# Highlights

## Unique robustness

Vision LED unique innovative design, provides high level unmatched robustness and vibration resistance for 12+ years lifespan. You will likely never have to replace your car lights again.

We are so confident about our Vision LED lights that we supply them with a Philips 12-year limited warranty.

## Light as Conventional bulbs

Vision LED light bulbs are the perfect replacement for your existing conventional incandescent bulbs. It provides a well-focused light beam on the road, assuring a safe replacement.

## Faster response time

In comparison to conventional light bulbs, Vision LED helps you to signal other road users even faster. When driving at a speed of 100 Km/hr, the benefit for the other road users could lead up to 8 meters extra anticipating distance.
