

# Installation Instructions

Part Number: HA-8098

Congratulations, you have just purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N air filter seals properly.

## INSTALLATION:

1. Remove the stock air filter.
2. Remove the o-rings from the air box base and the lid.
3. Install the K&N [Air Filter](#) making sure it is completely seated.  
**Note: The K&N logo and air filter part number will be facing up.**
4. Reinstall the air box lid.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
