PHILIPS

Highlights

60% More light on the road

Light is a fundamental part of the driving experience and light is the first and only part of the safety circle that actually helps to prevent accidents. Philips VisionPlus headlights project an up to 80+ ft longer beam than a standard halogen bulb. Thanks to an earlier recognition of obstacles and traffic signs, VisionPlus allows you to react quicker. Philips VisionPlus is the performance choice for safety conscious drivers.

High quality and visibility

Our lighting solutions produce a powerful and precise beam of light with maximum output. Offering high performance and excellent value, VisionPlus is the right choice for today's demanding drivers.

Original Equipment quality

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern cars. Today, one in three cars worldwide is equipped with Philips lighting.

Replace in pairs

It is highly recommended to replace your headlight bulbs in pairs for symmetric light performance.
