

Z-Plus

Lighter and with 10% more stopping power than stock pads.

Upgrade from Stock Pads

- +10% Stopping Power
- Zero Dust
- Zero Noise
- 30% Cooler

Get an immediate brake performance improvement over stock pads with our Z+ soft brake pad. This is a great pad for putting on a stock Harley. Utilizing a specially formulated Dupont Carbon-Kevlar compound, this is a tried and true brake pad.

Gold-Plus

Runs cooler and has 20% more stopping power than stock pads.

Longlasting Durability

- +20% Stopping Power
- Low Dust
- Zero Noise
- 30% Cooler

Our next step up in performance is the Gold+. This is a harder pad than the Z+ with 20% more stopping power than a sintered pad. Runs cooler with zero noise and low dust. Works great on all rotors. This brake pad will get an amazing 18,000 miles service life.

Xtreme

Advanced friction material allows 30% more stopping power.

Xtreme Performance

- +30% Stopping Power
- Moderate Dust
- 20% Cooler

Introducing the Xtreme series. A true HH friction rating organic material. The highest stopping torque and the le amount of lever effort. Made in America with the latest friction material from Dupont. Runs cool with moderate and zero noise. Delivers 18,000 miles of Xtreme performance.
