

MOUNTING SUGGESTIONS:

Harley-Davidson®
Softail Standard Rear Tire '00-15
(with stud plate) - Fender Bib

Note: Mustang recommends removal of the fender bib before installing a passenger seat. Mounting a passenger seat over a fender bib may result in damage to the bib, poor seat alignment or other problems.

Installation of Mustang fender bib:

1. Remove the seat from the motorcycle.
2. Position the fender bib on the fender. Align the two holes at the front of the bib over the stud plate.
3. Secure rear of fender bib to the fender with the stock rear screw.
4. Re-install the solo seat over the fender bib.

Enjoy the custom look of your new Mustang fender bib!

These steps are guidelines to help you install your new Mustang product.
