

# INSTALLATION INSTRUCTIONS

Part Number SU-3590

Congratulations, you have purchased the finest [air filter](#) that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

## INSTALLATION

1. Remove the side cover.
2. Remove the air box cover.
3. Remove the stock air filter and the stock air filter holder.  
**Note:** The air filter holder will not be used with the K&N Filtercharger®.
4. Install the provided top plate onto the K&N Filtercharger®.
5. Insert the provided wing bolt with the washers into the hole in the top plate.  
**Note:** The rubber washer will be against the top plate.
6. Apply a thin layer of the provided K&N Sealing Grease to the base of the K&N Filtercharger®.
7. Install the K&N Filtercharger® into the air box.
8. Snug the wing bolt against the top plate. Wiggle the filter to ensure it is completely seated.
9. Tighten the wing bolt.  
**CAUTION: Do not overtighten or damage to the air box can occur.**
10. Reinstall the air box cover.
11. Reinstall the side cover.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
