

WINDSHIELD ADAPTABLE TO SUZUKI B-KING

Ref.: 4630

ID.		DESCRIPTION	QTY.
1		Screen	1
2		Metal support	1
3		M6 well nut (supplied already mounted on the piece n°2)	4
4		M6x20 DIN 7991 allen screw	4
5		Ø20 plastic washer	4
6		M8x45 DIN 931 hexagonal screw	2
7		Arrowhead Ø inner 9 x Ø outer 13 x12	2
8		M8 nut cover	2
9		Ø8 metal washer	2

TIPS FOR A CORRECT WINDSCREEN ASSEMBLY

Due to storage and transport processes of the windscreens, which are subjected to positions and temperature changes out of our control, this may produce small deformations on the material causing some difficulties on the mounting process. It is recommended to:

- 1- Place the screws on one side without tighten all the way.
- 2- Stretch the windscreen to the other side (see Fig. 1). The flexibility of the material allows this stretch with no risk of breaking or cracking.
- 3- Place the screws without tightening all the way.
- 4- Tighten progressively all the screws.
