

EXTRA

100% SYNTHETIC, TRIPLE ESTER 4-STROKE ENGINE OIL

DESCRIPTION:

Full-synthetic, triple ester 4-stroke engine oil designed to ensure maximum performance while providing maximum protection under the most severe conditions. The extensively developed formulation combines a synergistic blend of exotic esters, regenerative polymers and the world's most advanced additive system to deliver unrivaled engine, clutch and gear protection. Exceeds the requirements of API SL / JASO MA.

FEATURES & BENEFITS:

- Ultimate hardware protection & shifting confidence for even the most aggressive riders
- Innovative formulation enables maximum power while ensuring optimal clutch engagement
- Shear stable, regenerative polymers maintain oil viscosity and film thickness
- World-class, proprietary additive system and esters combine to virtually eliminate oxidation and wear
- Surface-active chemistry aggressively attaches to engine surfaces and keeps them clean
- Exceeds API SL and JASO MA specifications

APPLICATIONS:

For all air and water-cooled 4-stroke gasoline engines. Designed for high performance applications.
