

MICHELIN

# SCORCHER 21

Cruiser/Custom

A unique combination of the traditional Cruiser look, agility and wet grip for Harley-Davidson® Street Rod™ model

## Why choose MICHELIN Scorchers 21™ tires?

### Traditional Cruiser Design for Confident Urban Riding

Conceived exclusively for the Harley-Davidson® Street Rod™, MICHELIN® Scorchers® 21 tires features the exclusive Harley-Davidson® co-branded stylings of MICHELIN® Scorchers® 31 tires and offers excellent durability and wet and dry grip to handle the challenging conditions and hazards of city streets.

### Amplified Density Technology for Urban Agility

The highly dense and rigid tire casing features aramid fibers, offering precise handling and agility, while delivering excellent stability at highway speeds. MICHELIN® Scorchers® 21 radial tires offer the maneuverability required by urban motorcycle riders.

### Silica Rain Technology for Exceptional Wet Grip

To match the innovation of Harley-Davidson®, our engineers have developed MICHELIN® Scorchers® 21 tire with a mix of silica-rich rubber compounds to help provide exceptional wet grip in cooler temperatures and on wet roads, without compromising treadlife.

### Michelin always aims to bring together multiple performances.

At Michelin, we never work on one isolated element of performance. Instead, we focus on the whole package: safety, durability and the thrill of riding... all at the same time and with no trade-offs. That's what we mean by MICHELIN® Total Performance™.
