**MICHELIN**  
POWER 5

The patented sidewall designs of the MICHELIN Power 5 tire enhance sportbike styling

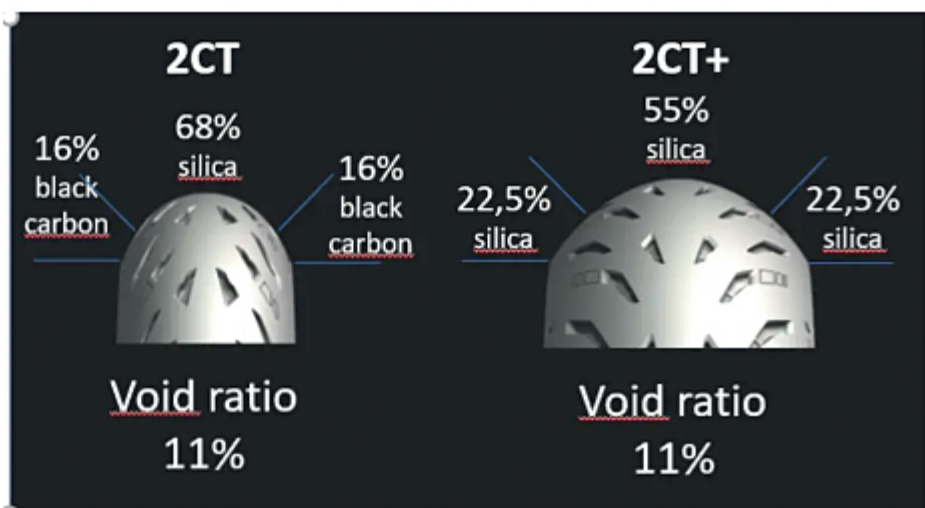

## Why choose MICHELIN Power 5 tires?

### Excellent Wet Grip Performance

Experience improved wet grip versus its predecessor\*

*\*Based on internal test conducted in Fontange, France using a 2019 BMW S1000 R fitted with 120/70 ZR 17 front and 190/55 ZR 17 rear tires comparing lap times of MICHELIN® Power 5 tires with MICHELIN® Power RS tires. Actual on-road results may vary.*

### Optimized Compound Mix and Void Ratio

MICHELIN 2CT and 2CT+ silica compounds with 11% void ratios front and rear deliver tremendous grip in wet conditions

### Michelin's Premium Touch™ Technology

The patented sidewall designs of the MICHELIN Power 5 tire enhance sportbike styling.
