Congratulations, you have purchased the finest <u>air filter</u> that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

## INSTALLATION

- 1. Remove the stock air filter.
- Clean the base plate in the air box.
  - **Note:** The area must be clean and dry so the gasket will adhere to it.
- 3. Apply the provided gasket to the base plate in the air box.
- Install the K&N Filtercharger<sup>®</sup>.
- Reinstall the side cover.

## Available to purchase separately

Precharger Wrap for HA-1312; HA-1312PR Precharger Wrap for HA-1314; HA-1315PR

Precharger Wrap for HA-1315; HA-1315PR

Precharger Wrap for HA-2584; HA-1315PR Precharger Wrap for HA-6592; HA-6592PR

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
