

Dowel Pin Puller Set, 08-0604

INSTRUCTIONS

MOTION PRO DOWEL PIN TOOL P/N 08-0604

Step 1: Select the correct size collet for the dowel pin you are going to remove

Step 2: Tighten the 6mm bolt on the collet to lock it firmly onto the dowel pin.

Step 3: Attach either slide hammer or puller rod or use a wrench

Note: For frozen pins use the slide hammer.
