

Details

Front

Rear

Swaying longitudinal groove:

- ▶ Effective water drainage
- ▶ Wear regularity
- ▶ Reduced vibrations

Details

Front

Rear

Front compound:

High silica durasil single compound with high stiffness modulus and friction coefficient:

- ▶ Control oversteering
- ▶ Grip balance of the set

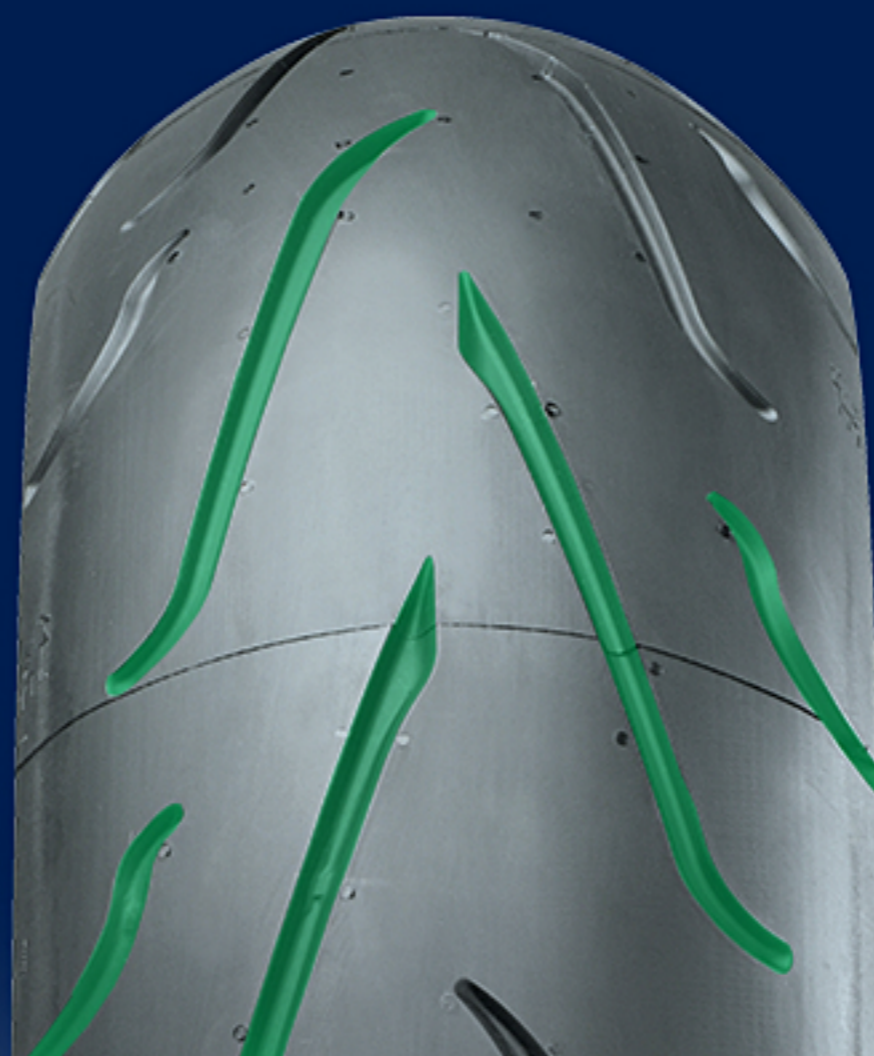

Details

Front

Rear

Single element lateral groove:

- ▶ Water evacuation at all lean angles
- ▶ Wear regularity
- ▶ Tread compound stiffness

Details

Front

Rear

Rear compound:

High silica durasil single compound with reinforcing elements:

- ▶ Better elasticity
- ▶ Mechanical resistance
- ▶ Lasting performance
