

PRO PLUS+

100% SYNTHETIC, ESTER-FORTIFIED 4-STROKE ENGINE OIL

DESCRIPTION:

Full-synthetic, ester-fortified 4-stroke engine oil designed to ensure optimum protection, peak performance and positive clutch feel. Surface-active, oxidatively-stable formulation provides excellent film thickness while maintaining viscosity across all operating temperatures. Advanced, proprietary additive system keeps your engine running clean, trouble-free and extends the life of the machine. Exceeds the requirements of API SL / JASO MA2.

FEATURES & BENEFITS:

- Superior protection at any temperature
- Excellent clutch feel and clutch protection
- Shear stable, ester-fortified formula maintains oil viscosity and film thickness
- Proprietary additive system and synthetic base oils combine to minimize oxidation and wear
- Surface-active chemistry aggressively attaches to engine surfaces and keeps them clean
- Exceeds API SL and JASO MA2 specifications

APPLICATIONS:

For all air and water-cooled 4-stroke gasoline engines. For both racing and everyday use.
