

MICHELIN

SCORCHER 31

Cruiser/Custom

The line that has recently been approved for use with the Harley Davidson® Electra Glide, Road Glide, and Street Glide. The original tire for almost all of the Sportster® and Dyna® models.

Why choose the MICHELIN Scorchers 31?

Maximum Grip, even in the Rain

Thanks to its unique multi-rubber blend, the MICHELIN Scorchers 31 tire provides for outstanding grip. Ride with total safety, even in the rain.

Stability even at High Speeds

Our engineers created this high-quality tire using a hyper-functional and high-quality material: aramid fiber renowned for its use in the aviation industry. Super lightweight and resistant, this material provides for responsiveness and maximum stability, even at high speeds.

Exceptionally Easy to Handle

Thanks to MICHELIN Amplified Density Technology (ADT), the MICHELIN Scorchers 31 has a stiffer carcass for an easy and responsive ride. Riding comfort guaranteed!

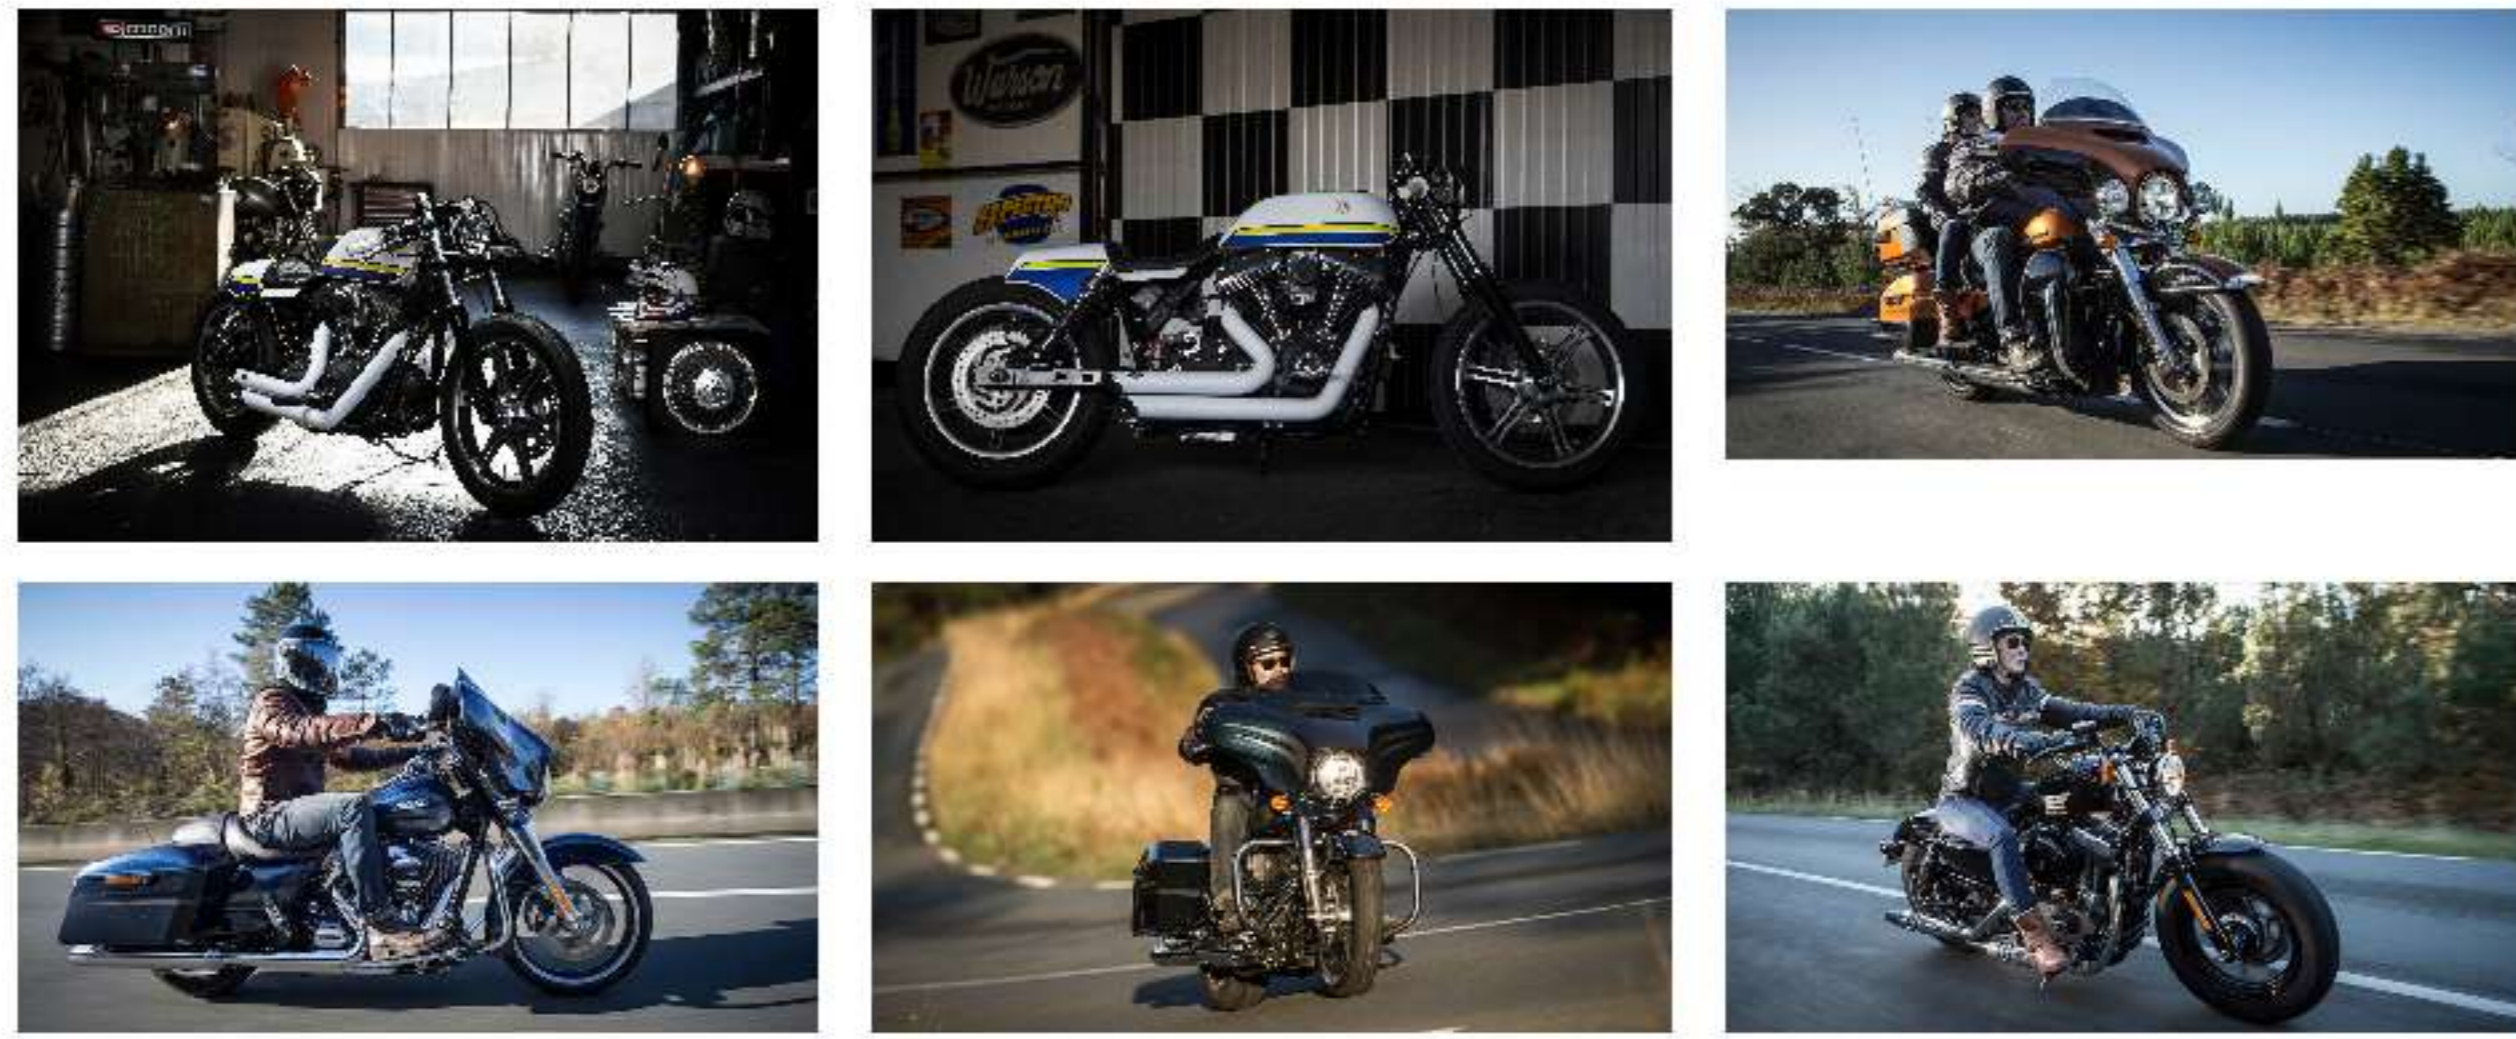

Michelin always aims to bring together multiple performances.

At Michelin, we never work on one isolated element of performance. Instead, we focus on the whole package: safety, durability and the thrill of riding... all at the same time and with no trade-offs. That's what we mean by MICHELIN® Total Performance™.
