

# INSTALLATION INSTRUCTIONS

## Part Number HA-8085

**This filter fits:** Honda GL1200 W/SE-I 1985-86

Congratulations, you have purchased the finest [air filter](#) that money can buy. With proper care, this filter will last one million miles or more. This filter can be used in a stock machine, with no modifications required. However if any engine modifications have been made, tuning/jetting adjustments may be required. **However, there are special installation instructions, so please follow the procedures outlined below to ensure that the K&N Filtercharger® seals properly.**

### Installation

- 1) Remove stock air filter.
- 2) Remove rubber grommets from stock air filter and insert into K&N air filter.  
NOTE: If either of the stock grommets are damaged, a new one should be purchased from your Honda dealer.
- 3) Install K&N air filter.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
