Why choose MICHELIN Anakee Wild?

Long lasting performance

All-new compounds, combined with an innovative tread pattern inspired by our Dakar winning MICHELIN® Desert Race® tire, offer extraordinary longevity for extended adventures.

Stability and Comfort

In addition to proven off-road performance, front/rear casing design ensures impeccable on-road stability and comfort.

Off-Road Performance

Offset blocks and curved tread grooves provide true off-road performance, especially in soft and challenging conditions.

Resistance

Improved resistance to high temperatures and various deteriorations thanks to the optimized tread depth and new materials.

Michelin always aims to bring together multiple performances.

At Michelin, we never work on one isolated element of performance. Instead, we focus on the whole package: safety, durability and the thrill of riding... all at the same time and with no trade-offs. That's what we mean by MICHELIN® Total Performance™.
