

INSTALLATION INSTRUCTIONS

Part Number TB-6000

Congratulations, you have purchased the finest [air filter](#) that money can buy. With proper care, this filter will last 1 million miles or more. This filter may be used in a stock machine, with no modifications required. However, if any modifications have been made, tuning/jetting adjustments may be required. The following procedure **MUST** be followed to ensure a proper fit and seal of the K&N Filtercharger®.

INSTALLATION

1. Remove the stock air filter.
2. Install the K&N Air Filter® into the stock air filter holder.
3. Apply the provided K&N Sealing Grease to the sealing surface of the K&N Air Filter®.
4. Install the K&N Air Filter® into the air box.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
