

MICHELIN

# ANAKEE 3

Roadster Trail

Maneuverability, grip on wet and dry surfaces, and longevity: rediscover the joy of riding your trail bike!

## Why choose the MICHELIN Anakee III?

### Stability and Maneuverability

A stiffer frame and a new profile inspired by the Michelin Sport Touring radial line offers greater stability and maneuverability.

### A Dynamic Tire Tread for Greater Grip in all Types of Weather

A dynamic tire tread depending on road conditions and your lean angle for improved grip on both wet and dry surfaces.

### A Unique Look

An innovative tread with beveled areas and indentations makes for a truly unique look.

### The Choice of BMW

BMW elected to equip more than half of its R1200 GS, R 1200 GS, R 1200 GS Adventure, F 700 GS, and F 800 GS platforms with this tire.

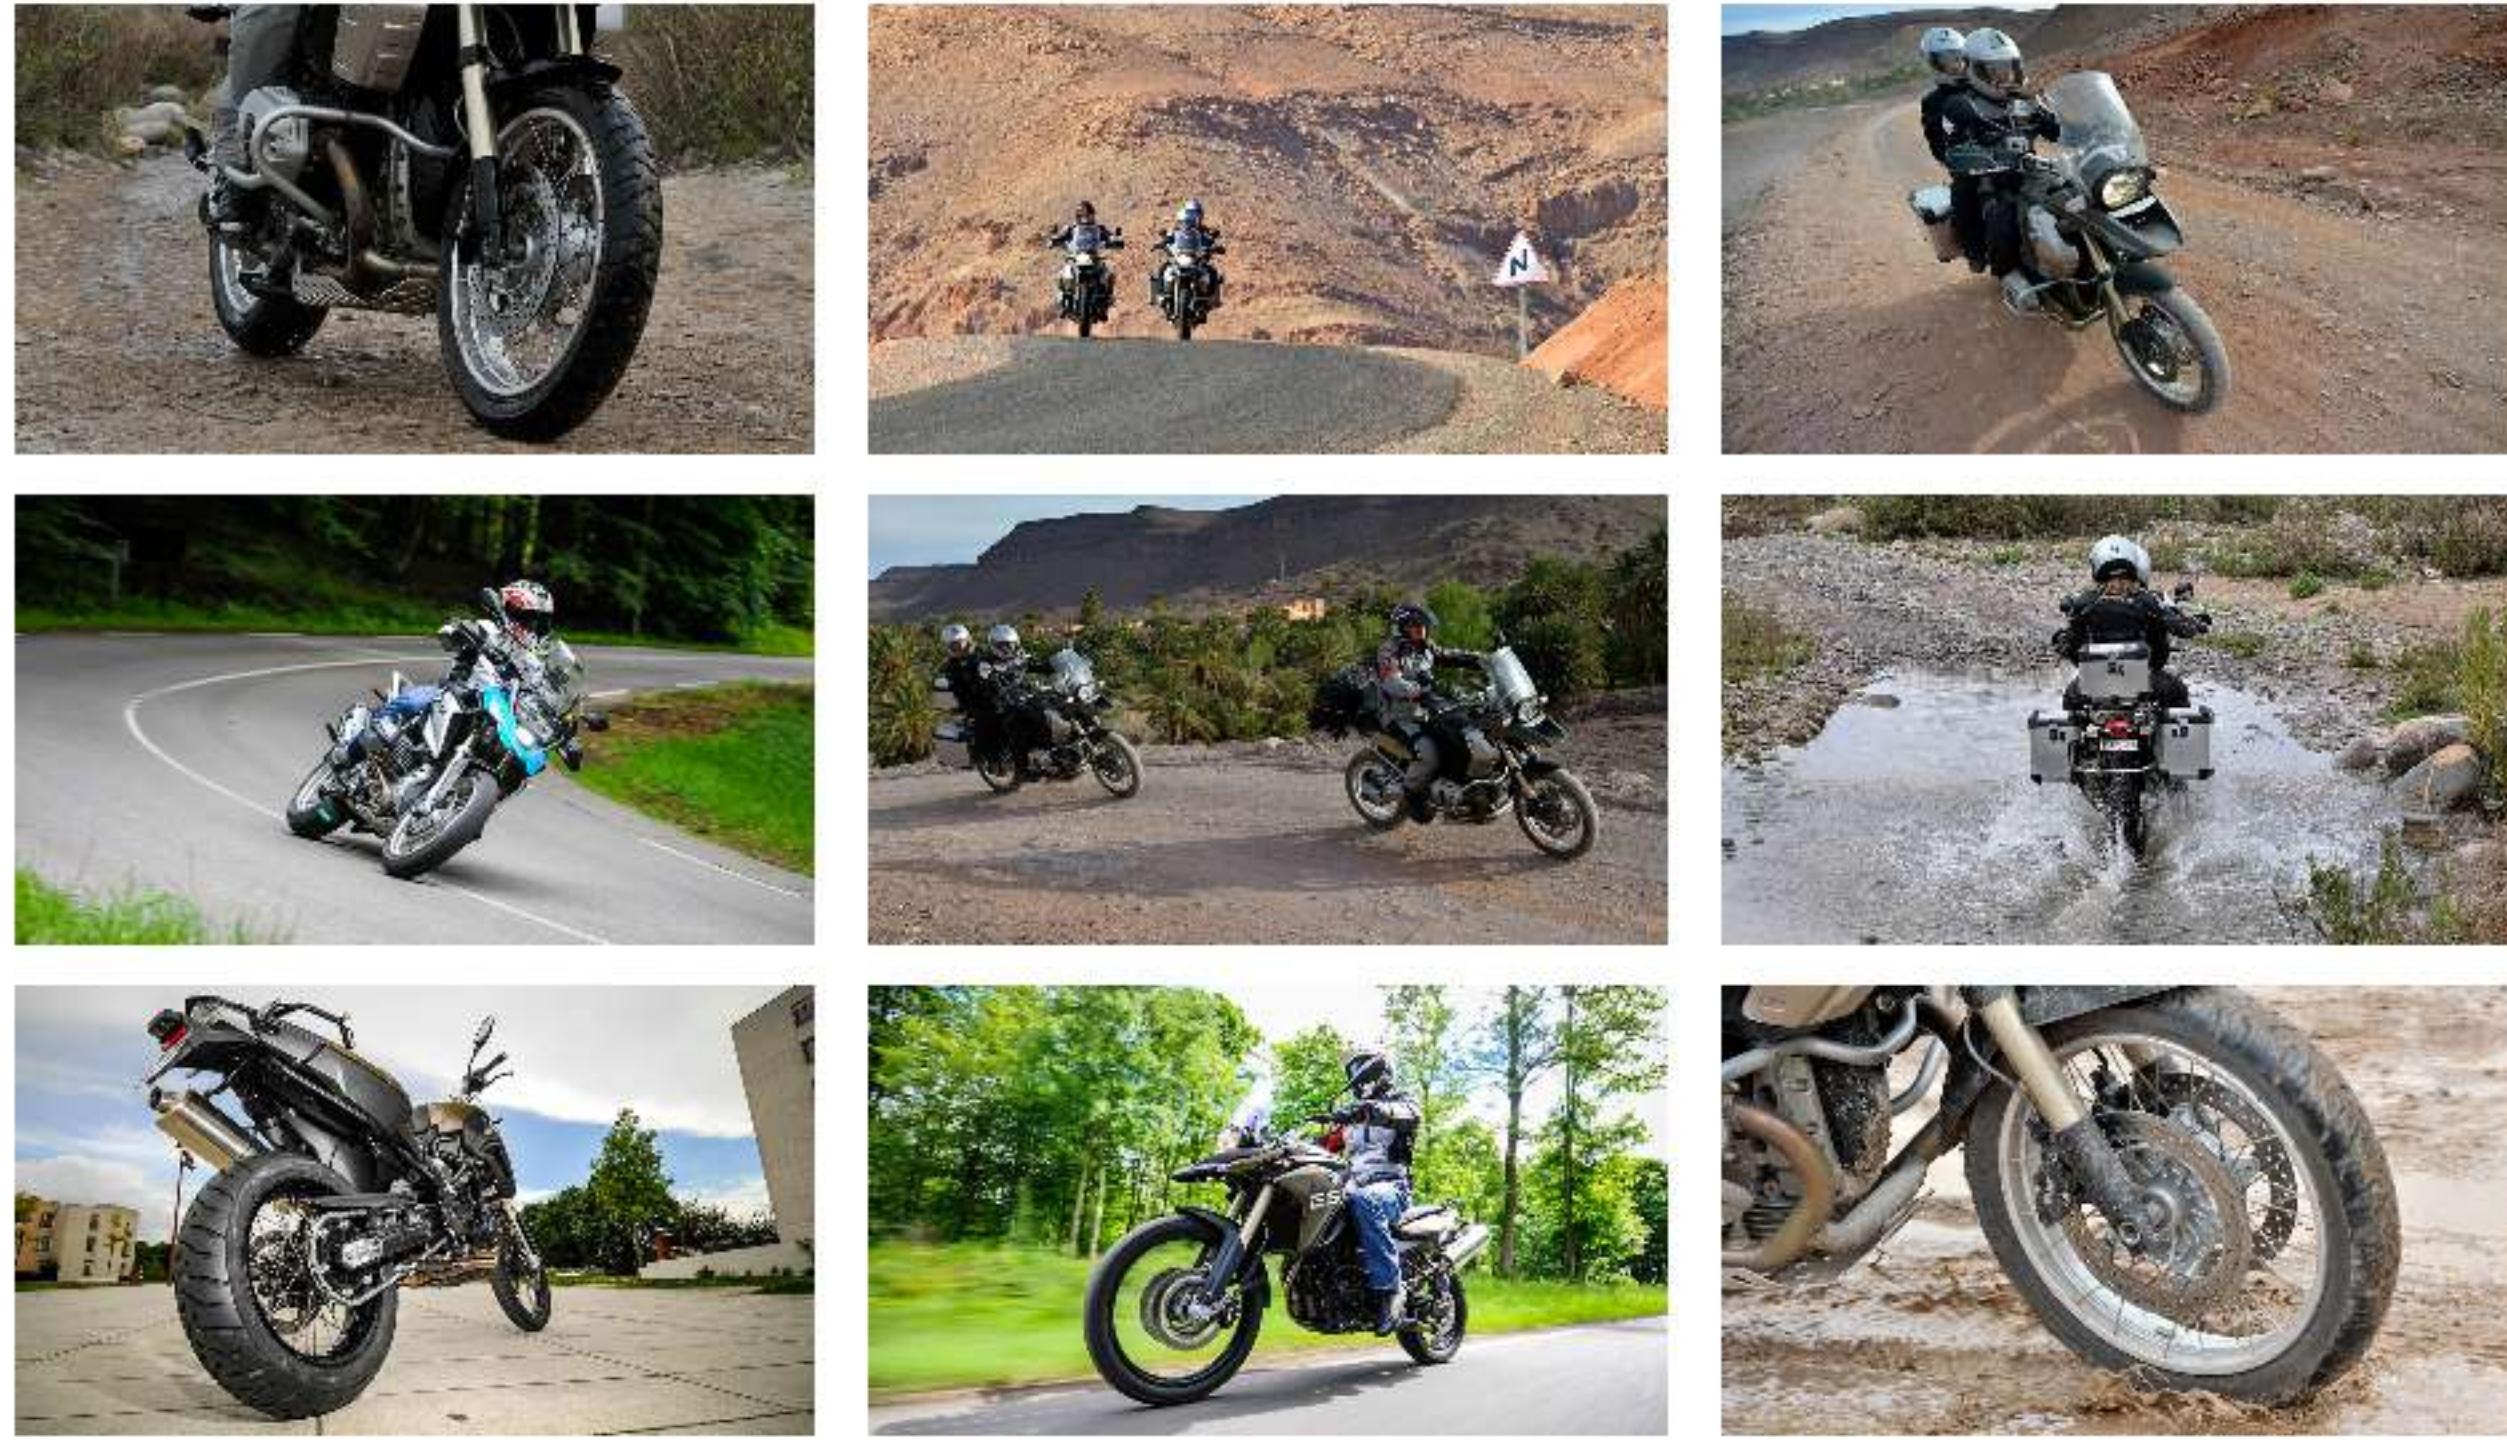

### Michelin always aims to bring together multiple performances.

At Michelin, we never work on one isolated element of performance. Instead, we focus on the whole package: safety, durability and the thrill of riding... all at the same time and with no trade-offs. That's what we mean by MICHELIN® Total Performance™.
