

# Motonation APPAREL

**Motonation, established in 1999**, is an American brand of motorcycle apparel.

Motonation offers an apparel solution for riders focused on product value, the utmost in features and fit at a reasonable price. Motonation Apparel meets strict quality and safety standards. Motonation Apparel is intended for riders at every skill level who want to be both fashionable and safe.

## Fitment:

- **Sport:** Snug fitting European style, perfect for sport bike use without bunching up in a tuck. Preferred by professional racers world-wide.
- **Touring/Adventure:** Longer and larger, with more freedom of movement, better for upright riding positions and for layering clothing underneath.
- **Cruiser:** Bigger everywhere for maximum comfort and mobility. Designed for average cruiser-guy size, they fit comfortably, even when used in a wide variety of riding positions.

Insulated thermo liner for added comfort on cold days to keep you warm. Easily removed from jacket.

We use special reflective elements on our apparel to insure your visibility on the road under extreme conditions.

Our garments are made of carefully selected high quality leather to ensure comfort and design details.

TPU reinforcement found on knuckles, fingers and the palm of gloves. Integrated TPU reinforcement properties include: high abrasion resistance, low-temperature performance, high elasticity and oil & grease resistance.

Reissa® is an advanced material with a breathable and waterproof membrane. The membrane is made of specialized hydrophilic polyurethane which fulfills higher vapor transmission and waterproofness.

High quality, multi impact CE level 1 armor is included on this item.

Our jackets feature multiple zippered vents keeping you cool and comfortable on the hottest days.

Vented Mesh Body icon: "Vented mesh body for max airflow and rider comfort on warm days.

We combine good ergos, high-quality materials and abrasion resistant construction for the best protection possible. Our protectors are CE 1 level protection under EU standards. All pads are replaceable.

Strategically placed air ventilation pockets and vented zippers will keep you cool during hot summer days.

Abrasion resistant materials are specially designed fabrics to resist erosion, scratches, etc. The material is long lasting, highly durable and is designed for extreme applications and daily use.

PU-coated leather allows the garment to be resistant to water and scratches. The coating helps the leather to dry quicker while keeping it soft and durable.

We use soft, light materials to ensure comfort and fit.

Removable Reissa breathable and waterproof full liner for all weather comfort.

Perforated leather panels for max airflow and rider comfort on warm days.

# Dominator

## LEATHER JACKET

Fitment: **SPORT**

A great leather jacket for both sport and casual riding, the Dominator jacket features integrated padding in the chest and back areas, plus CE protectors in the elbows and shoulders. There are two hand warming pockets plus two internal storage pockets, along with zippered air vents on the chest to bring in cooling air on hot days and, for cooler mornings, an insulated, removable quilted vest liner.

➔ 1.2mm (body) to 1.4mm (impact areas) premium leather construction for optimum protection, durability and comfort.

➔ Removable and washable thermal insulating quilted vest liner with a pocket zips in over a permanent mesh lining.

➔ Multi-stitched for maximum abrasion and tear resistance for outside of arms and back seams.

➔ Triple Stitched for good abrasion and tear resistance for chest and other normally non-impact or abrasion areas.

• Moisture wicking neoprene in the collar for maximum rider comfort.

• 10mm thick memory foam back pad.

• Extra padding is also provided via padded panels throughout the jacket.

• Zip open air vents are positioned on the back of shoulders.

• World famous YKK zippers with long zipper pulls.

**Black/Blue**

• CE approved shoulder and elbow protectors. EN 1621-level 1.

• Two inner pockets; one with zipper closure.

• Pre curved arms for a perfect look, fit and for maximum riding comfort.

• Two waist connection zippers for pant attachment.

• Accordion leather-Spandex stretch panels are located on the sides/waist and armpits for the finest non-binding fit possible.

• Two front hand warmer pockets with zipper closures.

• Sleeves feature 2-way zippers for additional air flow.

**WARNING!** No boot, apparel, helmet or other protective device can completely protect you in all foreseeable or unusual accidents. Riding motorcycles, ATVs, and other motorized vehicles is dangerous. In the event of an upset, collision, or other accident, you may be seriously injured or killed, regardless of the type of protective equipment that you are wearing. Do not expect or depend upon your Sidi boot, Motonation apparel, Forcefield Armour, Trilobite apparel or Vemar helmet to prevent or reduce injury in the event of an accident. Under some rare circumstances, the wearing of protective apparel may actually increase your injury. The only way to certainly avoid being injured while riding a motorcycle or other motor sports vehicle is not to ride.

Pants

# Sherpa

## ARAMID MEN'S JEANS

A fantastic value in an Aramid lined jean the Sherpa jean has a straight leg, relaxed cut available in dark blue or black washed finishes, the Sherpa can be every day jeans as well as riding jeans. Under the 12 oz. washed stretch denim is DuPont™ ARAMID fiber reinforcement in all the high abrasion and impact areas. There's even removable CE rated knee armor and an anti-bacterial mesh inner lining.

- ➔ Fashionable yet functional design suits any climate.
- ➔ Comfortable and perfect for everyday riding, but offer the benefit of abrasion resistant protection in the critical areas where riders need protection.
- ➔ Constructed of high quality durable 12oz. stone hand distressed stretch denim.

**NEW!** Alpina

WATERPROOF TOURING GLOVE

If it's cold and it's wet, it's Alpina glove weather! These waterproof touring gloves feature internal Thermolite insulation and a Hipora waterproof and breathable membrane. The Alpina adds protection with its integrated hard armor in the knuckles, plus foam padding on the fingers. A large single Velcro® brand closure cuff lets you quickly cinch down the wrist.

- Hipora waterproof and breathable membrane.
- Cow leather & Cordura construction.

- Thermolite insulated polyester lining.
- Hard shell knuckle and foam finger protectors.
- Foam padding on the outside of the palm for shock absorbing.
- Adjustable hook and loop cuff closure for an adjustable fit.

## LEATHER GLOVE

This is a short length leather sport & freestyle glove that delivers great dexterity and extra protection. Made of full grain cowhide leather throughout with an additional layer in the palm. It also features dual panels in the upper hand for quick moves and great feedback.

➔ Constructed of premium full grain cowhide leather with high tear strength and abrasion resistance.

➔ An extra layer of leather is used for construction of the palm and bottom of the fingers.

➔ Dual layer leather panels are used in the upper hand for the finest non-binding fit possible.

• Soft and comfortable interior.

• Neoprene panels in wrist with a hook & loop wrist strap for a snug fit.

• Durable plastic armor with shock absorbing memory foam on the knuckles for extra protection.

• High impact use areas are all double stitched.

• Split rubber pads on top of fingers.

• Perforated leather on back of hand, inside each finger and top of fingers.

• High tensile strength nylon thread stitching used throughout.

• Extra palm pad is positioned on the base of the palm.

• Pre-curved fingers for a snug and comfortable fit.

• Touch screen material on top of fingers.

• Accordion padding at knuckle for protection and excellent articulation.

## Rapita

## TEXTILE MESH GLOVE

A great summer glove, the Rapita features a lightweight, vented mesh and nylon construction on the back, along with firm but flexible plastic-mesh knuckle armor and 3M reflective piping. This great glove covers all the key details like double stitching in high impact areas and extra memory foam in the palm.

➔ Multi-layer Clarino synthetic leather reinforced palm for maximum abrasion resistance.

➔ High impact use areas are all double stitched.

➔ High tensile strength nylon thread stitching used throughout.

• Back is constructed of vented mesh textiles and Clarino synthetic leather.

• Resilient plastic mesh armor on the knuckles for extra protection.

• Neoprene cuff with wrist strap for a snug fit.

• Extra memory foam pad is positioned on the base of the palm.

• Touch screen material on top of fingers.

• Soft and comfortable interior.
