Information
OBDDII Compliant Converters

Professional Parts Sweden uses the exhaust catalyst technology designed to meet the new, more stringent, California OBDDII (On board Diagnostics) automotive aftermarket amissions regulations. This new catalyst is more cost-efficient and supports real-time electronic diagnostics of OBDD systems more effectively.

High Performance Converters

There is an increasing demand for wide-body or hi-flow catalytic converters for larger engined vehicles and performance vehicles. Our new wide-body converter satisfies this demand whilst still maintaining optimum emission performance, minimizing backpressure and thus enhancing performance.

- 1. Provided for Complete Coverage**
- 2. Constructed with Stainless Steel(T304) 0.3mm 2-Ply Bellows**
- 3. Designed with Seamless Convulged Inner Core to provent Leaks**
- 4. Available with or without Expandable Extensions**
- 5. The Braid Line Flexible Couplings Provide Liminar Flow while Retaining Flexibility in the Coupling Itself**
- 6. Ideal for Eliminating Exhaust System Noise**
- 7. The Flexible Couplings Are Engineered to Isolate Vibration Generated by the Engine**

Replacement guide for 83438800 S60I, S80I, V70II, XC70II & XC90

1) Open the old remote control cover.
Carefully saw the middle upper part
using a hacksaw where shown
in the picture (it is glued together)

2) Cut out the small chip from inside the lid.
Use caution, chip is very fragile.
Put chip into the new remote control cover,
close it and check that it works properly

3) See to that the key feather is properly
mounted for opening of the manual key.
Glue together chip and lid

4) You are now ready to start using
your new Proparts remote control cover!

Information OBDII Compliant Converters Professional Parts Sweden uses the exhaust catalyst technology designed to meet the new, more stringent, California OBDII (On board Diagnostics) automotive aftermarket emissions regulations. This new catalyst is more cost-efficient and supports real-time electronic diagnostics of OBD systems more effectively.					
High Performance Converters There is an increasing demand for wide-body or hi-flow catalytic converters for larger engined vehicles and performance vehicles. Our new wide-body converter satisfies this demand whilst still maintaining optimum emission performance, minimizing backpressure and thus enhancing performance.
