

# Details

## **Greek 77 tread pattern:**

Efficient water evacuation even  
in the toughest and wettest  
conditions

# Details

## Longitudinal grooves:

- ▶ Deep and long to increase water evacuation
- ▶ Safety feeling in the wet
- ▶ Increases tyre flexibility and enlarges the footprint area

# Details

## Radial grooves:

- ▶ Water drainage at high lean angles
- ▶ Maximum safety in all conditions

# Details

## Spaced grooves:

- ▶ More rubber in contact with the ground
- ▶ Better grip on dry at full lean
- ▶ Reduced noise and vibration
