INSTALLATION INSTRUCTIONS

YAMAHA MT 10

Thank you for buying a MRA Windshield.

Read this manual carefully and check the parts list for completeness before you begin. We recommend that you have your screen fitted by an authorised workshop.

Number	Article	Article No..	Required tools
1	MRA screen	---	PH2 Phillips screwdriver Allen key, 5 mm
2	Spacers, M6 x 20 mm	11181	
2	Spacers, M6 x 15 mm	11180	
4	Phillips countersunk screws, M6 x 50 mm	11182	
4	Rubber washers, 16 x 6 x 2 mm	10792	
4	Caps, black, M6	11178	
4	O-rings, 4.5 x 1.5 mm	10992	
4	Finishing Washers M6	11179	
1	Edge protection strip with end sleeves	---	

How to mount the screen on your motorbike:

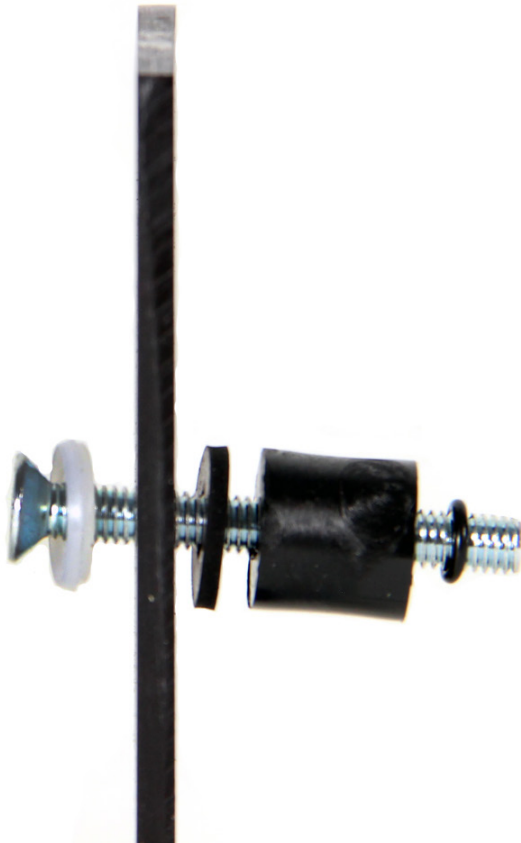

1. Stand your motorbike up on a level surface.
2. Remove the four Allen screws on the front plastics (P1).

Before you start, remember that you will need the two long (20 mm) spacers for the two upper fastening holes and the shorter (15 mm) spacers for the lower fastening holes.
3. Insert the screws supplied with the finishing washers through the two **upper** fastening holes on the MRA screen (P2). Place each finishing washer the right way up for the screw cap to click into place.
4. Place the 2 mm rubber washers, **20 mm** spacers and O rings onto the screws (P2).
5. Repeat for the **lower** fastening holes on the MRA screen using the **15 mm** spacers.
6. Position the MRA screen, turn the fastening screws in and tighten them up.
7. Finally, place the caps onto the finishing washers.
8. Mount the edge protection strip onto the screen as shown in P4. Slide the end sleeves over the end of the edge protector strip and gently squeeze the sleeves with a pair of pliers to secure the edge protector strip.

After installation, check that all of the screws are tight; tighten them up if necessary. Repeat this at regular intervals. Clean the screen with water, neutral soap and a sponge. Do not use solvents, alcohol or spirits to clean the screen as they will damage it.
