storage pouch on the backside. Made in the USA.

Fitment	Part No.	Unit
Honda GL1500	52-567	Set

2 Passenger Armrests

Our high quality color matched passenger armrest pads, conveniently swing back out of the way for easy passenger access. They easily bolt to the antenna mounts on each side. Color coordinated with our driver backrests. Use BBP# 2-470 mounting bracket if no C.B. is present.

Description	Part No.	Unit

Gold Wing Accessories

NEW LED License Filler

Big Bike Parts® provides safety to the GL1500 Gold Wing rider again, by updating its Chrome License Plate Filler Trim with 60 LEDs. The License Plate Filler Trim has been a popular dress up item for most GL1500 owners, so the addition of 60 LEDs to enhance rider visibility and safety was a natural step for Big Bike Parts®. This chrome trim really brightens up a dark area around the license plate and the LEDs can be hooked up as Running and/or Brake Lights for the GL1500 Gold Wing 1988-2000. It is mounted with double sided tape.

Fitment	Part No.	Unit
Honda GL1500 1988-2000	52-525	Each

Deluxe Luggage Rack

This large luggage rack was designed with the Honda Valkyrie Interstate in mind but fits perfectly on the Honda GL1800 and GL1500 Gold Wings. The manufacturer's trunk specs should be referenced for loading limits. Dimensions are 24"L x 13"W x 7-1/2"H. The hardware comes with tapered stainless steel spacers that allow the rack to easily conform to the curve of almost any trunk. These specially designed washers are recessed to allow the rack feet to sit into the spacer spreading the load over the trunk lid more equally. Rubber washers assure a water tight fit to the trunk lid.

Fitment	Part No.	Unit
Honda GL1500/6 1988-2000	52-610	Each

Rear License Plate Trim

Chrome License Plate Trim in the OEM 1998 style. Will retro-fit to all model years of the Honda GL1500/6 Gold Wing.

Fitment	Part No.	Unit

Trike Fender Racks

Built with high luster chrome plated steel tube. The Trike Fender Racks will fit most aftermarket trike bodies and are easily installed with the supplied hardware. Rack size: 12" L x 6-1/4" W.

Description	Part No.	Unit
Trike Fender Racks	41-130	Pair

NEW Tour Rack Risers

Get more clearance under your luggage racks allowing for easy cleaning or to getting other accessories to fit below. Big Bike Parts® has the perfect solution with their new Tour Rack Risers. These Rack Risers universally fit ½" diameter tubes with a custom recessed bevel to securely fit and enhance your original rack legs. They extend rack legs 5/8" and fit racks with ½" round legs. Comes as a complete set of 4 Rack Risers with two sets of bolts, 4 x 6 mm (M6) bolts and 4 x ¼-20 bolts, to replace the shorter bolts that come with most racks. For best fit place risers between the rack leg and the angled feet that come with Show Chrome Accessories® racks.

Fitment	Part No.	Unit
Tour Rack Risers for ½" Tube	52-837	Set of 4

Star Washers with Rubber Washers

Ideal for luggage racks or saddlebags. The Star Washers are designed to distribute weight evenly when racks are loaded. Also works great for other locations that would need oversized washers. 1/4" hole, 1-1/4" O.D.

Description	Part No.	Unit
Star Washers with Rubber Washers	4-231R	10 pk

1 Fender Accents

Big Bike Parts® chrome contoured ABS accents for the Can-Am Spyder Roadster front fenders fit just behind the fender marker lights dressing the fender tips with much needed accents. By adding these accents the fender marker lights take on a more prominent look. Fits both Spyder RS and RT fenders with double sided tape provided.

Fitment	Part No.	Unit
Can-Am Spyder RS/RT 2008 -	41-150	Pair

2 LED Marker Light

Add safety to the Can-Am Spyder with a contoured Amber LED Marker Light to replace the reflector. This marker light is thicker than OEM and contoured to better match the lines of the front fender and can be wired as either running or running and turnsignal. With 16 LEDs per side safety is improved by being more visible and putting a turnsignal on the side.

Fitment	Part No.	Unit
Can-Am Spyder	41-151A	Pair

NEW Multi-Function Front Fender LED Lights

Be seen, be safe with Big Bike Parts® newest lighting accessories for the Can Am Spyder. Big Bike Parts® replaces the OEM front reflectors with custom ultra-efficient high intensity LED's, offering superb brightness in a reflector that includes running and turn signal functionality. Replace the OEM front fender center reflectors with Big Bike Parts® amber Multi-Function Front Fender Center LED Lights housing 32 SMD LED's. Replace the OEM front rear facing reflectors with Big Bike Parts® red Multi-Function Front Fender Rear Facing LED Lights housing 24 SMD LED's. The LED assemblies are sealed for all-weather protection and maintenance free lighting. No drilling required. Mounts to existing LED wiring with T-Taps, no additional components are needed. Fits all Can Am Spyder RS-S, ST-S, RT-S, ST-LTD, RT-LTD 2013 and newer.

Fitment	Part No.	Unit

Red LED Marker Light & Turnsignal

Big Bike Parts® puts LEDs on the Can-Am Spyder RT saddlebags, once again enhancing rider safety. This Red LED Marker Light replaces the side red saddlebag reflector on the Spyder RT. Big Bike Parts® custom designed the light to match the natural lines of the Spyder RT and provide better visibility by using a more convex lens. With 16 LEDs per side, safety is improved by making the Spyder RT more visible. The LED Marker Lights can be wired as running, turnsignal or both.

Can-Am Spyder RT	41-161R	Pair

LampGard™ Can-Am RT

The LampGard™ line of headlight protectors from Big Bike Parts® has been saving expensive headlights from errant stones and debris since 1992. The most recent addition is a set of LampGard™ headlight protectors for the popular Can-Am RT. Each LampGard™ protector is molded to match the headlight shape and produced from extremely durable acrylic. LampGard™ truly protects by creating an air space between the LampGard™ and your headlight which becomes a void to help absorb any impact before it damages your headlight. Each LampGard™ is held in place by 4 pairs of round dual lock clear fasteners that have hi-temp adhesive to stay put on the headlight in all weather conditions. For the Can-Am RT 2010-present. Sold as a pair. Made in the USA.

Fitment	Part No.	Unit
Can-Am Spyder RT 2010-	41-170	Pair

Windshield Dash Pouches

Hopnel™ Tri-pouch and Single Dash Pouch for the Can-Am Spyder are made from all weather marine vinyl for long term durability. The single large dash pouch is 9" x 6" x 2", which is large enough to accommodate almost anything you need quick access to. On the Tri-pouch you will have the same large center pouch along with two side pouches that are 5" x 4" x 1-1/2", providing 150 cubic inches of secure storage. The pouches close with a zipper to insure nothing falls out while riding. Made in the USA.

Fitment	Part No.	Unit

NEW Air Deflectors

Big Bike Parts®, the market leader in Can-Am Spyder Accessories introduces two all new Air Deflectors for the 2010 and newer Spyder RT. These Above and Below Mirror Air Deflectors are a must have comfort accessory. They easily mount to the existing OEM deflectors by attaching chrome hardware that essentially extends the OEM deflectors to Air Deflectors that really work. These new Air Deflectors give control of air by deflecting away or pivoting up to 130 degrees to divert air directly into the riding pocket to help keep the rider cool. The Above Mirror Air Deflectors are 4" x 7" while the Below Mirror Air Deflectors are 5" x 6", both made from clear acrylic to match the OEM. Fits 2010 and newer Can-Am Spyder RT.

Fitment	Part No.	Unit
Above Mirror Air Deflector For Can-Am Spyder RT 2010 - newer	41-177	Set
Below Mirror Air Deflector For Can-Am Spyder RT 2010 - newer	41-178	Set

Front Cowl Scuff Accent

Big Bike Parts® now has a chrome and rubber scuff wear bar accent for the 2014- Spyder RT in addition to our wear bar for the 2010- 13 Spyder RT. 41-160 is held securely in place with double sided tape and four screws. The rubber wear strips are secured in place by screws to minimize potential loss. 41-169 is held securely in place with double sided adhesive tape. Each rubber wearstrip is held securely in position with 2 locking tabs, double sided tape and a set screw to hold firm against stronger impacts. Big Bike Parts® includes for all wear bars an additional set of EPDM rubber wear strips as replacement when the first set of rubber wear strips get too worn.

NEW Universal Beverage, Phone/GPS and Gadget Bar Mount

Universal handlebar mount attachment for Big Bike Parts® top selling Beverage Holder, GPS/Phone Holder and Gadget Bar is now available for Can-Am. The universal handlebar clamp easily mounts to 7/8" or 1" handlebars to secure the unique receiver latch on the handlebar, allowing any of the devices to easily snap into place. This simple but effective design is what has made these products an affordable market top seller. The Beverage Holder, part # 41-165 for Driver and # 52-836 for Passenger Armrest, is made from durable chrome plated steel with Show Chrome Accessories® quality chrome finish for unequaled performance. Its rubber lined interior helps secure thermoses, cups and most bottles in place. The Passenger Armrest Mount works with Big Bike Parts® Passenger Armrest Kits BBP # 52-771, 52-677A, 52-672, 2-477 and 41-159 as well as Markland and other armrests. The GPS/Cell Phone holder accommodates devices up to 3 1/2" wide with its unique expansion tabs. The rubber gripped back and foam side tabs hold your equipment in place for easy use. Added security is available with a set screw to ensure it does not walk away while you are away. The Gadget Bar delivers 4 1/2" of width to place multiple devices within reach. The 7/8" Gadget Bar easily accommodates existing accessories you might already have. See pages 18-19 for additional information and fitments.

Premium Double Tank Pouch

Hopnel™ Premium Double Tank Pouch for the Can-Am RT just slips over the glove box door. Its felt lined back panel avoids scratches to the finish and the double pouch design with UV stabilized clear face allows access to cell phone screens or GPS display. The large main pocket is zippered and measures 5-1/4"W x 7"H x 1-1/2"D, with the clear pouch measuring 3-1/2"W x 6"H x 1"D.

Fitment	Part No.	Unit
Can-Am Spyder RT	H41TPC-2BK	Pair

Premium Tank Pouches

This unique tank map and pouch system has 4 distinct items that can be interchanged to make 3 unique storage systems, making this system a true multifunctional product. The large main pocket is zippered and measures 5-1/4"W x 7"H x 1-1/2"D and slips over the glove box door. Its back is felt lined to avoid scratches to your bikes finish. The pouch contains our Buddy Lock system on its face allowing you to lock in the separate smaller 3-1/2"W x 6"H x 1"D pouch that comes with a UV stabilized clear face to allow visual access to cell or GPS screens. Quickly remove the smaller pouch with a twist and replace it with the 10-1/2"W x 12-1/4"H Map pouch, which easily holds any paper map or even a full size iPad to provide a moving map. Also included is a belt attachment that allows the smaller pouch to clip to your belt allowing you to easily carry a cellphone, glasses or other necessities.

Fitment	Part No.	Unit
Can Am Spyder RT	H41TPPS-2BK	Set

NEW Front Cowl & Trunk Bra Set

Hopnel™ expands its popular Can-Am Spyder RT Trunk Bra Set to include 2010-2013 models. This attractive, finish saving accessory is designed to reduce the nicks, chips, and bugs that pummel the front cowl and front trunk of the Can-Am RT. This two piece Front Cowl and Trunk Bra Set has a tailored bra for the front trunk and another tailored sewn wrap for the front lower intake cowl. The Front Cowl and Trunk Bra Set greatly reduces the road rash the Can-Am RT takes, and provides a clean blacked-out look to the front cowl without covering the chrome. Both the upper and the lower bras wrap into the front trunk lip and are held securely in place with special adhesive backed hook and stitched loop. Available in black only and made in the USA.

Fitment	Part No.	Unit

NEW Handlebar End Weights

Enhance and improve the Can-Am handlebars with these new end cap weights from Big Bike Parts®. Replace those oversized black washers with these new stylish chrome die cast end caps that greatly enhance the finished look of the Can-Am handlebars. Made from durable zinc alloy, these end caps increase handlebar end weight from 3.2 ounces to 11.2 ounces and act as increased vibration dampeners helping absorb more handlebar vibration.

Can-Am Accessories

NEW Beachcomber Boards

Beachcomber Boards tip the scales of style and function with a fresh design from Big Bike Parts®. These new boards fill the demands of motorcycles in style, comfort and performance. Made from forged aluminum, the Beachcomber Boards are CNC milled for unparalleled strength and durability and finished with Show Chrome Accessories® brilliant chrome. The Beachcomber Board utilizes Big Bike Parts® anti-rotation system mount to allow fitments in a 360° range and insure the boards will not pivot once secured. A generous board size of 6 1/4" x 4" x 1" allows a comfortable foot rest and is available in a variety of fitments for driver or passenger.

NEW Full Size Brake Pedal

Big Bike Parts® improves safety with another must have accessory for the Can-Am Spyder. Big Bike Parts® new Full Size Brake Pedal replaces the OEM brake pedal cover with a larger 4 1/2" long by 2" wide pedal cover. It mounts the same as the existing OEM brake pedal cover, with a rust proof steel channel reinforcing the high density rubber pad. This larger brake pedal cover allows a more comfortable use of the brake pedal without your foot constantly falling off, and the unique design complements the Spyder styling.

Floorboard Kit

Big Bike Parts® Driver and Passenger Vantage Highway Boards replace the OEM peg with a solid cast tapered block with anti-rotation system designed right in. The Adjustable Passenger Floorboard set for the Can-Am RT is an ideal match to our Vantage™ Driver Board Set. The Adjustable Passenger Vantage™ Board replaces the OEM boards and increases the vertical positioning over the OEM by 1-7/8" inches. A full 4-7/8" of vertical positioning versus the OEM of only 3". Our custom anti rotation cog allows easy positioning of the board in one of 24 angles, each a 15° change. The Vantage Boards are CNC Aluminum, finished in brilliant chrome with raised rubber comfort pads. The boards measure a comfortable 6-1/4" x 4".

Fitment	Part No.	Unit

NEW Short Spiral Antenna

This Short Spiral Antenna from Big Bike Parts® is a great replacement for those long stock OEM whips that do not work with covers, get in the way of low overhead garage doors and are just a nuisance. This 7 1/2" tall antenna is easily installed as a direct replacement for Can-Am RT, Victory and Harley AM/FM antennas. Includes a new grommet for the Can-Am RT that will stay put and complete the installation. Includes removable M6-1.0 threaded screw to mount on any model needed.

Fitment	Part No.	Unit
7 1/2" Short Spiral Antenna for Can-Am RT, Victory, Harley	41-180	Each

EZ Carry™ Concealed Pouch

Concealed carry is made easy with Hopnel's™ new EZ Carry™ concealed carry pouch system. The new EZ Carry™ pouch system from Hopnel™ puts a concealed carry pouch on your motorcycle with great access. Our Buddy Lock Tactical Mount makes attachment to the bike mount a snap and with a quick twist you can transfer the entire pouch with firearm concealed to the included belt holder, without the concern of brandishing.

The Sub-Compact EZ Carry™ pouch measures 6-1/2" x 4-1/2" x 1-1/8" and accommodates most sub-compact pistols such as: Ruger LC9 & LC380, Glock 42, Sig P938 & P238, Colt Mustang and S & W Shield.

The Compact EZ Carry™ pouch measures 7-1/4" x 5-1/8" x 1-3/8" for compacts such as Glock 19, 23, 29, 38 and 32; Ruger SR9c and SR40c; Sig P224, P239, P229.

Fitment	Part No.	Unit

NEW Hopnel™ Backrest Organizer Fits BBP 41-158 & 41-168	H41-168PO	Each

2 Deluxe Armrest System

Big Bike Parts® Passenger Armrest system for the Can-Am Spyder RT mounts underneath the rear of the seat to the frame, providing a very stable and secure anchor point. This allows the positioning of the cast chrome swivel mounts to the side of the passenger seating area. The chrome tubular support arms pivot completely out of the passengers area for easy access to the seat. The armrests match and work with Big Bike Parts® Smart Mount™ Backrests, BBP # 41-158 & 41-168 above.

Fitment	Part No.	Unit
Can-Am Spyder RT	41-159	Kit

Saddlebag and Trunk Luggage for Can-Am

The Hopnel™ Liners are built to last and designed to make loading and unloading a breeze. They are made of sturdy urethane coated weather resistant polyester. The 850 Saddlebag Liners are sold separately and the 1100 Trunk Liner set comes with a smaller compact liner to fit in the lower part of the trunk which is ideal for tools and maintenance supplies and a larger liner that fills the upper portion of the trunk. The 1500 Front Trunk Liner comes with a sturdy grab handle and two padded backpack straps to make removal and carry an easy task.

Can-Am Accessories

Tour Trunk Rack

This Tubular Luggage Rack from Big Bike Parts® Show Chrome Accessories® line is a generous 22-1/2" x 13-1/2" to accommodate standard luggage bags, such as Big Bike Parts® own 4-603 Touring Luggage Bag or H50-106BK Deluxe Rack Bag. Mounts with four sets of custom tapered washers for inside and outside the trunk lid to protect your tank lid from spider cracks. Finished in Show Chrome Accessories® durable chrome finish.

Fitment	Part No.	Unit
Can-Am Spyder RT	41-155	Each

NEW Mudflap Extension Accent

The new Mudflap Extension Accent looks so natural on the Can-Am RT it should be a stock accessory. Big Bike Parts® Mudflap Extension Accent extends the OEM rear mudflap by 5", minimizing debris kick up to following riders and is a needed requirement when pulling a trailer to reduce chipping. Attaches easily with double sided tape and 2 screws. Works with most trailer hitches, including Big Bike Parts® # 41-164 Spyder Hitch.

Fitment	Part No.	Unit
Can-Am Spyder RT 2010 - newer	41-166	Each

2 Trailer Hitch

Big Bike Parts® Trailer Hitch assembly for the 2008-2014 Can-Am Spyder has a durable black powder coat finish and mounts without removal of the rear tire or its axle. Once installed removal is easy with only six bolts to pull if you want the hitch assembly off for a special trip or occasion. Includes all hardware and instructions. A mud flap can be easily mounted with included brace brackets and mounting holes. Mud flap not included. The receiver mount has a 3/4" hole for your choice of ball type.

Fitment	Part No.	Unit
Can-Am Spyder RT, RS, ST & GS	41-164	Kit

NEW Multi-Function LED Trunk Light

Big Bike Parts® introduces an exceptional quality Multi-Function LED Trunk Light for the Can-Am RT. This new trunk light offers running light, brake light and turn signal functionality in a single compact unit. It uses small ultra-efficient high intensity LED's, offering superb brightness with low power usage. The LED assemblies are enclosed in weather resistant pods that are sealed to provide all-weather protection and maintenance free lighting. Superior functionality combined with a stylish contoured chrome housing that mounts low enough to allow fitment of luggage racks. Attaches with double sided tape for a secure installation. Requires drilling to run the wire lead which mounts to existing LED wiring with T-Taps, no additional components are needed.

Fitment	Part No.	Unit
Can-Am Spyder RT 2010 - newer	41-172	Each

Trailer Harness

Big Bike Parts® is known for its quality Plug 'N' Go electronic trailer wire harnesses and the protection they afford. This Electronically Isolated Trailer Wire Harness for the Can-Am Spyder RT isolates the load between the motorcycle and trailer through the use of four fully automatic circuit breakers to prevent electrical feedback. The heavy duty circuit board can handle a continuous 16 amp steady load, with further protection provided with a separate 15 amp inline fuse from the power source. Easily plugs into the OEM Can-Am RT wire harness with no on bike splicing required. Works with 5-pin trailer connectors, not included.

Fitment	Part No.	Unit
Can-Am Spyder RT	41-162	Each

Description	Part No.	Unit
Multi Colors	59-105	3 pk.

ATV Inferno™ Heated Grips

Big Bike Parts® Inferno™ Heated Grips are the standard in heating power sports rides. When it comes to cold weather riding, Big Bike Parts® Inferno™ Heated Grips do not take a backseat to anyone. The key to having warm hands is getting the heat to the rider and not cold soaked handlebars. That is why Big Bike Parts® tests their grips to maintain a whopping 170° F, which means we can heat the actual grip and your hand versus losing it all to the cold. The Inferno™ Heated Grips work with open or closed ended bars and use Big Bike Parts® industry leading E-Z™ controller for easy single button control with 5 pre-set heat settings. With each touch of the button, the next level is chosen, making this the most efficient controller available. New smart logic design allows the activation of an optional battery saver mode which will shut the grips off if your battery voltage falls below 12.5 volts. These new grips are for 7/8" snowmobile and ATV bars, no throttle sleeves. Other sizes of Inferno™ Grips are available for 1" and 7/8" motorcycle bars on page 31.

Description	Part No.	Unit
Fits 7/8" ATV and Snowmobile, no throttle sleeves.	17-960	Set

Helmet Headset 7 Pin Harley

This popular helmet headset is now available in 7 Pin Din for the 1998 and newer Harleys. The slim unobtrusive headset microphone is attached to a flexible boom for easy positioning in full face, open face and modular helmets. Comes with a quick disconnect plug allowing for convenient detachment and attachment. Headset includes an 8 foot coiled cord for connection into the bike's 7 Pin Din connection. The proven high frequency speakers provide clear, crisp sound for music and audio.

Fitment	Part No.	Unit
Harley 1998 & newer	13-204	Set
Helmet Headset 7 Pin Replacement Cord	13-209	Each

Replacement Antenna

Occasionally something breaks or get damaged on your bike. It is for this reason Big Bike Parts® introduces a replacement CB Antenna Base Staff Assembly and Tips for the GL1500 and GL1800 Goldwing. Universal fitment with OEM and Big Bike Parts antennas. Sold as an assembly with the base staff and tip or just the CB tip.

Fitment	Part No.	Unit
C.B. Antenna Staff & Tip	9526575	Set
C.B. Antenna Tip Only	9526577	Each

LED Mini Driving Lights

An LED version of the Big Bike Parts® Mini Driving Lights with built in visors is now available. These die cast chrome universal LED Mini Driving Lights are 3 3/4" long with a 2 3/8" diameter that can mount to existing light bars with the 8mm threaded stem. Set screw bezeling allows for complete rotation of the visor.

Description	Part No.	Unit
LED Mini Driving Light	16-104LED	Each
Replacement Bulb	10-1625	Each

LED MR16 Replacement Bulb

This high-output, high-intensity Litespan LED from Big Bike Parts® is an easily installed replacement for your halogen MR16 lights.

LEDs operate at a lower temperature and power load than halogen with an average 25,000 hours of use. This miniature LED reflector bulb produces 400 Lumens from its 12 volt 7 watt 6 LED output with a bright white 4000k color output. These non-dimmable Litespan LEDs fit all standard MR16 Bi-Pin GU5.3 bases. Their concentrated beam angle of 20° puts more light down the road in front of you for true driving light capability. Replaces all Big Bike Parts® MR16 Halogen bulbs as used in its # 16-104A, 2-542, 52-757 and Mini Driving Light kits

Fitment	Part No.	Unit
LED MR16 Replacement Bulb	10-1625	Each

LED H4 CREE Bulb

Big Bike Parts® brings to the industry new LEDs based on requirements for ballasted replacement assemblies. This new H4 LED Replacement assembly utilizes the exceptional quality of CREE LEDs in a ballasted driver with cooling fan. This new H4 LED Replacement offers a bright white 6000K color with 22 watts at 2000 lumens on Low Beam and a whopping 30 watts at 2600 lumens on high beam. As H4 bulbs are used by almost every motorcycle manufacture since the 1980's these CREE LED Ballasted Replacements will fit most pre 2013 Harleys; GL1200 and GL1500 Honda Goldwings, Valkyrie and VTXs; Kawasaki Vulcans; Suzuki 800s to 1600s; Victory Vision and Yamaha V-Stars, Royal Star, Road Star and V-Maxs.

Fitment	Part No.	Unit
LED H4 CREE Bulb	10-106	Each

Rectangular Rocker Switch

This Rectangular Rocker Switch from Big Bike Parts® is a perfect fit for the existing Victory Cross Country/Magnum switch expansion knock outs on each side of the radio. This single pole switch has standard 1/4" spade connectors for ease of use. The black textured finish is a great match with the Victory dash and supports up to 10 amps. Fits cut outs of .48" x 1.072" sizes.

Fitment	Part No.	Unit
Black Rectangular Rocker Switch	16-38	Each

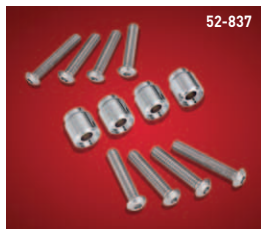

Universal Trailer Wire Harness

As motorcycles get more complex with electronic ignitions, fuel injection, ABS braking and other sensitive electronics, isolating electronics between your motorcycle and trailer is critical for safe riding. This Universal Electronically Isolated Trailer Wire Harness eliminates electronic backflow with heavy duty self-setting relays to protect your motorcycle. This five wire system provides direct connection for running, brake, left/right turn signal and ground. Weather resistant gel sealed splice connectors are included to make an easy and durable connection for long term use. Designed for use on Harleys, Yamahas and other great trailer pulling vehicles.

Fitment	Part No.	Unit
Universal Electronically Isolated Trailer Wire Harness	16-125	Each

Tour Rack Risers

Get more clearance under your luggage racks allowing for easy cleaning or to allowing other accessories to fit below. Big Bike Parts® has the perfect solution with the new Tour Rack Risers. These Rack Risers universally fit 1/2" diameter tubes with a custom recessed bevel to securely fit and enhance your original rack legs. They extend rack legs 5/8" and fit racks with 1/2" round legs. Comes as a complete set of 4 Rack Risers with two sets of bolts, 4 x 6 mm (M6) bolts and 4" x 1/4" - 20 bolts, to replace the shorter bolts that come with most racks. For best fit place risers between the rack leg and the angled feet that come with Show Chrome Accessories® racks.

Fitment	Part No.	Unit
Tour Rack Riser for 1/2" Tube	52-837	Set

Lock-On Valve Stem Extension

It can be difficult to attach an air chuck on your valve stem to check or add air, Big Bike Parts® has simplified this process with their Lock-On Valve Stem Extension. This convenient flexible nylon air hose locks on with a snap to your tire valve stem extending access 24" allowing easy access for checking and filling any tire. This Lock-On Valve Stem Extension actually improves safety by making it easier to do routine pressure checks and fills. Designed with a universal lock on stem connection.

Fitment	Part No.	Unit
Lock-On Valve Stem Extension	5-803	Each

Straight Valve Stems

These Aluminum Tire Valve Stems are available in either silver or black anodized finish. Their low profile is only 1 3/16" in length, making them fit any tight space needing a compact stance. The metal base will not pull thru the wheel rim, which needs a minimum of 8mm hole for clearance. An inner and outer rubber grommet washer provides a leak proof seal. An external nut allows for easy tightening of the valve stem for any needed maintenance. Sold as a pair.

Fitment	Part No.	Unit
Silver Anodized MW 8mm holes	5-801	Pair
Black Anodized MW 8mm holes	5-801BK	Pair

Universal Trike Rear Fender Bra

Based on your feedback, Hopnel™ has updated it's Black Classic Trike Rear Fender Bra to include two choices of mounting. The screw in snaps are now optional. While snaps add a decorative flare, they are supplemented by a full width hook and loop alternative that goes across the top. Choose the adhesive backed loop for attachment to your bike or the snaps provided, or use both. These Trike Rear Fender Bras absorb the scuffs, scrapes, and scratches that plague the front of most rear trike fenders. Embedded steel straps wrap to the bottom of the fenders and two snaps or hook and loop both hold the top. Fits most Trike rear fenders without flares, such as Motor Trike, Champion, Lehman, Hannigan, California, Roadsmith, and Harley.

Fitment	Part No.	Unit
Trike Rear Fender Bra. Fits Most Trikes - Motor Trike, Lehman, Champion, Hannigan, Harley, etc.	H50-03BKC	Pair

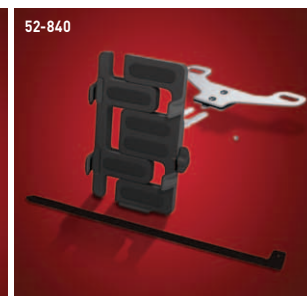

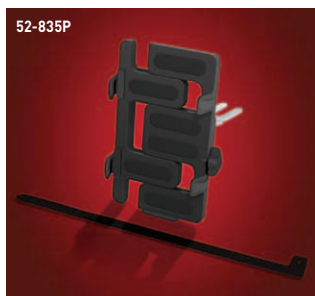

Touring / Cruiser / Trike / ATV Accessories

Gadget Bar

This new Gadget Bar snaps into our Smart Mount™ accessory receiver as used on our beverage holder and smart phone/GPS holder. The Gadget Bar's 7/8" round tube and 4 1/2" width allows for placement of additional handlebar mounted accessories and gadgets, should the need arise. This universal Gadget Bar will accept any attachment capable of mounting to a 7/8" handlebar, allowing you to bring everything and mount it within easy access. Can be ordered with a complete handlebar mount or separately to fit with your existing beverage or Smart Mount™ GPS/phone mount.

Fitment	Part No.	Unit
Gadget Bar with Handlebar Face Clamp for Honda, Yamaha, etc. with 32-35mm O.C. Hole Spacing	52-844	Kit
Gadget Bar with Handlebar Face Clamp for Can-Am RT SE 2010-2015	41-167	Kit
Gadget Bar Only for Receiver Mounts. Fits BBP # 52-835, 52-836, 41-165, 41-171, 52-839, 52-840	52-844G	Each

GPS/Cell Phone Holder For Driver or Passenger

All these new Smart Mount™ for cellphones and GPS units fit our existing handlebar and armrest mounts used with the Smart Mount™ Beverage Holders. This holder accommodates most Smartphones and GPS units up to 3 1/2" wide, and includes 1/2" expansion tabs. Rubber gripped back and foam side tabs hold your equipment securely in place. An additional single web strap is included for those that want a little more personal security on rough roads. Available by itself to fit your existing Smart Mount™ Beverage Holder Mounts or sold with either a handlebar mount or armrest mount.

Fitment	Part No.	Unit
GPS/Phone Handlebar Mount For Handlebar Face Clamps 32-35mm Hole Spacing	52-839	Kit

GPS/Phone Handlebar Mount For Can-Am RT	41-171	Kit
GPS/Phone Holder Only without Receiver For Handlebar or Armrest.	52-835P	Each

Inferno™ Heated Grips with Thumb Warmer for ATV / Snowmobile

Inferno™ Heated Grips with Thumb Warmer for your ATV or Snowmobile are the standard in power sports heating. Our grips will maintain a whopping 170° F, which means they heat the actual grip and your hand versus losing it all to the cold. The grips work with open or closed ended bars and use Big Bike Parts® industry leading E-Z™ controller for easy single button control with 5 pre-set heat settings. New smart logic design allows the activation of an optional battery saver mode which will shut the grips off if your battery voltage falls below 12.5 volts. The Thumb Warmer is a Plug 'N Go installation and works with all Big Bike Parts® heated grip wire harnesses, allowing them to be added to existing installations. These grips fit 7/8" snowmobile and ATV bars, no throttle sleeves.

Fitment	Part No.	Unit
Inferno™ Heated Grips with Thumb Warmer For ATV/Snowmobile 7/8" bars	17-992	Set
Inferno™ Thumb Warmer Only	17-991	Each

Lever Laces

It is the simple things that make the difference! Big Bike Parts® Leather Lever Laces have been around forever, but are now improved. A thicker leather material gives these Leather Lever Laces a fresh look and firmer feel. These 1¾" x 4½" leather grips have 12" long laces that cover and hang from your levers. They lace over the brake and clutch levers.

Fitment	Part No.	Unit
Fits Most Brake & Clutch Levers	17-110	Pair

21-910

21-911

Vantage and Cruis™ Boards for Harley

Big Bike Parts® introduces all new fitments for its popular passenger Vantage and Cruis™ Boards now available with Harley 7/16" passenger mounts. These boards fill the demands of motorcycles in style, comfort and performance. Made from forged aluminum, these boards are CNC milled for unparalleled strength and durability and finished with Show Chrome Accessories® brilliant chrome. Each board utilizes Big Bike Parts® anti-rotation system mount to allow fitments in a 360° range and insure the boards will not pivot once secured. Generous board sizes allow for a comfortable foot rest for your passenger. These boards are designed to fit all Harley models 1986 and newer with 7/16" male mount-style foot peg supports.

Covers & Storage Solutions

4-466BC

4-476BC

4-457BK

UltraGard™ Classic Series

Three new covers have been added to the UltraGard™ Classic Series line of covers offering exceptional value without compromising the features you have come to expect. From large touring, bagger, trike, Can-Am, cruiser, scooter, trike or a trailer, the Classic Series is a great value.

- **Tailor fit designs** take into account the natural stance of your motorcycle.
- **Heavy duty water resistant** polyurethane coated polyester provides excellent protection against weather, dirt and pollution.
- **UV stabilized** to maximize fabric life and minimize color fading from sun exposure.
- **Scorch resistant heat shield** protects the cover from hot exhaust pipes and allows use of cover immediately after riding.
- **Double stitched**, four fold interlocking seams to provide durability and a water tight closure.
- **Zippered windshield and sissy bar pockets** on cruiser covers expand to fit many bike configurations.
- **SoftTek windshield liner** to prevent scratching.
- Large **rust-proof grommets** prevent tearing.

Deluxe Expander Rack Bag

Hopnel™ sewn products introduces our generous 3500 Deluxe Expander Rack Bag that easily secures to most luggage racks. The main compartment measures over two cubic feet of storage space with a reinforced body providing consistent packing space and durability. The large 22" x 15" x 9½" main compartment has zippered expander pockets on each end, providing an additional 5" of extra storage space. The bottom is reinforced with a no slip textured surface, ensuring your luggage stays in place for long term use and wear. Includes a top 15½" x 6" convenient zippered mesh pouch and two more end zippered 13" x 6" pockets. A tethered all weather vinyl coated rain cover can retreat to its own zippered pocket when not in use. Comes with four hold down fastener points with quick install straps to allow fitment to almost every motorcycle luggage rack. Comes with convenient shoulder strap.

3500 Large Trunk Liner Bag For Harley FLH

This Hopnel™ 3500 Trunk Liner Bag for the Harley FLH features over 2 cubic feet of storage. This 23" x 16" x 9½" Trunk Liner Bag maximizes trunk space, while the convenient carry handles allow you to load your trunk quickly and easily. A unique double zipper makes packing and access extremely simple from the top or from the side. By using the side zipper, the Trunk Liner Bag opens the full side profile of the bag to allow maximum suitcase style packing. An additional six inch double sided top zipper provides a handy top flap allowing access to special items without having to unpack the whole bag. Comes with carry handles and side pocket. Designed for use with Harley FLH trunks, but also fits the Indian Roadmaster and Honda Goldwing GL1500.

Adjustable Flip Windshield for GL1800, Harley FLH and Victory Cross Country

Big Bike Parts® market leading Adjustable Flip Baggershield™ Windshield for the GL1800 Goldwing just got taller. A 5" taller Adjustable Flip Windshield is now available for GL1800 Goldwing as well as one for the Harley FLH and Victory Cross Country. These dual use windshields are perfect for a trip around town or quickly turning into a taller touring windshield. A short tinted lower shield provides everyday protection with over the top visibility. With a quick twist of three thumb attachments, you can flip the clear taller panel into place and make a full touring windshield for those times you need it. This versatility makes these windshields a perfect touring or around town choice. Made from ¾" DOT optically clear Lucite® Acrylic these shields provide years of proven performance. The BBP # 20-127 fits the 2001-2015 Goldwing GL1800 with a low 15" to a raised 25" windshield. The BBP # 20-126 fits the 2010 and newer Victory Cross Country offering a low 12" to a raised 18½" windshield. The BBP # 20-124 fits the 1996-2013 FLH with a low 7¾" to a raised 11¾" windshield. The BBP # 20-123 fits the 2014 and newer FLH and offer a low 8" to a raised 14" windshield. Made in the USA.

Windshield Cleaner and Polish

As a windshield manufacturer for all types of motorcycles Big Bike Parts® knows what it takes to keep windshields performing at their best, by keeping them clear and clean. When customers asked Big Bike Parts® what windshield cleaner and polish they use, the answer was simple. After testing several cleaners extensively, Big Bike Parts® found Sliptreamer's plastic cleaner and polish to be the top performer due to its rich cream that easily cleans and restoring the optical clarity of plastics. Its ease of use on all plastic surfaces, especially windshields, brings back the new luster so often lost with many other cleaners.

Vantage Six Rail Rack

A market changing luggage rack to fit Harley Tour Pak® trunks. This Six Rail Vantage Rack has no weld joints, making it truly unique and clean. The use of CNC machining of extruded billet aluminum has enabled Big Bike Parts® to create this fresh design without any welding. The custom extruded aluminum tubes hold the rails in place with blind screws from below enhancing its clean design. The mounting feet are also bottom mounted with threaded studs that eliminate the need to weld. The spacing of the feet is designed to match most existing tubular racks such as BBP's # 91-306, making the Vantage Rack an easy update on almost any Harley. Big Bike Parts® includes it's special angled stainless steel leg washers that properly secure the feet to the trunk lid and minimize the pressure that causes trunk lid cracking. The Vantage Rack is designed to clear the OEM spoiler, Big Bike Parts® has Rack Risers BBP # 52-837 for clearing other spoilers or accessories, if needed. Available in either bright chrome or anodized black finish.

Can-Am Accessories

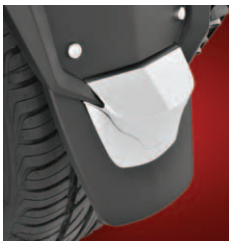

Air Deflectors For Can-Am RT

Big Bike Parts®, the market leader in Can-Am RT Accessories introduces two new Air Deflectors for 2010 and newer. These Above and Below Mirror Air Deflectors are a must have comfort accessory. They easily mount to the existing OEM deflectors by attaching chrome hardware that essentially extends the OEM deflectors to air deflectors that really work. Control air flow by pivoting deflectors up to 130 degrees to divert air directly into or away from the riding pocket. The Above Mirror Air Deflectors are 4" x 7" while the Below Mirror Air Deflectors are 5" x 6", both made from clear acrylic to match the OEM.

Fitment	Part No.	Unit

Below Mirror Air Deflector. Can-Am RT 2010 & newer	41-178	Pair

Rear Mudflap Extension Accent For Can-Am RT

This Rear Mudflap Extension Accent looks so natural on the Can-Am RT it should be a stock accessory. Big Bike Parts® Mudflap Extension Accent extends the OEM rear mudflap by 5", minimizing debris kick up to following riders and is a must have when pulling a trailer to reduce chipping. A decorative chrome accent makes the OEM fender and Mudflap Extension Accent look as one. Attaches easily with double sided tape and 2 screws. Works with most trailer hitches, including BBP # 41-164 Hitch.

Fitment	Part No.	Unit
Can-Am RT 2010 & newer	41-166	Each

Front Cowl & Trunk Bra Set For Can-Am RT

Hopnel™ expands its popular Can-Am RT Trunk Bra Set to include 2010-2013 models. This attractive, finish saving accessory is designed to reduce the nicks, chips, and bugs that pummel the front cowl and front trunk of the Can-Am RT. This two piece set has a tailored bra for the front trunk and another tailored sewn wrap for the front lower intake cowl. The Front Cowl and Trunk Bra Set greatly reduces the road rash the Can-Am RT takes, and provides a clean blacked-out look to the front cowl without covering the chrome. Both the upper and lower bras wrap into the front trunk lip and are held securely in place with special adhesive backed hook and stitched loop. Available in black and made in the USA.

Short Spiral Antenna

This Short Spiral Antenna from Big Bike Parts® is a great replacement for those long stock OEM whips that do not work with covers, get in the way of low overhead garage doors and are just a nuisance. This 7 ½” tall antenna is easily installed as a direct replacement for Can-Am RT, Indian, Victory and Harley AM/FM antennas. Includes removable M6-1.0 threaded screw to mount on any model needed.

Fitment	Part No.	Unit
Short Spiral Antenna For Indian, Victory, Can-Am RT & Harley AM/FM Antennas	41-180	Each

Universal Beverage, Phone/GPS and Gadget Bar Mount

A universal handlebar mount attachment for Big Bike Parts® top selling Beverage Holder, GPS/Phone Holder and Gadget Bar is now available. The universal handlebar clamp easily mounts to 7/8” or 1” handlebars to secure the unique receiver latch on the handlebar, allowing any of the devices to easily snap into place. This simple and affordable design has made these products a market leading seller. The Beverage Holder, part # 30-104, is made from durable chrome plated steel with Show Chrome Accessories® quality chrome finish for unequaled performance. Its rubber lined interior helps secure thermoses, cups and most bottles in place. The GPS/Cell Phone holder accommodates devices up to 3 ½” wide with its unique expansion tabs. The rubber gripped back and foam side tabs hold your device securely in place, allowing unobstructed access. The Gadget Bar delivers 4 ½” of width to place multiple devices within reach. The 7/8” Gadget Bar easily accommodates existing accessories you might already have.

General Accessories

TireGard™ Handlebar Mount Tire Pressure Monitoring System

This design incorporates a large 1-5/8 x 1-1/8” LCD display screen mounted in a slim 2-7/16” x 2-5/8” x 3/4” monitor. Easily mounts to the handlebars or face mounted to the brake cylinder clamp. Fits on 7/8”, 1”, or 1-1/8” handlebars. The monitor slides in or out of the mount to allow quick removal. The lightweight, 1/3 ounce sensors feature the latest technology in external sensors on the market and are water resistant. Tire Pressure Monitoring Systems (TPMS) are a proven way to increase fuel efficiency and extend tire life. No tire rebalancing required and each sensor comes with a patented anti-theft ring to prevent theft. Includes instruction manual, all batteries, and a silicone protective skin for the monitor.

Fitment	Part No.	Unit
TireGard™ Handlebar Mount Wireless Tire Pressure Monitoring System	13-318	Each

TireGard™ Wireless Tire Pressure Monitoring System with External Sensors

TireGard™ Wireless Tire Pressure Monitoring System are designed specifically to support 2 wheel bike and 4 wheel bike with trailer monitoring to maximize your riding safety. Completely wireless real time information changes from lightweight all weather sensors. Installs in less than 3 minutes and tire removal is not required. One year warranty, batteries included, no tools required. Does not require tire rebalancing.

Fitment	Part No.	Unit
TireGard™ Bike Tire Pressure Monitoring System External Sensors (2 Wheel)	13-315U	Each
TireGard™ Bike and Trailer Tire Pressure Monitoring System External Sensors (4 Wheel)	13-317A	Each

TireGard™ Silicon Protective Skin

This Charcoal Silicon Protective Skin is specifically designed for FOB TireGard™ Tire Pressure Monitoring System monitors. The Silicon Skin helps protect your monitor from wear and tear, dropage and water. Monitor Sold Separately. Fits 13-315U & 13-317A.

Fitment	Part No.	Unit
Fits FOB TireGard™ Monitors	13-315PS	Each

Air Pressure Gauge

A necessary item to keep your tires performing best. This economical gauge measures 0 to 50 psi.

Fitment	Part No.	Unit
Air Pressure Gauge	4-220	Each

Lock-On Valve Stem Extension

It can be frustrating to reach that hard to get to tire valve stem to get the air chuck on to check and add air. Big Bike Parts® has simplified this process with their Lock-On Valve Stem Extension. This convenient 24” flexible nylon air hose locks on with a snap to your tire valve stem extending access 24” allowing easy access for checking and filling any tire. This Lock-On Valve Stem Extension actually improves safety by making it easier to do routine pressure checks and fills. The braided nylon hose is durable for years of use. Designed for convenience with a 24” long nylon air hose with a universal lock on stem connection.

Fitment	Part No.	Unit
Lock-On Valve Stem Extension	5-803	Each

Straight Valve Stems

These Aluminum Tire Valve Stems are available in either silver or black anodized finish. Their low profile is only 1 3/16” in length, making them fit any tight space needing a compact stance. The metal base will not pull thru the wheel rim, which needs a minimum of 8mm hole for clearance. An inner and outer rubber grommet washer provides a leak proof seal. An external nut allows for easy tightening of the valve stem for any needed maintenance. Sold as a pair.

Fitment	Part No.	Unit
Low Profile Valve Stem - Silver Anodized MW 8mm holes	5-801	Pair
Low Profile Valve Stem - Black Anodized MW 8mm holes	5-801BK	Pair

90° Metal Valve Stems

These 90° Metal Valve Stem are nickel plated brass for maximum durability. These metal valve stems are more durable than rubber valve stems and will fit any universal .453” / 11mm valve stem hole. Sold as pair.

Fitment	Part No.	Unit
Fits Stem Holders with .453” / 11mm valve stem holes	5-802	Pair

Valve Stem Covers

Valve stem covers make the perfect finishing touch to any street cruiser. These Show Chrome finish valve stem covers are available in the popular ribbed design.

Fitment	Part No.	Unit
Ribbed Stems	4-212	Pair

Universal Trailer Wire Harness

As motorcycles get more complex with electronic ignitions, fuel injection, ABS braking and other sensitive electronics, isolating electronics between your motorcycle and trailer is critical for safe riding. Big Bike Parts® Electronically Isolated Trailer Wire Harnesses for the Honda Gold Wing and the Can-Am Spyder have set the standard for trailer to bike protection for years. This same Electronically Isolated Trailer Wire Harness is now available as a Universal fitment for all other motorcycles. Electronic backflow is eliminated with heavy duty self-setting relays to protect your motorcycle. This five wire system provides direct connection for running, brake, left turn signal, right turn signal and ground. Weather resistant gel sealed splice connectors are included to make an easy and durable connection for long term use.

Fitment	Part No.	Unit
Universal Electronically Isolated Trailer Wire Harness	16-125	Each

Electronic Fuse Block

Big Bike Parts® delivers a game changer in the standard for electrical accessory connections on motorcycles with our new Electronic Fuse Block. Designed with eleven terminal tie in points which are electronically protected by nine separate relays and fuses. It is a compact 1 1/8” x 2 ¾” x 3 ¾” which easily mounts to the battery, eliminating all other direct battery connection needs and making accessory connection a breeze. The bike’s electrical system is protected by a 20 amp fuse and separate 30 amp relay to isolate all your electrical accessories. Includes 3 keyed power connections, 2 always on power connections protected by a combination of 5 and 10 amp fuses. Separate left and right turn signal connection terminals, 2 running light and 2 brake light terminal blocks, all protected by four 8 amp 277 volt automatic switch relays for complete isolation. This universal wiring accessory is a must have when adding electrical accessories to today’s modern electronic oriented bikes.

Fitment	Part No.	Unit

NEW Xtra Magnetic Tank Pouch

Hopnel™ Sewn Products has improved the extremely popular Magnetic Tank Pouch for cell phone and GPS units. The pouch size has been increased to give a full 4 ½” width of access and 8” of length to more easily accommodate today’s cell phones. Hopnel™ did not stop here though; they increased the magnetic pull by 220%, giving this popular tank pouch even more holding strength in the harshest conditions. The new Xtra pouch uses six neodymium rare earth magnets with a combined pull strength of 39.6 pounds. The location of the magnets have also been rearranged to ensure better contact to enhance holding strength. Works great on almost any steel gas tank. Made in the USA.

Fitment	Part No.	Unit
Universal Fitment	HMAGPX	Each

Universal Navigation Pouch

Hopnel™ has found a way to get a grip on portable Navigation units by inserting them into this universal holder that easily mounts to Hopnel™ Tuxedo Ties on the gas tank as well as other fairing accessories that have the EZ Lock Mount system. Pac-A-Derms for Indian & Victory Highway Bars

Hopnel™ created the original Pac-A-Derm Highway Crash Bar Covers in the early 1990's, with offerings for nearly every model motorcycle including Indian & Victory Motorcycles. Pac-A-Derms turn your crash bars into lower fairings providing protection from wind, rain, bugs and road debris. No tools are required to install Pac-A-Derms as they securely attach with custom hold snaps that wrap around the highway bars for a secure fit. Their design allows mounting of aftermarket highway pegs and includes a pair of Black Classic EZ Mount™ removable pouches. Designed to work specifically with the OEM highway bars for the 2014 and newer. Made in the USA.

Universal Trike Rear Fender Bra

Based on dealer and consumer feedback, Hopnel™ has updated its fast selling Black Classic Trike Rear Fender Bra to include two choices of mounting. The screw in snaps are now optional. While snaps add a decorative flare, they are supplemented by a full width hook and loop alternative that goes across the top. Choose the adhesive backed loop for attachment to your bike or the snaps provided, or use both. These Trike Rear Fender Bras absorb the scuffs, scrapes, and scratches that plague the front of most rear trike fenders. Embedded steel straps wrap to the bottom of the fenders and two snaps or on hook and loop both hold the top. Fits most Trike rear fenders without flares, such as Motor Trike, Champion, Lehman, Hannigen, California, Roadsmith, and Harley.

Fitment	Part No.	Unit
Trike Rear Fender Bra. Fits Most Trikes - Motor Trike, Lehman, Champion, Hannigan, Harley, etc.	H50-03BKC	Pair

Luggage & Pouches

Deluxe Expander Rack Bag

Hopnel™ 3500 Deluxe Expander Rack Bag easily secures to most luggage racks. The main compartment measures over two cubic feet of storage space with a reinforced body providing consistent packing space and durability. The large 22” x 15” x 9 ½” main compartment has zippered expander pockets on each end, providing an additional 5” of extra storage space. The bottom is reinforced with a no slip textured surface to prolong the life of the luggage while keeping it securely in place. Includes a top 15 ½” x 6” convenient zippered mesh pouch and two more end zippered 13” x 6” pockets. A tethered all weather vinyl coated rain cover can retreat to its own zippered pocket when not in use. Comes with four hold down fastener points with quick install straps to allow fitment to almost every motorcycle luggage rack. Comes with convenient shoulder strap.

EZ Carry™ Concealed Pouch

Concealed carry is made easy with Hopnel’s™ EZ Carry™ pouch system. Carrying while riding is a choice many of us make, but it can be uncomfortable, difficult to access, and hard to remove without brandishing. Until now, there hasn’t been an easy way to transfer your protection from person to bike and still have it accessible. The EZ Carry™ system from Hopnel™ puts an easily accessible concealed carry pouch on your motorcycle. Our Buddy Lock Tactical Mount makes attachment to the bike mount a snap and with a quick twist you can transfer the entire pouch with firearm concealed to the included belt holder, without the concern of brandishing. It looks like many of our other wearable pouches or a fancy cellphone pouch. All EZ Carry™ pouches are available separately or with mounts for Gold Wing, Can-Am RT, Harley FLH, Indian & Victory. The pouch by itself, H50-111CCP and H50-112CCP, can fit all Hopnel™ Tuxedo Ties™ with the Buddy-Lock system, Pac-A-Derms™ or any other Tactical Buddy-Lock. Made in the USA.

The Sub-Compact EZ Carry™ pouch measures 6-1/2” x 4-1/2” x 1-1/8” and accommodates most sub-compact pistols such as: Ruger LC9 & LC380, Glock 42, Sig P938 & P238, Colt Mustang and S & W Shield.

The Compact EZ Carry™ pouch measures 7-1/4” x 5-1/8” x 1-3/8” for compacts such as Glock 19, 23, 29, 38 and 32; Ruger SR9c and SR40c; Sig P224, P239, P229.

TRU-SPEC® Concealed 24/7 Shirt

As many motorcycle enthusiasts enjoy target shooting as well as exercising their right to carry, Big Bike Parts® has teamed with TRU-SPEC® to bring market proven tactical apparel to the Powersports Industry. TRU-SPEC® has over 60 years of manufacturing expertise delivering market leading law enforcement and public safety clothing to the market. TRU-SPEC® products are used and proven daily by law enforcement and our military and will be available through Big Bike Parts®. Available now are their form fitted 24-7 Series® Concealed Holster Shirt designed for the best in concealment with a comfortable custom polyester spandex blend. This tailored design reduces sagging by supporting the weight of the concealed object evenly across the body of the shirt. The dense outer mesh layer obscures the profile of what you are concealing. Securely conceals small, medium and most full size handguns, magazines, electronics, wallets, passports or even medical devices in the left and righthand pockets. Heavy polyester reinforces the pocket bottom reducing wear and aids in getting small items out. The moisture wicking material designed with flat-lock seams reduces friction and chafing.

Anti-microbial treated fabric extends daily wear. Available in black or white in small to XXL sizes. The comfortable way to carry most anything concealed. Gunnery Sgt. R. Lee Ermey, USMC (Retired) known around the world as “The Gunny” is the official celebrity spokesperson for TRU-SPEC® line of tactically inspired apparel making them “Gunny Approved”.

Windshield Cleaner & Polish

As a windshield manufacturer for all types of motorcycles Big Bike Parts® knows what it takes to keep windshields performing at their best. After testing several cleaners extensively, Big Bike Parts® found Slipstreamer’s plastic cleaner and polish to be the top performer due to its rich cream easily cleaning and restoring the optical clarity of plastics. Its ease of use on all plastic surfaces, especially windshields, brings back the new luster so often lost with many other cleaners. Big Bike Parts® now offers this superb cleaner to all its customers.

Light Kit for Forged Bars

For those discerning Victory owners that have the forged highway bars, Big Bike Parts® now offers a satin black mounting bracket and a wide selection of light kits to go with it. These brackets mount to the existing 10mm holes in the forged bars to provide a great location for the Big Bike Parts® 2 3/8” die cast LED lights. Choose from halogen or Litespan LED, chrome or black satin housings. The halogens are 50 watt, while the Litespan is 7 watts, providing a brilliant 490 lumens in a 20° beam angle at 5000K. Each die cast light has a built in visor in the bezel and each light kit comes with mounting brackets, lights, electronic isolated wire harness, relay, switch, and all screws. The non-dimmable LED may interfere with weak AM/FM signals. For Victory Cross Roads, Cross Country, Hardball and Magnums, 2010 and newer.

Dual Load Equalizer

This Dual Load Equalizer is designed to allow for use of LED turn signals in place of incandescent turn signals. When replacing front or rear incandescent lights with LED’s you will notice a fast flash rate that will be reduced to a stock flash rate when utilizing this part. Does not require replacement of the stock flasher module. Item splices into existing turn signal system.

Fitment	Part No.	Unit
Universal Fitment	13-304A	Each

Quad Load Equalizer

This Quad Load Equalizer is designed to allow for use of LED turn signals in place of incandescent turn signals. When replacing front and rear incandescent lights with LED’s you will notice a fast flash rate that will be reduced to a stock flash rate when utilizing this part. Does not require replacement of the stock flasher module. Item splices into existing turn signal system.

Fitment	Part No.	Unit
Universal	13-314	Each

Universal Flasher

Flasher replaces stock mechanical flasher with a digital flasher that is not load dependant. This unit slows fast flash rate when replacing incandescent front and/or rear turn signals with LEDs. Item splices into flasher control wire harness.

Fitment	Part No.	Unit
Unit is useful on almost all bikes (except GL1800)	13-305	Each

Universal Light Wire Harness Kit

Big Bike Parts® offers an easy solution for connecting driving or fog lights that do not come with a wire harness by offering our wire harness kit without lights. This Universal Wire Harness comes with two illuminated rocker switches allowing you to choose from either the rectangular ½” x ¾” cut out switch or 7/8” round switch. Includes a separately fused power source and isolation relay, making this wire harness kit truly separate from the vehicles electrical system.

Description	Part No.	Unit
Universal Light Wire Harness Kit	16-126	Kit

Brake Light Modulator

This compact aluminum housed modulator converts your ordinary brake light into an attention-grabbing visual alert device, creating more visibility when you are braking. With the modulator installed, applying your brakes will cause your brake light to automatically emit a visual alert signal of 4-8 short light flashes depending on what mode you select. There are four easy to set visual alert modes: Mode 0 =4 Flashes then Solid Brake; Mode 1 = 4 Flashes then 4 Second Solid Brake with Repeating Pattern; Mode 2 = 8 Flashes then Solid Brake; and Mode 3 = 8 Flashes then 4 Second Solid Brake with Repeating Pattern. This Brake Light Modulator has a 10 amp capacity and attaches with double-sided adhesive tape and connects with supplied connectors. It is completely universal and a great product to have on your motorcycle to improve safety and visibility.

Description	Part No.	Unit
4 Mode Brake Light Modulator	16-201	Each

LED Dual Conversion Harness

Show Chrome Accessories® is providing cruiser riders everything they need to replace and convert OEM turn signals to Show Chrome Accessories® LED lights with our single indicator LED splitter and Dual function conversion harness. The Single Indicator LED Splitter is required when using Show Chrome Accessories® marker lights, 16-111A, 16-111R, 16-113A, and 16-114R or any aftermarket LED lights as turn signals. This harness eliminates cross feed from left to right turn signals on motorcycles with a single indicator bulb. The LED Dual Conversion Harness allows LED Marker Lights to operate as running and turn signal lights, such as Show Chrome Accessories® 16-111A, 16-111R, 16-113A, and 16-114R. One harness is needed for each individual light. This item is not required with Show Chrome Accessories® Conversion Kits.

LED Dual Conversion Harness	13-307	Each
Single Indictator LED Splitter	13-308	Each

Twisted Mirrors

These Twisted Mirrors are manufactured of lightweight aluminum and have a sleek chrome finish. A unique twisted stem design hides any external joints or unsightly jam nuts. Available in two stem heights for your riding style: short 3-1/4” and tall 4-1/4”. The Twisted Cruiser Mirrors simply thread into existing M10 thread mirror mounts for easy installation. For Honda, Kawasaki, Suzuki and Victory. Also available for Yamaha Cruisers with one Right hand M10 thread and one Left hand M10 thread.

Fitment	Part No.	Unit
For All Victory (Not Vision), Honda, Kawasaki, & Suzuki Cruisers (Short Stem)	28-101	Pair
For All Victory (Not Vision)Honda, Kawasaki, & Suzuki Cruisers (Tall Stem)	28-102	Pair

Cruiser Accessory Switch Housing

Constructed of cast aluminum and finished in a high luster chrome. The two push button switches have red LED’s indicating when your accessories are on. Switch Block can be mounted to 1” handlebars on either left or right side.

Fitment	Part No.	Unit
Fits most Cruisers with 1” handlebars	13-207	Kit

Coin Holder

Chrome plated, die-cast coin holder is designed to store a generous amount of coins and folded money on motorcycle handlebars. The holder attaches to a permanently mounted vibration free bracket. Quickly disconnects for total security.

Fitment	Part No.	Unit
Universal Applications	2-434A	Kit

Lever Laces

It is the simple things that make the difference! Big Bike Parts® Leather Lever Laces have been around forever, but we have found a way to improve them. A thicker leather material gives these Leather Lever Laces a fresh look and firmer feel. These 1 ¾” x 4 ½” leather grips have 12” long laces that cover and hang from your levers. They lace over the brake and clutch levers. Sold as a pair.

Fitment	Part No.	Unit
Fits Most Brake & Clutch Levers	17-110	Pair

Foam Lever Sleeves

Foam lever sleeves slide over the brake and clutch levers providing gentle comfort.

Description	Part No.	Unit
Foam Lever	17-99	Pair

Chrome Cable Covering

This spiral chrome cover is 3/16” in diameter allowing it to hide most electrical accessory lighting wiring in chrome. Sold in 5’ lengths.

Description	Part No.	Unit
Chrome Cable Covering	4-230	5 ft.

Posi-Lock™ Fasteners

These Posi-Lock Saddlebag fasteners keep your saddlebags securely in place, while featuring a convenient quick release allowing for easy removal. The U-Clip nut provides anti-theft protection by making sure its impossible to remove the fastener from the outside. The comfortable 1 ½” black rosette knob makes attachment easy and insures your installed saddlebags stay in place to avoid unwanted loss, yet quick enough to remove when not desired. Comes as a set of 4, perfect for a pair of saddlebags. Fits Victory saddlebags and 1995 & newer Harley FLH & FLT saddlebags.

Fitment	Part No.	Unit
For Victory Cross Country/ Roads/ Magnum	91-314A	Set

Hopnel™ Backrest Organizer

Add convenient storage to your backrest in a snap with Hopnel™ Backrest Organizer. This dual pocket organizer attaches to the existing snaps as found on backrests from Big Bike Parts®, Hopnel™ and Show Chrome Accessories®. Overall size is a compact 8 ¾” x 6 ½” x 2 ½” with three storage compartments. One zippered pouch measuring 6 ½” x 3 ½” x 2 ¼”, one larger zippered pouch measuring 6 ½” x 5” x 2 ¼” and a mesh 4 ½” x 4”pocket. Made in the USA.

Fitment	Part No.	Unit
Hopnel™ Backrest Organizer Pouch	H41-168PO	Each

NEW Detachable Smart Mount™ Backrest for Indian

Big Bike Parts® expands Smart Mount™ backrests to include the Indian line of motorcycles. The latest Smart Mount™ has the quick detach mount, allowing easy removal of the pad assembly, leaving all hardware below the seat top for a clean look when not in use. Mounts through the factory backrest slot on the seat to a frame mounted backrest support bracket. The unique design of the pad assembly provides three different pad height positions starting at the lowest position it can be raised at 1 5/8” higher at mid point or a full 2 ¾” in the highest mount position. This adjustability allows fitment on the 2014 and newer Indian Chief, Chieftain, Springfield and Roadmaster helping find the perfect pad height for each rider.

The generous 12 3/8” x 7” full support pad provides superior comfort and support. The Big Bike Parts® exclusive hinge allows additional adjustment of 1” vertical and 3” horizontal positioning to achieve the desired comfort. A convenient removable storage pouch snaps to the back of the backrest pad. Available in either Black or Desert Tan to match Indian seats. Made in the USA.

Fitment	Color	Part No.	Unit
For Indian Chief, Springfield, Chieftain, Roadmaster 2014 - newer	Black	30-208	Kit
For Indian Chief, Springfield, Chieftain, Roadmaster 2014 - newer	Desert Tan	30-209	Kit

Smart Mount™ Backrest

The Smart Mount™ backrests from Big Bike Parts® now includes the Victory Cross series with its own custom engineered driver backrest system. The generous 12 3/8” x 7” full support pad provides superior comfort and support. Its unique hinged design and adjustable tongue allow for 1” of vertical adjustment as well as 3” of horizontal positioning to help match your desired fitment. A convenient removable storage pouch snaps to the back face. A complete removable design for the Victory allows quick detachment of the backrest with the hidden mount. Designed to fit the Victory 2010 and newer Cross Country/Cross Roads/Cross Tour/Magnum and Hardball driver seats. Uses existing OEM backrest hole, so no cutting of seat is required. Made in the USA.

Fitment	Part No.	Unit
For Victory Cross Models 2010 - newer	30-108	Kit

Indian & Victory Accessories

NEW Tour Trunk Rack

Big Bike Parts® is proud to introduce its new Tour Trunk Rack for the Indian line of motorcycle trunks. This new rack for the Indian is available in thier traditional Show Chrome Accessories® Chrome or Black Satin Finish. This generous 20” x 12 ½” luggage rack easily accommodates the largest luggage bags and comes with custom tapered mounting spacers, allowing the rack to more easily conform to the curve of the trunk. These spacers are recessed to allow the rack to rest securely into the spacer, helping spread the load over the trunk lid to alleviate stress cracking. Rubber washers under each spacer not only protect your bikes finish, but also assures a water light fit. The manufactures trunk specs should be viewed for loading limits. Designed specifically for the Indian trunk, its mounting legs align with the OEM mounting points making it easy to upgrade if you already have an OEM rack installed. Fits Springfield, Chieftain and Roadmaster 2014 – Newer.

Fitment	Finish	Part No.	Unit
For Indian Trunks 2014 - newer	Chrome	30-201	Each
For Indian Trunks 2014 - newer	Black Satin	30-201BK	Each

Chrome Solo Rack

Show Chrome Accessories® ever popular tubular Chrome Solo Fender Rack can now be utilized on your curved Saddlebags! As new motorcycles come to market, Big Bike Parts® reviews and expands fitments for top selling products. Built with high luster chrome plated steel tubes, these racks add function and form to rear fenders and saddlebags. These racks will fit most aftermarket trike bodies or curved saddlebags, such as Victory Cross Country/ Road/Magnum, and are easily installed with the supplied hardware. These Racks incorporate nicely with tube style front fender rails, luggage racks and all of your other chrome, creating a truly unique flair to your bike.

Fitment	Part No.	Unit
For Victory Cross Country/Road/Magnum	41-130	Set

Receiver Hitch Rack

The Universal Trailer Hitch Rack is a generous 16” x 10 ½” platform that will accommodate coolers, extra luggage, bags and more. A simple mounting bracket design uses your hitch ball as its mounting bolt with a custom designed washer that prevents movement once securely tightened. Works with most receivers up to 3” wide and fits balls with up to a ¾” shank. Fits with both horizontal and vertical receiver hitch assemblies. Quick release design allows quick removal by simply removing the 2 locking pins and sliding the rack free of the mount to accept your trailer. Made from durable powder coated steel, this rack will give years of service. Its open tubular design brings this durable rack in at barely over 6 lbs.

Fitment	Part No.	Unit
Receiver Hitch Rack	52-828	Each

NEW Splash Guard Mud Flap

Big Bike Parts® Splash Guard rubber mud flap with chrome accent easily mounts to the existing rear exhaust support bracket on your 2010 and newer Victory Cross Country, Cross Road, Cross Country Tour, Hardball, and Magnum models. Includes all necessary hardware and recesses nicely out of direct view while controlling the debris coming from your rear tire.
