

46-4007-03

SUPERSPORT FENDER KIT

SUZUKI GSX-R1000
2005-07

PARTS INCLUDED

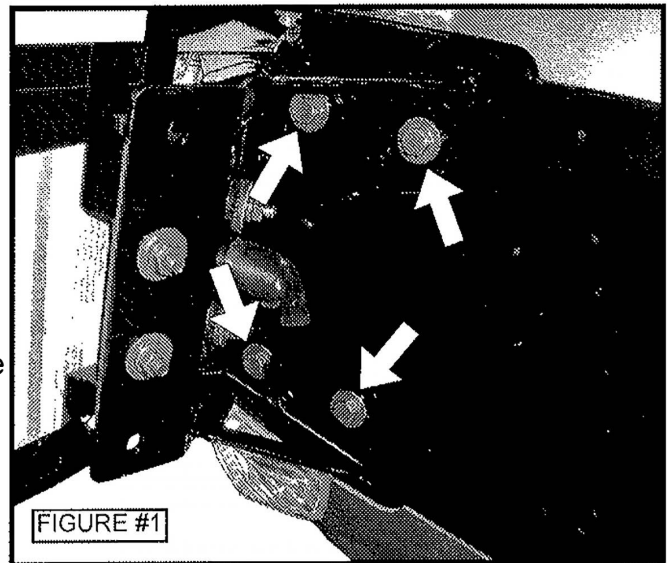

1 - Supersport Fender Bracket

TOOLS REQUIRED

Ratchet
10mm Socket
8mm Socket
4mm Allen Wrench

INSTALLATION INSTRUCTIONS

- 1) Remove the passenger seat (or rear cowl).
- 2) Disconnect the license plate light wire.
- 4) Remove the license plate from the rear fender.
- 5) Remove and retain the four bolts that secure the rear fender to the motorcycle. Remove the rear fender. See figure #1.
- 7) Using the four original bolts, mount the new Supersport Fender Bracket to the motorcycle in the same location as the original rear fender. Tighten bolts to 13 N.m (9.5 lb-ft).
- 8) Mount the license plate to the Supersport Fender Bracket using the original hardware.
- 9) Reinstall the passenger seat, or rear cowl.

PERFORMANCE DELIVERED!
