

INSTALLATION INSTRUCTIONS

Part Number YA-4514DK

This filter fits: YA-4514XD

The K&N® Drycharger® is a specially designed filter wrap made to extend the service interval of your K&N® Air Filter when used in very dirty, muddy or dusty conditions. They are made from a highly durable silicone treated polyester material containing uniform micron openings. The Drycharger® will stop small dirt particles with minimal restriction to the airflow of the filter. The Drycharger® is designed to be run dry and can be cleaned with K&N® Filter Cleaner or soap and water. The Drycharger® is custom made to fit each application.

INSTALLATION:

1. Install the K&N® Air Filter into air box and follow up to step 14 from YA-4514XD instructions. Then install Drycharger® onto the K&N® [Air Filter](#). (Fig. 1 & 2)
2. Now install the provided plate from YA-4514XD over the K&N® filter and tighten with the original screws. (Fig. 3)
3. Test the filter and Drycharger® for proper fit and seating before riding or installing the seat.
