

MOTORCYCLE ATTACHMENT TAPES

3M is the hallmark of acrylic foam tape. This highly durable double-coated tape is created with industry exceptional acrylic adhesive and viscoelastic foam core to offer unsurpassed adhesion. Made with superior climate-resistant properties, 3M Attachment Tapes will withstand the elements, no matter what Mother Nature throws your way.

This 3M acrylic foam tape is used to attach exterior trim such as wheel flares, emblems, and LED strips as well as helmet accessories. Offering high peel strength and perfect fit, 3M acrylic foam tapes are reliable and easy to use. They are designed to improve performance, productivity, and style.
