

# SPORT FORCE+

Tyres for sport, naked and supermoto motorcycles

**Mitas**

# SPORT FORCE+

SPORT FORCE+ is a dynamic tyre that ensures fast and easy steering. It offers outstanding stability at high speeds and maximum control at extreme lean angles.

Silica compound in combination with special additives provides maximum road grip in various weather and tarmac conditions.

Balanced tyre wear and optimum riding performance throughout the lifetime of the tyre are supported by the Strong Carcass Technology (SCT).

## Tyre sizes

Inch	Code	Tyre size	LI/SS	Type (TT/TL)	F/R
17	566456	110/70ZR17	(54W)	TL	FRONT
17	566457	120/60ZR17	(55W)	TL	FRONT
17	574013	120/65ZR17	(56W)	TL	FRONT
17	575472	120/70ZR17	(58W)	TL	FRONT
17	598128	140/70ZR17	66W	TL	REAR
17	575474	150/60ZR17	(66W)	TL	REAR
17	575483	160/60ZR17	(69W)	TL	REAR
17	575493	180/55ZR17	(73W)	TL	REAR
17	575494	190/50ZR17	(73W)	TL	REAR
17	567762	190/55ZR17	(75W)	TL	REAR

## Recommended cold inflation pressures for SPORT FORCE+ tyres

Please follow the recommendations from your motorcycle user manual.

The Strong Carcass Technology gives a bit more free hand in choosing optimum inflation pressure. The inflation pressure is defined with regard to the tyre load during the ride and the riding style (alone or with a passenger, extra luggage), and the ride itself (long-lasting highway ride, shorter distances on local roads). We recommend as follows:

SPORT FORCE+	Front	Rear
A ride with a passenger and extra luggage	2.6	2.9
A ride with a heavier touring motorcycle over 1000cc	2.6	2.9
A solo ride on a heavier motorcycle up to 1000cc	2.5	2.7
A solo ride on an light motorcycle up to 650cc	2.3	2.5
A solo ride on an light motorcycle up to 400cc	2.2	2.4
A racetrack ride	2.3	2.1
